Moody's: Aa3 Standard & Poor's: AA Fitch: AA-(See "RATINGS" herein)

In the opinion of Jones Hall, A Professional Law Corporation, San Francisco, California, and Law Offices of Alexis S. M. Chiu, San Francisco, California, Co-Bond Counsel, subject, however to certain qualifications described herein, under existing law, the interest on the Bonds is excluded from gross income for federal income tax purposes and such interest is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations, although for the purpose of computing the alternative minimum tax imposed on certain corporations, such interest is taken into account in determining certain income and earnings. In the further opinion of Co-Bond Counsel, such interest is exempt from California personal income taxes. See "TAX MATTERS" herein.

\$21,930,000 CITY AND COUNTY OF SAN FRANCISCO General Obligation Refunding Bonds Series 2004-R1

Due: June 15, as shown below

Dated: Date of Delivery

This cover page contains certain information for general reference only. It is **not** intended to be a summary of the security for or the terms of the Bonds. Investors are advised to read the entire Official Statement to obtain information essential to the making of an informed investment decision.

The \$21,930,000 aggregate principal amount of City and County of San Francisco General Obligation Refunding Bonds, Series 2004-R1 (the "Bonds"), are being issued under the Charter of the City and County of San Francisco (the "City") and the Administrative Code of the City. The issuance of the Bonds has been authorized by Resolution No. 272-04, adopted by the Board of Supervisors of the City (the "Board") on May 11, 2004, and duly approved by the Mayor of the City on May 13, 2004. See "THE BONDS — Authority for Issuance; Purpose." The proceeds of the Bonds will be used to refund all or a portion of certain outstanding general obligation bonds of the City as described herein and to pay for certain costs related to the issuance of the Bonds. See "PLAN OF REFUNDING." The Bonds will be issued in accordance with the terms and conditions of a Declaration of Trust to be executed by the Treasurer of the City.

The Bonds will be issued only as fully registered bonds without coupons and when issued will be registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"). Individual purchases of the Bonds will be made in book-entry form only, in denominations of \$5,000 or any integral multiple thereof. Payments of principal of and interest on the Bonds will be made by the Treasurer of the City, as paying agent, to DTC, which in turn is required to remit such principal and interest to the DTC Participants for subsequent disbursement to the Beneficial Owners of the Bonds. See "APPENDIX E — DTC and the Book-Entry Only System." The Bonds will be dated and bear interest from their date of delivery. Interest on the Bonds will be payable semiannually on June 15 and December 15 of each year, commencing December 15, 2004. **The Bonds will be subject to redemption prior to their respective stated maturities as described herein. See "THE BONDS — Redemption Provisions."**

The Bonds represent the general obligation of the City. The Board has the power and is obligated to levy *ad valorem* taxes upon all property within the City subject to taxation by the City without limitation as to rate or amount (except certain property which is taxable at limited rates) for the payment of the Bonds and the interest thereon.

MATURITY SCHEDULE

(Base CUSIP[†] Number: 797645)

Maturity Date (June 15)	Principal Amount	Interest Rate	Price or Yield	CUSIP [†] Suffix
2005	\$2,700,000	3.000%	1.500%	4E5
2006	9,870,000	3.000	2.000	4F2
2007	5,565,000	3.000	2.500	4G0
2014	3,795,000	4.000	4.000	4H8

The Bonds are offered when, as and if issued by the City and accepted by the initial purchasers, subject to the approval of legality by Jones Hall, A Professional Law Corporation, San Francisco, California, and Law Offices of Alexis S. M. Chiu, San Francisco, California, Co-Bond Counsel, with respect to the Bonds and certain other conditions. Certain legal matters will be passed upon for the City by its City Attorney. It is expected that the Bonds in bookentry form will be available for delivery through the facilities of DTC in New York, New York, on or about June 16, 2004.

Dated: May 26, 2004

No dealer, broker, salesperson or other person has been authorized by the City to give any information or to make any representation other than those contained herein and, if given or made, such other information or representation must not be relied upon as having been authorized by the City. This Official Statement does not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of the Bonds, by any person in any jurisdiction in which it is unlawful for such person to make such an offer, solicitation or sale.

This Official Statement is not to be construed as a contract with the purchaser or purchasers of the Bonds. Statements contained in this Official Statement which involve estimates, forecasts or matters of opinion, whether or not expressly so described herein, are intended solely as such and are not to be construed as representations of facts.

The information set forth herein other than that provided by the City, although obtained from sources which are believed to be reliable, is not guaranteed as to accuracy or completeness. The information and expressions of opinion herein are subject to change without notice and neither delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the City since the date hereof.

This Official Statement contains forecasts, projections, estimates and other forward-looking statements that are based on current expectations. The words "expects," "forecasts," "projects," "intends," "anticipates," "estimates," "assumes" and analogous expressions are intended to identify forward-looking statements. Such forward-looking statements include, but are not limited to, statements contained in "APPENDIX A—CITY AND COUNTY OF SAN FRANCISCO—ORGANIZATION AND FINANCES" and "APPENDIX B—CITY AND COUNTY OF SAN FRANCISCO—ECONOMY AND GENERAL INFORMATION." The achievement of certain results or other expectations or performance contained in such forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause actual results, performance or achievements described to be materially different from any future results, performance or achievements described or implied by such forward-looking statements. Such forward-looking statements inherently are subject to a variety of risks and uncertainties that could cause actual results, performance or achievements to differ materially from those that have been forecast, estimated or projected. These forward-looking statements speak only as of the date of this Official Statement. The City disclaims any obligation or undertaking to release publicly any updates or revisions to any forward-looking statement contained herein to reflect any changes in the City's expectations with regard thereto or any change in events, conditions or circumstances on which any such statement is based.

The issuance and sale of the Bonds have not been registered under the Securities Act of 1933 in reliance upon the exemption provided thereunder by Section $3(a)^2$ for the issuance and sale of municipal securities.

The City has deemed this Official Statement final for purposes of Rule 15c2-12 promulgated under the Securities Exchange Act of 1934, as amended.

IN CONNECTION WITH THE OFFERING OF THE BONDS, THE UNDERWRITERS MAY OVERALLOT OR EFFECT TRANSACTIONS WHICH STABILIZE OR MAINTAIN THE MARKET PRICE OF THE BONDS AT LEVELS ABOVE THAT WHICH MIGHT OTHERWISE PREVAIL IN THE OPEN MARKET. SUCH STABILIZING, IF COMMENCED, MAY BE DISCONTINUED AT ANY TIME.

Banc of America Securities LLC (the "Underwriter") has provided the following sentence for inclusion in this Official Statement. The Underwriter has reviewed the information in this Official Statement in accordance with, and as part of, its responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriter does not guarantee the accuracy or completeness of such information.

City and County of San Francisco General Obligation Refunding Bonds Series 2004-R1

INTRODUCTION

This Official Statement, including the cover page and the appendices hereto, is provided to furnish information in connection with the offering by the City and County of San Francisco (the "City") of its \$21,930,000 aggregate principal amount of City and County of San Francisco General Obligation Refunding Bonds, Series 2004-R1 (the "Bonds"). The Bonds represent the general obligation of the City. The Board of Supervisors of the City (the "Board") has the power and is obligated to levy *ad valorem* taxes without limitation as to rate or amount upon all property subject to taxation by the City (except certain property which is taxable at limited rates) for the payment of the principal of and interest on the Bonds. See "CONSTITUTIONAL AND STATUTORY LIMITATIONS ON TAXES AND EXPENDITURES" herein. For information on the City's tax base, tax collection system and property tax revenues, see "SECURITY FOR THE BONDS" and "APPENDIX A—CITY AND COUNTY OF SAN FRANCISCO—ORGANIZATION AND FINANCES."

THE BONDS

Authority for Issuance; Purpose

The Bonds are issued under the Charter of the City (the "Charter") and the Administrative Code of the City. The City authorized the issuance of the Bonds in Resolution No. 272-04, adopted by the Board on May 11, 2004, and approved by the Mayor of the City (the "Mayor") on May 13, 2004 (the "Resolution"). The Bonds will be issued in accordance with the terms and conditions of a Declaration of Trust of the Treasurer of the City (the "Treasurer"), dated as of June 1, 2004 (the "Declaration of Trust").

The Bonds are being issued to refund all or a portion of certain outstanding general obligation bonds of the City in order to reduce overall debt service payments of the City, and to pay certain costs associated with the issuance of the Bonds. See "PLAN OF REFUNDING."

Description of the Bonds

The Bonds are issued in the principal amounts set forth on the front cover hereof, in the denomination of \$5,000 each or any integral multiple thereof, and will be dated and bear interest from their date of delivery. The Bonds are issued as fully registered bonds, without coupons, with interest payable on each June 15 and December 15 in each year, commencing December 15, 2004. The Treasurer will act as paying agent and registrar for the Bonds. Payments of principal of and interest on the Bonds will be made by the Treasurer, as paying agent, to the registered owners whose names appear on the bond registration books of the Treasurer as of the close of business on the last day of the month immediately preceding each interest payment date (the "Record Date"), whether or not such day is a business day. The Bonds will be initially registered in the name of Cede & Co. as registered owner and nominee for The Depository Trust Company ("DTC"), New York, New York, which is required to remit payments of principal and interest to the DTC Participants for subsequent disbursement to the beneficial owners of the Bonds. See "APPENDIX E–DTC AND THE BOOK–ENTRY ONLY SYSTEM."

Redemption Provisions

Optional Redemption

The Bonds maturing on or before June 15, 2012 will not be subject to redemption prior to their respective stated maturities. Bonds maturing on and after June 15, 2013, are subject to optional redemption prior to their respective stated maturities, at the option of the City, from any source of available funds, as a whole or in part on any date (with the maturities to be redeemed to be determined by the City and by lot within a maturity), on or after June 15, 2012, at the following redemption prices (each expressed as percentages of the principal amount of Bonds to be redeemed), together with accrued interest to the date fixed for redemption.

Redemption Period (both dates inclusive)	Optional <u>Redemption Price</u>
June 15, 2012 through June 14, 2013	102%
June 15, 2013 through June 14, 2014	101%
June 15, 2014*	100%

* Final Maturity

Optional redemption of Bonds and notice thereof may be rescinded under certain circumstances. See "Conditional Notice; Right to Rescind Notice of Optional Redemption" herein.

Selection of Bonds for Redemption

Whenever less than all the outstanding Bonds maturing on any one date are called for redemption on any one date, the Treasurer will select the Bonds or portions thereof, in denominations of \$5,000 or any integral multiple thereof, to be redeemed from the outstanding Bonds maturing on such date not previously selected for redemption, by lot, in any manner which the Treasurer deems fair.

