

The Honorable Mayor Edwin Lee
The Honorable Members of the Board of Supervisors
City and County of San Francisco, California

Independent Auditor's Report

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of City and County of San Francisco, California (City), as of and for the year ended June 30, 2010, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the San Francisco International Airport, San Francisco Water Enterprise, Hetch Hetchy Water and Power, San Francisco Municipal Transportation Agency, San Francisco Wastewater Enterprise, San Francisco Market Corporation, and the Health Service System, which collectively represent the following percentages of assets and deferred outflows, net assets/fund balances and revenues/additions as of and for the year ended June 30, 2010.

Opinion Unit	Assets and Deferred Outflows	Net Assets/ Fund Balances	Revenues/ Additions
Business-type activities	91%	84%	72%
Aggregate remaining fund information	1%	0%	10%

Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinions, insofar as they relate to the amounts included for those entities, are based solely on the reports of the other auditors. The prior year partial and summarized comparative information has been derived from the City's 2009 basic financial statements and, in our report dated December 23, 2009, we expressed unqualified opinions, based on our audit and the reports of other auditors, on the respective financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of the other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2010, and the respective changes in financial position, and cash flows, where applicable, thereof, and the respective budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 2(r) to the basic financial statements, effective July 1, 2009, the City adopted the provisions of Governmental Accounting Standards Board Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*.

The financial statements include partial or summarized prior year comparative information. Such prior year information does not include all of the information required to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the City's basic financial statements for the year ended June 30, 2009, from which such partial or summarized information was derived.

The management's discussion and analysis and schedules of funding progress listed in the accompanying table of contents are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We and the other auditors have applied certain limited procedures, which consisted of inquiries of management regarding the methods of measurement and the presentation of the required supplementary information. However, we and the other auditors did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining fund financial statements and schedules and statistical section are presented for purposes of additional analysis and are not a required part of the financial statements. The combining fund financial statements and schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, based on our audit and the reports of the other auditors, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.