Notice of Redemption

So long as DTC or its nominee is the registered owner of the Bonds, the City will mail notice of redemption to DTC not less than 30 days and not more than 60 days prior to any redemption date. If for any reason DTC or any other securities depository will not be engaged by the City with respect to some or all of the Bonds so called for redemption, the Treasurer, or any agent appointed by the Treasurer, will give notice of any redemption of the Bonds by mail, postage prepaid, to the respective registered owners thereof at the addresses appearing on the bond registration books not less than 30 and not more than 60 days prior to any redemption date. See "APPENDIX E–DTC AND THE BOOK-ENTRY ONLY SYSTEM."

The actual receipt by the registered owner of any Bond of such notice of redemption will not be a condition precedent to redemption of such Bond, and failure to receive such notice, or any defect in such notice, will not affect the validity of the proceedings for the redemption of such Bond or the cessation of the accrual of interest on such Bond on the redemption date.

Conditional Notice; Right to Rescind Notice of Optional Redemption

The City may provide a conditional notice of redemption and may rescind any optional redemption by causing written notice of the rescission to be given to the owners of the Bonds so called for redemption

prior to the date fixed for redemption. Notice of rescission of redemption will be given in the same manner in which notice of redemption was originally given. The actual receipt by the owner of any Bond of notice of such rescission will not be a condition precedent to rescission, and failure to receive such notice or any defect in such notice will not affect the validity of the rescission.

Defeasance

Payment of all or any portion of the Bonds may be provided for prior to their respective stated maturities by irrevocably depositing in an irrevocable escrow with the Treasurer (or any commercial bank or trust company designated by the Treasurer to act as escrow agent with respect thereto): (a) an amount of cash which together with amounts then on deposit in the Bond Account created under the Declaration of Trust (the "Bond Account") is sufficient, without reinvestment, to pay and discharge all of such Bonds (including all principal, interest and premium, if any) at or before their stated maturity, provided that in the case of Bonds which are to be redeemed prior to their respective stated maturities, notice of such redemption will have been given as provided in the applicable provisions of the Declaration of Trust or an irrevocable election to give such notice has been made by the City; or (b) Defeasance Obligations (as herein defined) not subject to call, except as provided in the definition thereof as described below, maturing and paying interest at such times and in such amounts, together with cash, if required, as will, without reinvestment, as certified by an independent certified public accountant, be fully sufficient to pay the principal and all unpaid interest to maturity, or to the redemption date, as the case may be, and any premium due on the Bonds to be paid or redeemed, as such principal and interest come due; provided, that, in the case of the Bonds which are to be redeemed prior to maturity, notice of such redemption will have been given as provided in the applicable provisions of the Declaration of Trust or an irrevocable election to give such notice has been made by the City; then, notwithstanding that any of such Bonds will not have been surrendered for payment, all obligations of the City with respect to such Bonds will cease and terminate, except only the obligation of the City to pay or cause to be paid from the funds deposited pursuant to the provisions of the Declaration of Trust described in subparagraphs (a) and (b) above, to the owners of said Bonds not so surrendered and paid all sums due with respect thereto; provided, that the City will have received an opinion of bond counsel to the effect that said Bonds have been defeased.

For purpose of the above-described provisions of the Declaration of Trust, "Defeasance Obligations" means direct obligations of the United States of America (including obligations issued or held in bookentry form on the books of the Department of the Treasury) or evidence of ownership in a portion thereof (which may consist of specified portions of interest thereon and obligations of the Resolution Funding Corporation which constitute interest strips) if held by a custodian on behalf of the Treasurer or obligations the principal of and interest on which are unconditionally guaranteed by the United States of America, and "pre-refunded" municipal obligations rated in the highest rating category by Moody's and S&P or any security issued by an agency or instrumentality of the United States of America which is selected by the Director of Public Finance that results in escrow fund being rated AAA by S&P and Aaa by Moody's at the time of initial deposit to the escrow fund and upon any substitutions or subsequent deposit to the escrow fund.

PLAN OF REFUNDING

Pursuant to the Resolution, the City has authorization to issue not to exceed \$800,000,000 aggregate principal amount of general obligation refunding bonds. As of May 1, 2004, the City had \$910,865,000 in outstanding aggregate principal amount of general obligation bonds ("Outstanding General Obligation Bonds"), all of which were issued pursuant to voter authorizations and bond resolutions or ordinances passed by the Board. Pursuant to the issuance of the Bonds, the City will refund \$21,525,000 Outstanding General Obligation Bonds (the "Refunded Bonds"). Following the issuance of the Bonds,

the total amount of Outstanding General Obligation Bonds will be \$844,750,000. The specific bond issues expected to be refunded consist of the bonds specified in the table set forth below.

Description of Refunded Bonds	Issuance <u>Date</u>	Original Principal <u>Amount</u>	Maturities to be <u>Refunded</u>	Amount to be <u>Refunded</u>	Amount Remaining <u>Outstanding</u> *
Series 1995 A and B					
(Public Safety Improvement Projects, 1990), Series 1995A	08/09/95	\$18,480,000	2005, 2006, 2007, 2014	\$4,560,000	\$0
(Golden Gate Park Improvements, 1992), Series 1995B	08/09/95	26,000,000	2005, 2006, 2007, 2014	6,775,000	0
Series 1996 A					
Series 1996A, City Hall Improvement Project	03/28/96	63,590,000	2006, 2007	6,055,000	2,810,000
Series 1996 B. C. D and E					
(Public Safety Improvement Projects, 1989), Series 1996B	07/18/96	7,645,000	2006	355,000	335,000
(Fire Department Facilities Project, 1992), Series 1996C	07/18/96	14,285,000	2006	660,000	630,000
(School District Facilities Improvements, 1994), Series 1996D	07/18/96	42,300,000	2006	1,960,000	1,860,000
(Asian Art Museum Relocation Project), Series 1996E	07/18/96	25,000,000	2006	1,160,000	1,100,000
Total		\$197,300,000		\$21,525,000	\$6,735,000

*Total amount of series of bonds, of which the Refunded Bonds are a part, that would remain outstanding after issuance of the Bonds.

Upon the issuance and delivery of the Bonds, the net proceeds thereof, together with certain other funds, will be applied to purchase certain direct obligations of the United States of America (the "Escrow Securities"). These Escrow Securities will be deposited into an escrow account to be held by the Treasurer. The Treasurer will apply the principal of and interest on the Escrow Securities together with any other funds held by the Treasurer, to the redemption of the respective Refunded Bonds on June 25, 2004, at a price equal to the principal, redemption premium, and interest due on the respective Refunded Bonds to the specified redemption dates.

For information on mathematical verification of the sufficiency of the scheduled payments with respect to the Escrow Securities and other funds held in the escrow account to make such payments, see "VERIFICATION OF MATHEMATICAL COMPUTATIONS" herein. The Escrow Securities and other amounts held in the escrow account will be irrevocably pledged to pay the principal, redemption premium, and interest due on the Refunded Bonds.

SOURCES AND USES OF FUNDS

The following are the estimated sources and uses of funds in connection with the Bonds:

Sources	
Principal Amount of Bonds	\$21,930,000.00
Original Issue Premium/(Discount)	312,058.35
TOTAL SOURCES OF FUNDS	\$22,242,058.35
Uses	
Deposit to Refunding Escrow	\$21,870,622.15
Underwriter's Discount	109,337.49
Cost of Issuance ⁽¹⁾	262,098.71
TOTAL USES OF FUNDS	\$22,242,058.35

(1) Includes fees for services of rating agencies, Co-Financial Advisors and Co-Bond Counsel, costs of the City, printer and other miscellaneous costs associated with the issuance of the Bonds.

DEBT SERVICE SCHEDULE

Debt service payable with respect to the Bonds is as follows:

City and County of San Francisco General Obligation Refunding Bonds, Series 2004-R1

SECURITY FOR THE BONDS

General

The Bonds represent the general obligation of the City. The Board has the power and is obligated to levy *ad valorem* taxes without limitation as to rate or amount upon all property subject to taxation by the City (except certain property which is taxable at limited rates) in an amount sufficient for the payment of the principal of and interest on the Bonds. At the option of the Board, other available funds of the City not restricted by law to specific uses may be used to pay debt service on the Bonds.

The annual tax rate will be based on the assessed value of taxable property in the City and the scheduled debt service on the Bonds in each year. Fluctuations in the annual debt service on the Bonds and the assessed value of taxable property in the City may cause the annual tax rate for the Bonds to fluctuate. Economic and other factors beyond the City's control, such as a general market decline in land values, reclassification of property to a class exempt from taxation, whether by ownership or use (such as exemptions for property owned by State and local agencies and property used for qualified educational, hospital, charitable or religious purposes), or the complete or partial destruction of taxable property caused by natural or manmade disaster, including, without limitation, earthquake, flood, toxic dumping, and similar events or occurrences, could cause a reduction in the assessed value of taxable property within the City and necessitate a corresponding increase in the annual tax rate. See "APPENDIX A–CITY AND COUNTY OF SAN FRANCISCO–ORGANIZATION AND FINANCES–Assessed Valuations, Tax Rates and Tax Delinquencies" for information on the City's tax base, tax collection system, and property tax revenues.

For a discussion of the City's overall organization, finances and economic information, see, generally "APPENDIX A–CITY AND COUNTY OF SAN FRANCISCO–ORGANIZATION AND FINANCES" and "APPENDIX B–CITY AND COUNTY OF SAN FRANCISCO–ECONOMY AND GENERAL INFORMATION."

Taxation of State-Assessed Utility Property

A portion of the City's total net assessed valuation consists of utility property subject to assessment by the State Board of Equalization (the "SBE"). See Table A-5 "Principal Property Taxpayers—Fiscal Year Ending June 30, 2004", set forth in "APPENDIX A–CITY AND COUNTY OF SAN FRANCISCO–ORGANIZATION AND FINANCES." State-assessed property, or "unitary property," is property of a utility system with components located in many taxing jurisdictions assessed as part of a "going concern" rather than as individual parcels of real or personal property. Unitary and certain other State-assessed property is allocated to the counties by the SBE, taxed at special county-wide rates, and the tax revenues distributed to taxing jurisdictions (including the City itself) according to statutory formulae generally based on the distribution of taxes in the prior year.

Ongoing changes in the California electric utility industry structure and in the way in which components of the industry are owned and regulated, including the sale of electric generation assets to largely unregulated, non-utility companies, may affect how utility assets are assessed in the future, and which local agencies are to receive the property taxes. The City is unable to predict the impact of these changes on its utility property tax revenues, or whether legislation may be proposed or adopted in response to industry restructuring, or whether any future litigation may affect ownership of utility assets, or the State's methods of assessing utility property and the allocation of assessed value to local taxing agencies, including the City.

On April 6, 2001, Pacific Gas & Electric Company ("PG&E") filed for voluntary protection under Chapter 11 of the federal Bankruptcy Code. PG&E is one of the largest taxpayers in the City with 0.92% of the total fiscal year 2003-04 assessed property values; however, since filing for bankruptcy protection, PG&E has continued to pay all taxes and franchise fees as they have come due. PG&E filed with the United States Bankruptcy Court a statement that all conditions to effectiveness of its plan of reorganization had been satisfied, and on April 13, 2004 filed a notice to advise creditors that the reorganization plan has become effective. The City continues to have a claim against PG&E totaling approximately \$10 million. PG&E has also filed suit against the City for \$19.5 million. Under its confirmed plan of reorganization, PG&E will pay in full or otherwise satisfy undisputed claims of creditors on the effective date or as soon as practicable thereafter. See "APPENDIX A—CITY AND COUNTY OF SAN FRANCISCO—ORGANIZATION AND FINANCES—Assessed Valuations, Tax Rates and Tax Delinquencies" and Table A-5, captioned "CITY AND COUNTY OF SAN FRANCISCO—Principal Property Taxpayers—Fiscal Year Ending June 30, 2004," set forth therein.

Outstanding Indebtedness

Issuance of general obligation bonds of the City is limited under Section 9.106 of the City Charter to 3% of the assessed value of all real and personal property within the City's boundaries which is subject to City taxes. Pursuant to this provision of the Charter, the City's general obligation debt limit for Fiscal Year 2003-04 is \$2,944,358,040, based on a net assessed valuation of \$98,145,268,023. As of May 1, 2004, the City had outstanding \$910,865,000 aggregate principal amount of general obligation bonds, which equals .93% of the net assessed valuation for fiscal year 2003-04. Of that amount, \$800,000 is to be repaid from enterprise revenues and is not carried on the City's property tax roll. As of May 1, 2004, the City had voter approval to issue up to \$872,060,000 in aggregate principal amount of new general obligation bonds. See "APPENDIX A–CITY AND COUNTY OF SAN FRANCISCO–ORGANIZATION AND FINANCES–Statement of Direct and Overlapping Bonded Debt" and "–Tax Supported Debt Service."

The City has also entered into a number of long-term lease obligations secured by revenues of the General Fund with respect to outstanding lease revenue bonds and certificates of participation. As of May 1, 2004, the aggregate amount of principal payments and the total amount of payments due on outstanding lease obligations through fiscal year 2033-34 was \$826,921,625 and \$1,255,904,029, respectively. See "APPENDIX A–CITY AND COUNTY OF SAN FRANCISCO–ORGANIZATION AND FINANCES–Statement of Direct and Overlapping Bonded Debt" and "–Lease Payments and Other Long-Term Obligations."

CONSTITUTIONAL AND STATUTORY LIMITATIONS ON TAXES AND EXPENDITURES

Several constitutional and statutory limitations on taxes, revenues and expenditures exist under State law which limits the ability of the City to impose and increase taxes and other revenue sources and to spend such revenues, and which, under certain circumstances, would permit existing revenue sources of the City to be reduced by vote of the City electorate. While not affecting the City's general obligation bonds, these constitutional and statutory limitations, and future limitations, if enacted, could potentially have an adverse impact on the City's general finances and its ability to raise revenue, or maintain existing revenue sources, in the future. A summary of the currently effective limitations is set forth below.

Article XIII A of the California Constitution

Article XIII A of the California Constitution, known as Proposition 13, was approved by the California voters in June of 1978. It limits the amount of ad valorem tax on real property to 1% of "full cash value." Article XIII A defines "full cash value" to mean the county assessor's valuation of real property as shown on the 1975-76 tax bill under "full cash value," or thereafter, the appraised value of real property when "purchased, newly constructed or a change in ownership has occurred" (as such terms are used in Article XIII A) after the 1975 assessment. Furthermore, all real property valuation may be increased to reflect the inflation rate, as shown by the consumer price index or comparable data, in an amount not to exceed 2% per year, or may be reduced in the event of declining property values caused by damage, destruction or other factors. Article XIII A provides that the 1% limitation does not apply to ad valorem taxes to pay interest or redemption charges on (1) indebtedness approved by the voters prior to July 1, 1978, (2) any bonded indebtedness for the acquisition or improvement of real property approved on or after July 1, 1978, by two-thirds of the votes cast by the voters voting on the proposition, or (3) bonded indebtedness incurred by a school district, community college district or county office of education for the construction, reconstruction, rehabilitation or replacement of school facilities or the acquisition or lease of real property for school facilities, approved by 55% of the voters of the district voting on the proposition, but only if certain accountability measures are included in the proposition.

Section 51 of the Revenue and Taxation Code permits county assessors who have reduced the assessed valuation of a property as a result of natural disasters, economic downturns or other factors, to subsequently "recapture" such value (up to the pre-decline value of the property) at an annual rate higher than 2%, depending on the assessor's measure of the restoration of value of the damaged property. The constitutionality of this procedure was challenged in a lawsuit brought in the Orange County Superior Court entitled County of Orange v. Orange County Assessment Appeals Board No. 3 (Case No. 00CC03385 in files of that court) and in similar lawsuits brought in other counties, on the basis that the decrease in assessed value creates a new "base year value" for purposes of Proposition 13 and that subsequent increases in the assessed value of a property by more than 2% in a single year violate Article XIII A. In 2001, the Orange County Superior Court issued an order declaring the recapture practice to be unconstitutional as applied to the taxpayers in that case. In December 2002, the Superior Court certified the case as a class action, affecting all Orange County taxpayers subject to assessment recapture. The court's final judgment in favor of the taxpayers was released April 18, 2003. Orange County filed an appeal to the California Court of Appeal, and the Court of Appeal, on March 26, 2004, reversed the decision of the Orange County Superior Court. An appeal of the decision of the Court of Appeal has been filed with the California Supreme Court. However, the California Supreme Court has not yet determined whether or not it will consider the appeal. The City is unable to predict the final outcome of this litigation and what effect, if any, it might have on assessed values in the City and on the City's property tax revenues. However, even if these cases were finally decided in a manner to cause a reduction in the aggregate assessed values of taxable property in the City, the City has the power and obligation to raise the rate of *ad valorem* taxes to generate revenues sufficient for the payment of principal of and interest on the Bonds.

Since its adoption, Article XIII A has been amended a number of times. These amendments have created a number of exceptions to the requirement that property be assessed when "purchased, newly constructed or a change in ownership has occurred." These exceptions include certain transfers of real property between family members, certain purchases of replacement dwellings for persons over age 55 and by property owners whose original property has been destroyed in a declared disaster and certain improvements to accommodate disabled persons and for seismic upgrades to property. These amendments have resulted in marginal reductions in the property tax revenues of the City.

Both the California State Supreme Court and the United States Supreme Court have upheld the validity of Article XIII A.

Article XIII B of the California Constitution

Article XIII B of the California Constitution limits the annual appropriations from the proceeds of taxes of the State and any city, county, school district, authority or other political subdivision of the State to the level of appropriations for the prior fiscal year, as adjusted for changes in the cost of living, population and certain services rendered by the governmental entity. However, no limit is imposed on the appropriation of local revenues and taxes to pay debt service on bonds existing or authorized by January 1, 1979, or subsequently authorized by the voters. Article XIII B includes a requirement that if an entity's revenues in any year exceed the amount permitted to be spent, the excess would have to be returned by revising tax or fee schedules over the next two years.

See "APPENDIX C-EXCERPTS FROM COMPREHENSIVE ANNUAL FINANCIAL REPORT OF THE CITY AND COUNTY OF SAN FRANCISCO FOR THE YEAR ENDED JUNE 30, 2003" for information on the City's appropriations limit.

Articles XIII C and XIII D of the California Constitution

Proposition 218, approved by the voters of the State in 1996, added Articles XIII C and XIII D to the State Constitution, which affect the ability of local governments, including charter cities such as the City, to levy and collect both existing and future taxes, assessments, fees and charges. Proposition 218 does not affect the levy and collection of taxes on voter-approved debt (such as the debt that will be evidenced by the Bonds) once such debt has been approved by the voters. However, Proposition 218 affects the City's finances in other ways. Article XIII C requires that all new local taxes be submitted to the electorate for approval before such taxes become effective. Under Proposition 218, the City can only continue to collect taxes that were imposed after January 1, 1995 if voters subsequently approved such taxes by November 6, 1998. All of the City's local taxes subject to such approval either have been reauthorized in accordance with Proposition 218 or discontinued. The voter approval requirements of Article XIII C reduce the City's flexibility to manage fiscal problems through new, extended or increased taxes. No assurance can be given that the City will be able to raise taxes in the future to meet increased expenditure requirements.

In addition, Article XIII C addresses the initiative power in matters of local taxes, assessments, fees and charges. Pursuant to Article XIII C, the voters of the City could, by initiative, repeal, reduce or limit any existing or future local tax, assessment, fee or charge, subject to certain limitations imposed by the courts and additional limitations with respect to taxes levied to repay bonds. The City raises a substantial portion of its revenues from various local taxes which are not levied to repay bonded indebtedness and which could be reduced by initiative under Article XIII C. No assurance can be given that the voters of the City will not approve initiatives that repeal, reduce or prohibit the imposition or increase of local taxes, assessments, fees or charges. See "APPENDIX A–CITY AND COUNTY OF SAN FRANCISCO–ORGANIZATION AND FINANCES–Other City Tax Revenues" for a discussion of other City taxes that could be affected by Proposition 218.

With respect to the City's general obligation bonds, the State Constitution and the laws of the State impose a duty on the Board to levy a property tax sufficient to pay debt service coming due in each year; the initiative power cannot be used to reduce or repeal the authority and obligation to levy such taxes which are pledged as security for payment of the City's general obligation bonds or to otherwise interfere with performance of the duty of the City with respect to such taxes which are pledged as security for payment of the State constraints which are pledged as security for the City with respect to such taxes which are pledged as security for payment of those bonds.

Article XIII D contains several provisions making it generally more difficult for local agencies, such as the City, to levy and maintain "assessments" for local services and programs. "Assessment" is defined to mean any levy or charge upon real property for a special benefit conferred upon real property, and expressly includes standby charges. Article XIII D also includes new provisions affecting "fees" and "charges," defined for purposes of Article XIII D to mean "any levy other than an ad valorem tax, a special tax, or an assessment, imposed by an agency upon a parcel or upon a person as an incident of property ownership, including a user fee or charge for a property related service." All new and existing property related fees and charges must conform to specific requirements and prohibitions set forth in Article XIII D. Further, before any property related fee or charge may be imposed or increased, written notice must be given to the record owner of each parcel of land affected by such fee or charge. The City must then hold a hearing upon the proposed imposition or increase, and if written protests against the proposal are presented by a majority of the owners of the identified parcels, the City may not impose or increase the fee or charge. In tabulating the ballots, the ballots are weighted according to the proportional financial obligation of the affected property. Moreover, except for fees or charges for sewer, water and refuse collection services (or fees for electrical and gas service, which are not treated as "property related" for purposes of Article XIII D), no property related fee or charge may be imposed or increased without majority approval by the property owners subject to the fee or charge, or, at the option of the local agency, two-thirds voter approval by the electorate residing in the affected area.

The City cannot predict the future impact of Proposition 218 on the finances of the City, and no assurance can be given that Proposition 218 will not have a material adverse impact on the City's revenues. The interpretation and application of Proposition 218 will ultimately be determined by the courts with respect to a number of the matters discussed above, and it is not possible at this time to predict with certainty the outcome of such determination.

Statutory Limitations

On November 4, 1986, California voters adopted Proposition 62, an initiative statute that, among other matters, requires (i) that any new or increased general purpose tax be approved by a two-thirds vote of the local governmental entity's legislative body and by a majority vote of the voters, and (ii) that any new or increased special purpose tax be approved by a two-thirds vote of the voters.

Following the adoption of Proposition 62, some courts held that the voter approval requirement for local taxes was unlawful. In *Santa Clara County Local Transportation Authority* v. *Guardino*, 11 Cal. 4th 220 (1995) (the "*Santa Clara* decision"), the California Supreme Court overruled these decisions. The Court upheld a Court of Appeal decision invalidating a one-half cent countywide sales tax for transportation purposes levied by a local transportation authority. The Supreme Court based its decision on the failure of the authority to obtain a two-thirds vote for the levy of a "special tax" as required by Proposition 62. The *Santa Clara* decision did not address the question of whether it should be applied retroactively. In *McBrearty v. City of Brawley* (1997) 59 Cal. App. 4th 1441, the Fourth District Court of Appeal concluded that the *Santa Clara* decision is to be applied retroactively to require voter approval of taxes enacted after the adoption of Proposition 62 but before the *Santa Clara* decision.

The *Santa Clara* decision also did not decide, and the California Supreme Court has not otherwise decided, whether Proposition 62 applies to charter cities. The City is a charter city. Cases decided by the California Court of Appeals have held that the voter approval requirements of Proposition 62 do not apply to certain taxes imposed by charter cities. See, *Fielder v. City of Los Angeles* (1993) 14 Cal. App. 4th 137 and *Fisher v. County of Alameda* (1993) 20 Cal. App. 4th 120.

Proposition 62 as an initiative statute does not have the same level of authority as a constitutional initiative, but is analogous to legislation adopted by the State Legislature, except that it may be amended

only by a vote of the State's electorate. Since it is a statute, it is subordinate to the authority of charter cities, derived from the state constitution, to impose taxes. Proposition 218, however, incorporates the voter approval requirements initially imposed by Proposition 62 into the State Constitution. For a discussion of taxes affected by Proposition 218 see "Articles XIII C and XIII D of the California Constitution" above.

Even if a court were to conclude that Proposition 62 applies to charter cities, San Francisco's exposure would be insignificant. The effective date of Proposition 62 was November 1986. Proposition 62 contains provisions that apply to taxes imposed on or after August 1, 1985. Since August 1, 1985, the City has collected taxes on businesses, hotel occupancy, utility use, parking, property transfer, stadium admissions and vehicle rentals. Only the hotel and stadium admissions taxes have been increased since that date. The increases in these taxes were ratified by the voters on November 3, 1998 pursuant to a requirement in Proposition 218. With the exception of the vehicle rental tax, the City continues to collect all of the taxes listed above. Since these remaining taxes were adopted prior to August 1, 1985, and have not been increased, these taxes would not be subject to Proposition 62 even if Proposition 62 applied to a charter city. See APPENDIX A—"CITY AND COUNTY OF SAN FRANCISCO—ORGANIZATION AND FINANCES—Other City Tax Revenues." No court decision regarding the applicability of Proposition 62 to the City would impact the City's obligation to levy *ad valorem* property taxes to pay debt service on the Bonds.

Future Initiatives

Articles XIII A, XIII B, XIII C and XIII D and Proposition 62 were each adopted as measures that qualified for the ballot pursuant to the State's initiative process. From time to time, other initiative measures could be adopted, further affecting revenues of the City or the City's ability to expend revenues. The nature and impact of these measures cannot be anticipated by the City.

TAX MATTERS

In the opinion of Jones Hall, A Professional Law Corporation, San Francisco, California, and Law Offices of Alexis S. M. Chiu, San Francisco, California, ("Co-Bond Counsel"), subject, however to the qualifications set forth below, under existing law, the interest on the Bonds is excluded from gross income for federal income tax purposes and such interest is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations, provided, however, that, for the purpose of computing the alternative minimum tax imposed on corporations (as defined for federal income tax purposes), such interest is taken into account in determining certain income and earnings.

The opinions set forth in the preceding paragraph are subject to the condition that the City comply with all requirements of the Internal Revenue Code of 1986 (the "Code") that must be satisfied subsequent to the issuance of the Bonds in order that such interest be, or continue to be, excluded from gross income for federal income tax purposes. The City has covenanted to comply with each such requirement. Failure to comply with certain of such requirements may cause the inclusion of such interest in gross income for federal income tax purposes to be retroactive to the date of issuance of the Bonds.

If the initial offering price to the public (excluding bond houses and brokers) at which a Bond is sold is less than the amount payable at maturity thereof, then such difference constitutes "original issue discount" for purposes of federal income taxes and State of California personal income taxes. If the initial offering price to the public (excluding bond houses and brokers) at which each Bond is sold is greater than the amount payable at maturity thereof, then such difference constitutes "original issue premium" for purposes of federal income taxes and State of California personal income taxes. Deminimis original issue discount is disregarded. Under the Code, original issue discount is treated as interest excluded from federal gross income and exempt from State of California personal income taxes to the extent properly allocable to each owner thereof subject to the limitations described in the first paragraph of this section. The original issue discount accrues over the term to maturity of the Bond on the basis of a constant interest rate compounded on each interest or principal payment date (with straightline interpolations between compounding dates). The amount of original issue discount accruing during each period is added to the adjusted basis of such Bonds to determine taxable gain upon disposition (including sale, redemption, or payment on maturity) of such Bond. The Code contains certain provisions relating to the accrual of original issue discount in the case of purchasers of the Bonds who purchase the Bonds after the initial offering of a substantial amount of such maturity. Owners of Bonds with original issue discounts should consult their own tax advisors with respect to the tax consequences of ownership of Bonds with original issue discount, including the treatment of purchasers who do not purchase in the original offering, the allowance of a deduction for any loss on a sale or other disposition, and the treatment of accrued original issue discount on such Bonds under federal individual and corporate alternative minimum taxes.

Under the Code, original issue premium is amortized on an annual basis over the term of the Bond (said term being the shorter of the Bond's maturity date or its call date). The amount of original issue premium amortized each year reduces the adjusted basis of the owner of the Bond for purposes of determining taxable gain or loss upon disposition. The amount of original issue premium on a Bond is amortized each year over the term to maturity of the Bond on the basis of a constant interest rate compounded on each interest or principal payment date (with straightline interpolations between compounding dates). Amortized Bond premium is not deductible for federal income tax purposes. Owners of Premium Bonds, including purchasers who do not purchase in the original offering, should consult their own tax advisors with respect to State of California personal income tax and federal income tax consequences of owning such Bonds.

In the further opinion of Co-Bond Counsel, interest on the Bonds is exempt from California personal income taxes.

Owners of the Bonds should also be aware that the ownership or disposition of, or the accrual or receipt of interest on, the Bonds may have federal or state tax consequences other than as described above. Co-Bond Counsel express no opinion regarding any federal or state tax consequences arising with respect to the Bonds other than as expressly described above.

Co-Bond Counsel expect to deliver an opinion at the time of issuance of the Bonds in substantially the same form set forth in Appendix F hereto.

LEGAL OPINIONS

The validity of the Bonds and certain other legal matters are subject to the approving opinion of Jones Hall, A Professional Law Corporation, San Francisco, California, and Law Offices of Alexis S. M. Chiu, San Francisco, California, Co-Bond Counsel. A complete copy of the proposed form of Co-Bond Counsel opinion is contained in APPENDIX F hereto, and will be made available to the original purchasers of the Bonds at the time of the original delivery of the Bonds. Co-Bond Counsel undertake no responsibility for the accuracy, completeness or fairness of this Official Statement. Certain legal matters will be passed upon for the City by the City Attorney.

PROFESSIONALS INVOLVED IN THE OFFERING

Public Financial Management, Inc., San Francisco, California, and Sperry Capital Inc., Sausalito, California, have served as Co-Financial Advisors to the City with respect to the sale of the Bonds. The

Co-Financial Advisors have assisted the City in the review of this Official Statement and in other matters relating to the planning, structuring, and sale of the Bonds. The Co-Financial Advisors have not independently verified any of the data contained herein nor conducted a detailed investigation of the affairs of the City to determine the accuracy or completeness of this Official Statement and assume no responsibility for the accuracy or completeness of any of the information contained herein. The Co-Financial Advisors will receive compensation from the City contingent upon the sale and delivery of the Bonds. Co-Bond Counsel will also receive compensation from the City contingent upon the sale and delivery of the Bonds. The Treasurer of the City is acting as paying agent and registrar with respect to the Bonds.

ABSENCE OF LITIGATION

No litigation is pending or threatened concerning the validity of the Bonds, the ability of the City to levy the *ad valorem* tax required to pay debt service on the Bonds, the corporate existence of the City, or the entitlement to their respective offices of the officers of the City who will execute and deliver the Bonds and other documents and certificates in connection therewith. The City will furnish to the initial purchaser or purchasers of the Bonds a certificate of the City as to the foregoing as of the time of the original delivery of the Bonds.

CONTINUING DISCLOSURE

The City has covenanted for the benefit of the holders and beneficial owners of the Bonds to provide certain financial information and operating data relating to the City (the "Annual Report") not later than 270 days after the end of the City's fiscal year (which currently ends on June 30), commencing with the report for Fiscal Year 2003-04, which is due not later than March 27, 2005, and to provide notices of the occurrence of certain enumerated events, if material. The Annual Report will be filed by the City with each Nationally Recognized Municipal Securities Information Repository and the State Repository, if any. The notices of material events will be filed by the City with each Nationally Recognized Municipal Securities Rulemaking Board, and with the State Repository, if any. The specific nature of the information to be contained in the Annual Report or the notices of material events have been made in order to assist the purchasers in complying with Securities and Exchange Commission Rule 15c2-12(b)(5) (the "Rule"). The City has never failed to comply in all material respects with any previous undertakings with regard to the Rule to provide annual reports or notices of material events.

The City may, from time to time, but is not obligated to, post its Comprehensive Annual Financial Report and other financial information on the Controller's web site at www.sfgov.org/controller.

RATINGS

Moody's Investors Service ("Moody's"), Standard & Poor's Rating Services, ("S&P"), and Fitch Ratings ("Fitch") have assigned municipal bond ratings of "Aa3," "AA," and "AA-," respectively, to the Bonds. Certain information was supplied by the City to the rating agencies to be considered in evaluating the Bonds. The ratings reflect only the views of each rating agency, and any explanation of the significance of any rating may be obtained only from the respective credit rating agencies: Moody's, at 99 Church Street, New York, NY 10007, telephone: (212) 553-0882; S&P, at 55 Water Street, New York, NY 10041, telephone: (212) 208-1022; and Fitch, at One State Street Plaza, New York, NY 10004, telephone (212) 908-0500. No assurance can be given that any rating issued by a rating agency will be retained for any given period of time or that the same will not be revised or withdrawn entirely by such rating agency, if in its judgment circumstances so warrant. Any such revision or withdrawal of the ratings obtained may

have an adverse effect on the market price of the Bonds. The City undertakes no responsibility to oppose any such downward revision, suspension or withdrawal.

VERIFICATION OF MATHEMATICAL COMPUTATIONS

Upon delivery of the Bonds, Causey Demgen & Moore Inc., Denver, Colorado, independent certified public accountants (the "Verification Agent"), will deliver a report stating that it has reviewed and confirmed the mathematical accuracy of certain computations relating to the adequacy of the Escrow Securities and the interest thereon to pay, when due, the redemption price and interest on the Refunded Bonds on and prior to the specified redemption dates thereof, the yield on the Bonds and the yield of the Escrow Securities.

SALE OF THE BONDS

The Bonds were sold at competitive bid on May 26, 2004. The Bonds were awarded to Banc of America Securities LLC (the "Underwriter"), at a purchase price of \$22,132,720.86. The Official Notice of Sale provides that all Bonds will be purchased if any are purchased, the obligation to make such purchase being subject to certain terms and conditions set forth in the Official Notice of Sale, the approval of certain legal matters by Co-Bond Counsel, and certain other conditions. The Underwriter has represented to the City that the Bonds have been re-offered to the public at the prices or yields stated on the front cover hereof. Based on such representation, the Underwriter's compensation with respect to the Bonds is \$109,337.49.

MISCELLANEOUS

References made herein to certain documents, reports and laws are brief summaries thereof that do not purport to be complete or definitive, and the reader is referred to the complete contents of each such document, report and laws.

Any statements in this Official Statement involving matters of opinion, whether or not expressly so stated, are intended as such and not as representations of fact. This Official Statement is not to be construed as a contract or agreement between the City and the purchasers or Owners and Beneficial Owners of any of the Bonds. The preparation and distribution of this Official Statement have been authorized by the City.

The issuance and delivery of this Official Statement have been duly authorized by the Board of the City.

CITY AND COUNTY OF SAN FRANCISCO

By: <u>/s/Edward M. Harrington</u> Controller

APPENDIX A

CITY AND COUNTY OF SAN FRANCISCO ORGANIZATION AND FINANCES

Government and Organization

San Francisco is a city and county chartered pursuant to Article XI, Sections 3, 4, 5 and 6 of the Constitution of the State of California (the "State"), the only consolidated city and county in the State. San Francisco can exercise the powers of both a city and a county under State law. On April 15, 1850, several months before California became a state, the original charter was granted to the City and County of San Francisco (the "City"). Under its original charter, the City committed itself to a policy of municipal ownership of utilities. The Municipal Railway, when acquired from a private operator in 1912, was the first such city-owned public transit system in the nation. In 1914, the City obtained its municipal water system, including the Hetch Hetchy watershed near Yosemite. The San Francisco International Airport ("SFO"), although located fourteen miles south of downtown San Francisco in San Mateo County, is owned and operated by the City. In 1969, the City acquired the Port of San Francisco (the "Port") in trust from the State. Substantial expansions and improvements have been made to these enterprises since their respective dates of original acquisition.

In November 1995, San Francisco voters approved a new charter, which went into effect in most respects on July 1, 1996 (the "Charter"). As compared to the previous charter, the Charter generally expands the roles of the Mayor and the Board of Supervisors (the "Board") in setting policy and determining budgets, while reducing the authority of the various City commissions, which are composed of appointed citizens. Under the Charter, the Mayor's appointment of commissioners is subject to approval by a two-thirds vote of the Board. The Mayor appoints department heads from nominations submitted by the commissioners.

The City has an elected Board consisting of eleven members and an elected Mayor who serves as chief executive officer, each serving a four-year term. The City Attorney, Assessor-Recorder, District Attorney, Treasurer, Sheriff and Public Defender are also elected directly by the citizens. School functions are carried out by the San Francisco Unified School District and the San Francisco Community College District, each a separate legal entity with a separately elected governing board. The Charter provides a civil service system for City employees.

Gavin Newsom was elected the 42nd Mayor of San Francisco on December 9, 2003 and was sworn into office on January 8, 2004. Mayor Newsom had been elected to the San Francisco Board of Supervisors three times and served on the Board from 1997 until he became Mayor. Mayor Newsom grew up in the San Francisco Bay Area and graduated from Santa Clara University in 1989 with a Bachelor of Arts degree in Political Science. Prior to and during his tenure on the Board, Mayor Newsom was also a successful small business owner opening his first local business, the PlumpJack Wine Shop, in 1992. Over the years, Mayor Newsom expanded his business, creating over 700 jobs in San Francisco.

Matt Gonzalez, a former trial attorney in the Public Defender's Office, was elected to the Board in 2000 and was elected President of the Board by a majority of the Supervisors in January 2003. Tom Ammiano, former member of the Board of Education was elected to the Board in 1994 and re-elected in 1998 and 2000. The following Supervisors were elected in November 2000: Jake McGoldrick, a college English teacher; Aaron Peskin, president of an environmental non-profit organization; Chris Daly, an affordable housing organizer; Tony Hall, a City employee; Sophenia ("Sophie") Maxwell, an electrician; and Gerardo

Sandoval, a deputy public defender. Chris Daly and Sophie Maxwell were re-elected in November 2002. Bevan Dufty, a former Congressional aide and Neighborhood Services Director of the City, and Fiona Ma, a licensed certified public accountant, were elected to four-year terms on the Board on December 10, 2002. Michela Alioto-Pier was appointed to the Board of Supervisors in January 2004. She previously served on the San Francisco Port Commission.

Dennis J. Herrera, City Attorney, was elected to a four-year term on December 11, 2001 and assumed office on January 8, 2002. Before becoming City Attorney, Mr. Herrera was a partner in a private law firm and had served in the Clinton Administration as Chief of Staff of the U.S. Maritime Administration. He also served as president of the San Francisco Police Commission and was a member of the San Francisco Public Transportation Commission. Mr. Herrera received his law degree from George Washington University School of Law and became a member of the California Bar in 1989.

Edward M. Harrington serves as the City Controller. Mr. Harrington was appointed to a ten-year term as Controller in March 1991 by then-Mayor Art Agnos and was re-appointed to a new ten-year term in 2000, by then-Mayor Willie L. Brown, Jr. As Chief Fiscal Officer and Auditor, he monitors spending for all officers, departments and employees charged with receipt, collection or disbursement of City funds, including those in the \$4.8 billion annual budget. The Controller certifies the accuracy of budgets, receives and disburses funds, estimates the cost of ballot measures, provides payroll services for 29,000 employees and directs performance and financial audits of City activities. Before becoming Controller, Mr. Harrington had been the Assistant General Manager and Finance Director of the San Francisco Public Utilities Commission (the "PUC"). He was responsible for the financial activities for the Municipal Railway (public transit), Water Department and Hetch Hetchy Water and Power System. Mr. Harrington worked with the PUC from 1984 to 1991. From 1980 to 1984, Mr. Harrington was an auditor with KPMG Peat Marwick, specializing in government, non-profit and financial institution clients, and was responsible for the audit of the City and County of San Francisco. While working for KPMG, Mr. Harrington became a certified public accountant.

Susan Leal, City Treasurer, was elected on November 4, 1997. On November 6, 2001, she was re-elected to a second four-year term. Ms. Leal joined City government in 1993 when she was appointed to the Board of Supervisors by then-Mayor Frank M. Jordan. She was subsequently elected to a four-year term on the Board of Supervisors in November 1994. During her final year on the Board, Ms. Leal chaired the Finance Committee, which had jurisdiction over the City's budget and certain bond offerings. Prior to her work with the City, she served as counsel to a subcommittee of the U.S. House of Representatives Energy and Commerce Committee; senior consultant to the California Assembly's Committee on Ways and Means and vice president of a health care consulting group. Ms. Leal is a native of San Francisco, and earned a Bachelor of Arts degree in Economics and a Juris Doctorate from the University of California at Berkeley. Ms. Leal is a member of the California Debt and Investment Advisory Commission, a position she has held since September 1999 upon her appointment by State Treasurer Philip Angelides.

Mabel Teng was elected as the City's first Asian-American Assessor-Recorder, assuming office on January 8, 2003. Prior to becoming Assessor-Recorder, Ms. Teng was the first Asian-American woman elected to the Board, serving from 1994 to 2000. During her tenure on the Board, she chaired the Finance Committee, Rules Committee and Neighborhood Services and Housing Committee. In 1990, Ms. Teng was elected to the San Francisco City College Board of Member Trustees and was installed as the President of the Board. Until 1990, Ms. Teng was a tenured faculty member of City College of San Francisco and served as Director of Development and Planning at San Francisco State University.

Under the Charter, the City Administrator (formerly the Chief Administrative Officer) is a non-elective office appointed by the Mayor for a five-year term and confirmed by the Board. William L. Lee was appointed as Chief Administrative Officer by then-Mayor Frank M. Jordan on March 22, 1995. Pursuant to the Charter, on July 1, 1996, Mr. Lee succeeded to the position of City Administrator, for a five-year term from his initial appointment. On April 26, 2000, Mr. Lee was re-appointed by then-Mayor Willie L. Brown, Jr. Mr. Lee previously worked in the Department of Health and Human Services and the Department of Public Health. He has also worked for several Fortune 100 companies.

City Budget and Finances

General

The Controller's Office is responsible for processing all payroll, accounting and budget information for the City. All payments to City employees and to parties outside the City are processed and controlled by this office. An obligation to expend City funds cannot be incurred without a prior certification by the Controller that sufficient revenues are or will be available in the current fiscal year to meet such obligation as it becomes due. The Controller monitors revenues throughout the fiscal year, and if actual revenues are less than estimated, the Controller may freeze department appropriations or place departments on spending "allotments" which will constrain department expenditures until estimated revenues are realized. If revenues are in excess of what was estimated, or budget surpluses are created, the Controller can certify these surplus funds as a source for supplemental appropriations that may be adopted throughout the year upon approval of the Mayor and the Board. The City's annual expenditures are often different from the estimated expenditures in the annual appropriation ordinance or "budget" due to supplemental appropriations, continuing appropriations of prior years and unexpended current year funds.

Budget Process

The City's budget process begins in the middle of the preceding fiscal year as departments prepare their budgets and seek approval thereof by the various City Commissions. Departmental budgets are consolidated by the Controller, then transmitted to the Mayor not later than the first working day of March. The Mayor is required to submit a balanced budget to the Board by June 1 each year. In December 2002, the Board of Supervisors adopted an ordinance amending the City's Administrative Code's budget timetable. Pursuant to the amendment, the Mayor is required to submit a proposed budget for each of the Enterprise departments, excluding the General Fund, to the Board each May 1, thereby providing the Board with additional time to review the City's budget. However, for the fiscal year 2004-05, pursuant to an ordinance adopted by the Board, all department budgets will be presented to the Board by the Mayor on June 1. Following submission of the Mayor's proposed budget, the Controller provides an opinion to the Board regarding the accuracy of economic assumptions underlying the revenue estimates and the reasonableness of such estimates and revisions in the proposed budget. During its budget approval process, the Board has the power to reduce or augment any expenditure in the proposed budget, provided the total budgeted expenditure amount is not higher than the budgeted expenditure amount submitted by the Mayor on June 1. The Board must adopt the annual budget not later than the last working day of July each year. The Board adopted the fiscal year 2003-04 budget on July 15, 2003, and the Mayor approved it on July 31, 2003.

On March 19, 2004, the City Controller, the Mayor's Budget Director and the Budget Analyst to the Board of Supervisors issued the Three-Year Budget Projection (the "Budget Projection") as required by Administrative Code. The Budget Projection forecast \$299.3 million general fund budget shortfall for

fiscal year 2004-05, which shortfall reflects the estimated cost of providing the current level of City services through current business practices for general fund supported operations. By June 1, 2004, the Mayor must propose to the Board a fiscal year 2004-05 budget which closes the estimated \$299.3 million budget gap. At this time, it is anticipated that the Mayor's balanced budget may include some or all of the following solutions: position reductions, programmatic changes, operation consolidations, possible adjustments in the State budget, various capital and equipment deferrals and savings from debt refinancing. Some changes to revenues may also provide a portion of the solution.

It is anticipated that the fiscal year 2004-05 proposed budget will assume a gradual recovery in discretionary General Fund revenues from the fiscal year 2003-04 projected levels. The achievement of the revenue estimates is dependent upon a variety of known and unknown factors, including in the general economy of the area and the State, and certain State budget decisions which could have a negative economic impact on City revenues. These conditions and circumstances may cause the actual results achieved by the City to be materially different from the estimates and projections described herein. The Controller has also in the past issued Six- and Nine-Month Budget Status Reports during the fiscal year. The most recent reports are available on the Controller's website at www.sfgov.org/controller.

Under provisions of the City's Administrative Code, the Treasurer, upon recommendation of the Controller, is authorized to transfer legally available moneys to the City's operating cash reserve from any idle funds then held in the pooled investment fund. The operating cash reserve is currently available to cover cash flow deficits in various City funds, including the City's General Fund. From time to time, the Treasurer has transferred unencumbered moneys in the pooled investment fund to the operating cash reserve to cover temporary cash flow deficits in the General Fund and other funds of the City. Any such transfers must be repaid within one year of the transfer, together with interest at the then current interest rate earned on the pooled funds. See "Investment Policy" below. Additionally, in November 2003, voters approved the creation of the City's new Rainy Day Reserve into which the previous Charter-mandated cash reserve was incorporated.

In the past, the City has funded its General Fund cash flow deficits through the annual issuance of tax and revenue anticipation notes ("TRANs"); however, the City has not issued TRANs since fiscal year 1996-97. The City does not anticipate issuing TRANS for the fiscal year 2004-05.

General Fund Results

The fiscal year 2003-04 budget maintained services at levels nearly equal to the prior fiscal year, despite the economic downturn that took hold in 2001 (see discussion below under "Impact of September 11, 2001"). The fiscal year 2003-04 budget totaled \$4.8 billion, with \$2.2 billion allocated to the General Fund. The remaining \$2.6 billion was appropriated for expenditures of other governmental fund and enterprise fund departments including, but not limited to, the San Francisco International Airport, Municipal Transportation Agency, Water Department, Clean Water Program, Hetch Hetchy Water and Power System, and the Port of San Francisco, as well as for repayment of bonded indebtedness and other long-term obligations. Furthermore, the fiscal year 2003-04 budget contained no new taxes and only some adjustments in assessments, fines, user fees and service charges.

As a result of the continued delayed economic recovery in northern California and a review of the City's collections during the first nine months of fiscal year 2003-04, revenues are projected to be approximately \$34.7 million lower by year-end than originally budgeted. This reduction includes the projected impact of State revenue reductions of \$71.0 million, \$41.0 million more than the \$30.0 million reserve included in the

budget (due to larger than budgeted Vehicle License Fee (VLF) revenue reductions). In response to the six- and nine-month revenue projections, the Mayor has been working with departments to prepare new spending plans to bring the fiscal year 2003-04 budget into balance. The Nine-Month Report, published on May 6, 2004, reflects both the reduced revenue assumptions and projected departmental savings as a result of the mid year adjustments, and projects a General Fund ending balance of \$5.9 million.

The Budget Projection, jointly published by the Controller, the Mayor's Budget Director and the Board's Budget Analyst, contains a projected shortfall for fiscal year 2004-05 of \$299.3 million assuming present trends continue, including the continuation of existing operations and staffing levels. Budgetary shortfalls are not permitted under the Charter, and the budget will be balanced during the upcoming budget process. Budget Status and Projection reports can be obtained from the Controller's website at www.sfgov.org/controller.

Table A-1 shows revised budgeted revenues and appropriations for fiscal years 1999-2000, 2000-01, 2001-02, 2002-03, and the original budget for fiscal year 2003-04 for the General Fund portion of the City's budget.

The City prepares its budget on a modified accrual basis. Accruals for incurred liabilities, such as claims and judgments, workers' compensation, accrued vacation and sick leave pay are funded only as payments are required to be made. The audited General Fund balance as of June 30, 2003 was \$196.3 million prepared on a GAAP basis. Such General Fund balance was derived from audited revenues of \$1.96 billion for the same period. Audited General Fund balances as of June 30, 2003 are shown in Table A-2 on both a budget basis and a GAAP basis, respectively.

General Fund Balances As of June 30, 2003	
(000s)	
	June 30, 2003
Reserved for cash requirements	\$55,139
Reserved for emergencies	4,198

Deferred charges and assets not available for appropriation	6,768
Cumulative excess property tax revenues	
recognized on a Budget basis	(20,889)
Total Fund Balance, June - GAAP Basis	\$196,312

Table A-3, entitled "Statement of Revenues, Expenditures and Changes in General Fund Balances," is extracted from information in the City's audited financial statements (Comprehensive Annual Financial Reports) for the five most recent fiscal years. The City's audited financials for the fiscal year ended June 30, 2003 is included herein as Appendix C—"EXCERPTS FROM THE COMPREHENSIVE ANNUAL FINANCIAL REPORT FOR THE FISCAL YEAR ENDED JUNE 30, 2003—Enterprise Funds." Prior years audited financials can be obtained from the Controller's website at www.sfgov.org/controller. Excluded from these General Fund statements are special revenue funds (which relate to proceeds of specific revenue sources which are legally restricted to expenditures for specific purposes) as well as all of the enterprise operations of the City, including San Francisco International Airport, Port of San Francisco, Water Department, Hetch Hetchy Water and Power System, Municipal Transportation Agency, Laguna Honda Hospital, General Hospital Medical Center, and the Clean Water Program, each of which prepares separate audited financial statements.

Impact of September 11, 2001

Following the events of September 11, 2001 in New York City and Washington, D.C., both business and tourist travel in San Francisco declined significantly, including passenger loads and revenues at San Francisco International Airport ("SFO") and hotel and sales tax revenues to the City. In fiscal year 2001-02, significant year to year losses occurred in hotel tax revenues, which fell 29.8% (\$56.2 million), sales tax revenues, which declined 15.5% (\$21.5 million), and SFO's transfer of concession revenue to the City's General Fund, which declined 28.4% (\$7.0 million).

Impact of State Budget

Revenues from the State represent approximately 25% of the City's General Fund Budget. For fiscal year 2003-04, the City's Adopted Budget included a one-time \$30 million State Revenue Loss Reserve, which was intended to address the impact to the City of the State's fiscal year 2003-04 Adopted Budget. The actual impact to the City increased to \$71.0 million as of the Nine-Month Report, which is \$41.0 million more than originally assumed in the City's adopted budget. This is further discussed in the "Intergovernmental Revenues, Grants and Subventions - Motor Vehicle License Fees " section below.

For fiscal year 2004-05, the Governor's Proposed Budget, released on January 9, 2004, included the \$15.0 billion in long-term deficit bond financing which was ultimately approved by California voters on March 2, 2004. The Governor's Proposed Budget also included \$96.8 million in on-going cuts to the City. The Governor's budget included revenue assumptions such as \$500.0 million in tribal government gaming revenues, labor givebacks and the issuance of a \$1.0 billion pension obligation bond. On May 13, 2004, the Governor's May Revise was released and resulted in less than \$60.0 million in reductions to the City. However, the impact of potential changes in the State budget and allocations are unknown at this time as the legislature is deliberating the State's budget. These proposed reductions will be factored into the City's budget reserves.

Welfare Reform

On August 22, 1996, the United States Congress passed into law the "Personal Responsibility and Work Opportunity Reconciliation Act of 1996" (the "Welfare Reform Act"). The Welfare Reform Act restructured the welfare system, including Aid to Families with Dependent Children ("AFDC"), food stamps, Medicaid and Supplementary Security Income, and provide flexibility to the states while imposing various constraints designed to reduce the number of people receiving aid, including work requirements and limits on the amount of time a recipient may receive welfare. The Welfare Reform Act also created the Temporary Assistance for Needy Families "TANF" block grant to states, which is transferred by states to local administrators of the welfare system, such as the City.

On August 11, 1997, then-Governor Pete Wilson signed the State's welfare reform legislation into law. As of January 1, 1998, California's version of AFDC became "CalWORKs," and the City implemented its CalWORKs program on April 6, 1998. Authorization for the TANF program ended September 30, 2002. Congress has adopted temporary legislation to continue the program in its current form pending reauthorization and possible modification of the existing legislation. It is not possible, at this time, to predict the impact of any federal changes to this program on City finances received approximately \$14.0 million in one-time incentive funds as a result of those reductions. This one-time funding is projected to be fully spent by the end of fiscal year 2003-04.

Assessed Valuations, Tax Rates and Tax Delinquencies

Table A-4 provides a five-year record of assessed valuations of taxable property within the City. The property tax rate is comprised of two components: (1) the 1.0% countywide portion permitted by Proposition 13, and (2) all voter-approved overrides which fund debt service for general obligation indebtedness. The total tax rate shown in Table A-4 includes taxes assessed on behalf of the San Francisco Unified School District, San Francisco Community College District, Bay Area Air Quality Management District, Bay Area Rapid Transit (BART) District, and San Francisco Redevelopment Agency, all of which are legally separate entities from the City. See also "Statement of Direct and Overlapping Bonded Debt" below.

Total assessed value has increased on average by 8.5% per year since fiscal year 1999-00; however, in fiscal year 2003-04, the increase was 4.7%. Property tax delinquencies based on the weighted average of the secured and unsecured delinquency rates, have averaged 1.65% over the four years ending in fiscal year 2002-03.

TABLE A-4

The fiscal year 2003-04 total assessed valuation of property within the City is \$102,092,927,794. After non-reimbursable and homeowner exemptions, but including San Francisco Redevelopment Agency tax increment, net assessed valuation is \$98,145,268,023. Of this total, \$90,899,714,419 (93%) represents secured valuations and \$7,245,553,604 (7%) represents unsecured valuations. The net valuation will result in total budgeted property tax revenues of \$1,087,190,558 before correcting for delinquencies. The City's fiscal year 2003-04 general fund budgeted property tax revenues was \$527.8 million, representing approximately 50% of all taxes. Debt service for general obligation bonds is also funded through property tax revenues. The San Francisco Community College District, the San Francisco Unified School District and the Educational Resource Augmentation Fund (also known as "ERAF") are collectively estimated to

receive approximately \$236 million and the San Francisco Redevelopment Agency will receive approximately \$34.5 million. The remaining portion will be allocated to various special funds and other taxing entities.

Under Article XIII A of the State Constitution, property sold after March 1, 1975 must be reassessed to full cash value. As a result of the downturn in the economy, property owners in the City have filed 1,831 applications for assessment appeal against the fiscal year 2003-04 levy between July 1, 2003 and February 24, 2004. As in every year, some appeals are multiple-year or retroactive in nature. With respect to fiscal year 2003-04, property owners representing approximately 25% of the total assessed valuation of the City have filed appeals for partial reduction of their assessed value. Most of the appeals involve large commercial properties, including offices and hotels. The State prescribes the assessment valuation methodologies and the adjudication process that counties must employ in connection with the counties' property assessments. The City has experienced similar increases in appeals activity in other economic downturns and historically, on average, partial reductions totaling 22% to 23% of the total assessment valuations appealed were granted, depending on the severity of the market downturn. To mitigate the financial risk of pending assessment appeals, the City establishes a reserve for each fiscal year. In addition, appeals activity to date and projected for the subsequent year are factored into the current year's revenue projection and the subsequent year's budget. See "CONSTITUTIONAL AND STATUTORY TAX LIMITATIONS" in the forepart of this Official Statement.

Generally, property taxes levied by the City on real property become a lien on that property by operation of law. A tax levied on personal property does not automatically become a lien against real property without an affirmative act of the City taxing authority. Real estate tax liens have priority over all other liens against the same property regardless of the time of their creation by virtue of express provision of law.

Property, which is subject to ad valorem taxes, is entered on separate parts of the assessment roll maintained by the county assessor. The secured roll is that part of the assessment roll containing State-assessed property and property on which liens are sufficient, in the opinion of the Assessor, to secure payment of the taxes owed. Other property is placed on the "unsecured roll."

The method of collecting delinquent taxes is substantially different for the two classifications of property. The taxing authority has four ways of collecting unsecured personal property taxes: (1) civil action against the taxpayer; (2) filing a certificate in the office of the county clerk specifying certain facts, including the date of mailing a copy thereof to the affected taxpayer, in order to obtain a judgment against the taxpayer; (3) filing a certificate of delinquency for recording in the county recorder's office in order to obtain a lien on certain property of the taxpayer; and (4) seizure and sale of personal property, improvements or possessory interests belonging or assessed to the taxpayer. The exclusive means of enforcing the payment of delinquent taxes with respect to property on the secured roll is the sale of the property securing the taxes. Proceeds of the sale are used to pay the costs of sale and the amount of delinquent taxes.

A 10% penalty is added to delinquent taxes that have been levied on property on the secured roll. In addition, property on the secured roll with respect to which taxes are delinquent is declared "tax defaulted" and subject to eventual sale by the Treasurer-Tax Collector of the City. Such property may thereafter be redeemed by payment of the delinquent taxes and the delinquency penalty, plus a redemption penalty of 1.5% per month, which begins to accrue on such taxes beginning July 1 following the date on which the property becomes tax-defaulted.

On October 6, 1993, the Board of Supervisors of the City passed a resolution, which adopted the Alternative Method of Tax Apportionment (the "Teeter Plan"). This resolution changed the method by which the City apportions property taxes among itself and other taxing agencies. This apportionment method authorizes the Controller to allocate to the City's taxing agencies 100% of the secured property taxes billed but not yet collected. In return, as the delinquent property taxes and associated penalties and interest are collected, the City's General Fund retains such amounts. Prior to adoption of the Teeter Plan, the City could only allocate secured property taxes actually collected (property taxes billed minus delinquent taxes). Delinquent taxes, penalties and interest were allocated to the City and other taxing agencies only when they were collected. The City has funded payment of accrued and current delinquencies, together with the required reserve, from internal borrowing. The City also maintains a Tax Loss Reserve for the Teeter Plan. This has been funded at \$8.1 million as of June 30, 2001, \$9.1 million as of June 30, 2002, and \$9.0 million as of June 30, 2003.

On April 6, 2001, Pacific Gas & Electric Company (PG&E) filed for voluntary protection under Chapter 11 of the Bankruptcy Code. PG&E is one of the largest taxpayers in the City with 0.92% of the total fiscal year 2003-04 assessed property values; however, since filing for bankruptcy protection, PG&E has continued to pay all taxes and franchise fees as they have come due. PG&E filed with the United States Bankruptcy Court a statement that all conditions to effectiveness of its plan of reorganization had been satisfied, and on April 13, 2004 filed a notice to advise creditors that the reorganization plan has become effective. The City continues to have a claim against PG&E totaling approximately \$10 million. PG&E has also filed suit against the City for \$19.5 million. Under its confirmed plan of reorganization, PG&E will pay in full or otherwise satisfy undisputed claims of creditors on the effective date or as soon as practicable thereafter.

The Nine Month Report indicates utility taxes may come in under budget by about \$0.9 million due to the rate reductions approved for commercial users pursuant to the Bankruptcy Court's adoption of PG&E's reorganization plan. See "Utility Users Tax" below.

Assessed valuations of the ten largest taxpayers in the City for the fiscal year ending June 30, 2004 are shown in Table A-5.

Other City Tax Revenues

In addition to property tax, the City has several other major tax revenue sources, as described below. For a discussion of State constitutional and statutory limitations on taxes that may be imposed by the City, including a discussion of Proposition 62 and Proposition 218, see "CONSTITUTIONAL AND STATUTORY TAX LIMITATIONS" in the forepart of this Official Statement.

The following is a brief description of other major City-imposed taxes as well as taxes that are collected by the State and shared with the City.

Business and Employers' Payroll Tax

Businesses in the City are assessed a payroll expense tax at a rate of 1.5%. The tax is levied on businesses with payroll expenses that are attributable to all work performed or services rendered within the City. The tax is authorized by Article 12-A of the San Francisco Business and Tax Regulation Code.

Prior to April 23, 2001, the City imposed an "alternative-measure" tax pursuant to which a business's tax liability was calculated as a percentage of either its gross receipts or its payroll expense, and a business paid the greater of the two amounts. Between 1999 and 2001, approximately 325 businesses filed claims with the City and/or lawsuits against the City arguing that the alternative-measure tax scheme violated the Commerce Clause of the United States Constitution

In 2001, the City entered into a settlement agreement resolving most of these lawsuits and claims for considerably less than the total amount of outstanding claims. Concurrently with the settlement of the lawsuits, the City repealed the alternative-measure tax in 2001, curing any alleged constitutional defects. All claims had to be filed by November 2001, and any payments related to lawsuits or claims already filed that remain unsettled could be covered by contingency reserves, judgment bonds or some combination thereof.

Sales and Use Tax

The State collects the City's 1% local sales tax on retail transactions, along with State and special district sales taxes, and rebates the local sales tax collections to the City. The 1% local sales tax is deposited in the City's General Fund. As a result of the economic slowdown and the drop in tourism and business travel, sales tax revenue in fiscal year 2002-03 declined 1.1% from fiscal year 2001-02, for a reduction of \$1.3 million. This decline followed a 15.51% drop in sales and use tax receipts. A history of sales and use tax revenues is presented in Table A-6.

Budgeted revenue from the local sales and use tax for fiscal year 2003-04 is \$122.5 million; however, as of the Nine-Month Report, the City was projecting sales and use taxes to be approximately \$5.5 million under budget.

	CITY A	ND COUNTY O	F SAN FRANCI	ISCO
	Sa	les and Use Tax	Receipts (000's)	
Fiscal Years 1997-98 through 2002-03

TA	BL	E	A-	6

Transient Occupancy Tax

Pursuant to the San Francisco Business and Tax Regulation Code, a 14% transient occupancy tax is imposed on occupants of hotel rooms and remitted by hotel operators monthly. A quarterly tax-filing requirement is also imposed. Budgeted revenue from transient occupancy tax for fiscal year 2003-04 is \$138.8 million, including \$5.7 million allocated to the Redevelopment Agency. In fiscal year 2002-03, revenue from the transient occupancy tax declined 2.75% (or approximately \$3.6 million) from receipts in fiscal year 2001-02. This decline followed a 29.81% drop. As of the Nine-Month Report, the City is projecting the transient occupancy tax to be approximately \$2.2 million under budget in the general fund. However, a portion of this shortfall appears to be mitigated by reduced spending by departments which receive dedicated hotel tax revenues, as indicated in the Nine-Month Report.

Table A-7 sets forth a history of transient occupancy tax receipts.

CITY AND COUNTY OF SAN FRANCISCO Transient Occupancy Tax Receipts (000's) Fiscal Years 1997-98 through 2002-03				
Fiscal Year	Tax Rate	Revenue	% Change	
1997-98	14.00%	\$150,163	9.09%

TABLE A-7

Real Property Transfer Tax

A tax is imposed on all real estate transfers recorded in the City. The current rate is \$5.00 per \$1,000 of the sale price of the property being transferred for properties valued at \$250,000 or less, \$6.80 per \$1,000 for properties valued more than \$250,000 or less than \$999,999; and \$7.50 per \$1,000 for properties valued at \$1 million or more. Budgeted revenue from real property transfer tax for fiscal year 2003-04 is \$55.0 million. The Nine-Month Report projects that real property transfer taxes will be over budget by approximately \$15.6 million

Utility Users Tax

The City imposes a 7.5% tax on non-residential users of gas, electricity, water, steam and telephone utilities, as well as all cellular telephone and enhanced specialized mobile radio communication services for billing addresses in the City. Budgeted revenue from utility users tax for fiscal year 2003-04 is \$68.4 million. The Nine-Month Report indicates utility users tax may come in under budget by about \$0.9 million due to the rate reductions approved for commercial users pursuant to the bankruptcy court's adoption of PG&E's reorganization plan.

Parking Tax

A 25% tax is imposed on the charge for off-street parking spaces. The tax is authorized by the San Francisco Business and Tax Regulation Code and paid by the occupants of the spaces and generally remitted by the operators of the parking facilities monthly. A quarterly tax-filing requirement is also imposed. General Fund parking tax receipts in fiscal year 2002-03 totaled \$29.7 million, a decline of \$0.8 million from fiscal year 2001-02 levels. Budgeted General Fund revenue from the parking tax for fiscal year 2003-04 is \$32.7 million; however, the Nine-Month Report projects parking taxes to be approximately \$1.2 million under budget.

Intergovernmental Revenues, Grants and Subventions

Intergovernmental revenues, grants and subventions are budgeted at \$1,007.9 million for fiscal year 2003-04. This includes \$286.8 million from the Federal government, \$671.5 million from the State, and \$49.6 million from other intergovernmental sources across all City funds. In the General Fund, intergovernmental revenues, grants and subventions are budgeted for a total of \$657.2 million, including \$156.9 million from the Federal government and \$500.3 million from the State.

Health and Welfare Realignment

In fiscal year 1991-92, the State transferred to counties responsibility for determining service levels and administering most mental health, public health and some social service programs, thereby reducing the State's obligations. The State also increased its share of certain welfare costs formerly borne by counties. In order to meet these obligations, counties receive the proceeds of a 0.5% statewide sales tax and a portion of vehicle license fees. These sources are budgeted to provide \$193.7 million to the City's General Fund and its two county hospitals for fiscal year 2003-04, and the Nine-Month Report projects such sources to be approximately \$1.3 million above budget.

Motor Vehicle License Fees

The City's discretionary allocation of vehicle license fees (VLF) as a city and county is budgeted to be \$112.6 million for fiscal year 2003-04. In 1998, the State reduced the vehicle license fee to vehicle owners and agreed to make local governments whole by providing them with the difference out of the State's general fund (the "Backfill"), and VLF allocations to local governments had continued as if there had been no VLF rate reductions. However, in June 2003, the State determined that it had insufficient moneys to provide any Backfill to local governments, and as a result of the determination, the Backfill paid to local governments ended. On July 1, 2003, then-Governor Davis restored the funds not being backfilled by the State by increasing the VLF. At the time the City's fiscal year 2003-04 budget was adopted, it was estimated that the gap between the July 1 implementation and the resulting cash flow increase would be 90 days, during which time the State's budget assumed no Backfill to local governments. On November 18, 2003, newly elected Governor Schwarzenegger signed an executive order reducing the VLF back to its previously reduced level and on December 18, 2003, declared a public safety emergency and ordered the State Controller to make payments to local governments as a result of the reduction of the VLF. However, the Governor did not declare that such payments would be permanent. The City's fiscal year 2003-04 General Fund budget assumed the impact of the State's VLF policies to result in a revenue shortfall of \$30.0 million; however, as of the Nine-Month Report, the estimated shortfall for the City's General Funds is \$71.0 million. This is further discussed in the "Impact of State Budget" section above.

Public Safety Sales Tax

State Proposition 172, passed by the voters in November 1993, provided for the continuation of a one-half percent sales tax for public safety expenditures. Budgeted revenue from this source is \$65.3 million for fiscal year 2003-04; however, as of the Nine-Month Report, such revenues are anticipated to be approximately \$4.3 million under budget, due to the City's lagging recovery and weak sales tax performance relative to statewide sales tax growth.

Other Intergovernmental Grants and Subventions

In addition to those categories listed above, across all funds, the City receives approximately \$636.3 million in social service subventions from the State and Federal governments to fund programs such as Food Stamps, CalWORKs, Child Support Services and transportation projects. Health and welfare subventions are often based on State and Federal funding formulas, which currently reimburse counties according to actual spending on these services.

Investment Policy

The management of the City's surplus cash is governed by an Investment Policy administered by the City Treasurer. In order of priority, the objectives of this Investment Policy are the preservation of capital, liquidity and yield. The preservation of capital is the foremost goal of any investment decision, and investments generally are made so that securities can be held to maturity. Once safety and liquidity objectives have been achieved, the City Treasurer then attempts to generate a favorable return by maximizing interest earnings without compromising the first two objectives. A report detailing the investment portfolio and investment activity, including the market value of the portfolio, is submitted to the Mayor and the Board monthly.

The investment portfolio is sufficiently flexible to enable the City to meet all disbursement requirements that are anticipated from any fund during the subsequent eighteen months. As of April 30, 2004 the City's surplus investment fund consisted of the investments classified in Table A-8, and had the investment maturity distribution presented in Table A-9.

Statement of Direct and Overlapping Bonded Debt

TADIEAO

The pro forma statement of direct and overlapping bonded debt and long-term obligations (the "Debt Report"), presented in Table A-10 has been compiled by the Office of Public Finance and Business Affairs. The Debt Report is included for general information purposes only.

The Debt Report generally includes long-term obligations sold in the public credit markets by the City and public agencies whose boundaries overlap the boundaries of the City in whole or in part. Long-term obligations of non-City agencies generally are not payable from revenues of the City. In many cases longterm obligations issued by a public agency are payable only from the general fund or other revenues of such public agency. For this purpose, lease obligations of the City, which support indebtedness incurred by others, are included.

Tax Supported Debt Service

Under the State Constitution and the Charter, general obligation bonds can only be authorized through voter approval. As of May 1, 2004, the full amount of general obligation bonds authorized by the electorate of the City and as yet unissued was \$872,060,000. See Table A-12 below. As of May 1, 2004 the City had \$910,865,000 in general obligation bonds outstanding, including \$800,000 of general obligation bonds repaid from Port Commission revenues and not carried on the City's property tax roll.

Table A-11 shows the annual amount of debt service payable on the City's outstanding general obligation bonds.

TABLE A-11

In November 1992, voters approved Proposition A, which authorizes up to \$350 million in general obligation bonds to provide moneys to fund the City's Seismic Safety Loan Program. The purpose of the Seismic Safety Loan Program is to provide loans for the seismic strengthening of privately-owned unreinforced masonry buildings in San Francisco for affordable housing and market-rate residential, commercial and institutional purposes. In April 1994, the City issued \$35 million in taxable general obligation bonds to fund the Loan Program and in October 2002, the City redeemed the remaining outstanding bonds. The City may issue up to \$25 million of such bonds in fiscal year 2004-05.

In June 1997, voters also approved Proposition C, which authorizes up to \$48 million in general obligation bonds for the acquisition, construction and/or reconstruction of San Francisco Zoo facilities. The City has issued a total of \$40.5 million in three series of such bonds. It is anticipated that the City will issue the remaining \$7.5 million in 2005.

In November 1999, voters approved Proposition A, which authorizes up to \$299 million in bonded debt, other evidences of debt and/or lease financing for the reconstruction, improvement and expansion of a new health care, assisted living and/or other type of continuing care facility or facilities to replace facilities at Laguna Honda Hospital. The City anticipates issuing approximately \$210 million of the total authorized amount for the project by the end of 2004.

In March 2000, voters approved Proposition A which authorizes up to \$110,000,000 in general obligation bonds to acquire, construct, or reconstruct recreation and park facilities and properties. The City has issued three series of Neighborhood Recreation and Park Bonds in June 2000, February 2001, and in July 2003 for a total of \$41.2 million. The City anticipates issuing a fourth series in the summer of 2004.

The voters also approved Proposition B in March 2000, which authorizes up to \$87,445,000 in general obligation bonds to acquire, construct, or reconstruct the facilities of the California Academy of Sciences. In November 1995, the voters approved Proposition C, which authorizes the issuance of up to \$29,245,000 to pay the cost of acquisition, construction and/or reconstruction of certain improvements to the Steinhart Aquarium and related facilities. Proposition C and Proposition B proceeds will be used together with other monies of the Academy of Sciences to reconstruct the existing structure. The City anticipates issuing the first series of the California Academy of Sciences Bonds in the summer of 2004.

In November 2000, voters approved Proposition A, which authorizes up to \$105,865,000 in general obligation bonds for the acquisition, renovation and construction of branch libraries and other library facilities. The City has issued two series of library bonds in July 2001 and October 2002 for a total of \$40.8 million. The City anticipates issuing a third series in 2005.

Table A-12 below lists the City's voter-authorized general obligation bonds including authorized programs where bonds have not yet been issued. Series are grouped by program authorization in chronological order. The authorized and unissued column refers to total program authorization that can still be issued, and does not refer to any particular series. As of May 1, 2004, the City had authorized and unissued general obligation bond authority of \$872,060,000.

Lease Payments and Other Long-Term Obligations

Under the Charter, most lease financings can only be authorized through voter approval. Table A-13 sets forth the aggregate annual lease payment obligations supported by the City's General Fund with respect to outstanding lease revenue bonds and certificates of participation. Note that the annual payment obligations reflected in Table A-13 include the full-accreted value of any capital appreciation obligations that will accrue as of the final payment dates.

The City electorate has approved several lease revenue bond propositions in addition to those bonds that have already been issued. When issued, these voter-approved lease revenue bonds will be repaid from lease payments made from the City's General Fund. The following lease programs have remaining authorization:

In 1989, voters approved Proposition F, which authorizes the City to lease-finance (without limitation as to maximum aggregate par amount) the construction of new parking facilities, including garages and surface lots, in eight of the City's neighborhoods. In July 2000, the City issued \$8.2 million in lease revenue bonds to finance the construction of North Beach Parking Garage, which was opened in February 2002. There is no immediate plan to issue any more series of bonds under Proposition F.

In 1990, voters approved Proposition C, which amended the Charter to authorize the City to lease-purchase equipment through a nonprofit corporation without additional voter approval but with certain restrictions. The City and County of San Francisco Finance Corporation (the "Corporation") was incorporated for that purpose. Proposition C provides that the outstanding aggregate principal amount of obligations outstanding with respect to lease financings may not exceed \$20 million, such amount increasing by five percent each fiscal year. Based on that formula, as of May 1, 2004, the total authorized amount for such financings was \$37,712,983. The total principal amount outstanding as of May 1, 2004 was \$20,592,983. It is anticipated that the Corporation will issue approximately \$10 million in equipment lease revenue bonds under this authorization in June 2004.

In 1994, voters approved Proposition B, which authorized up to \$60 million in lease revenue bonds for the acquisition and construction of a combined dispatch center for the City's emergency 911 communication system and for the emergency information and communications equipment for the center. In 1997, and 1998, the Corporation issued \$22.6 million and \$23.3 million of lease revenue bonds, respectively, but has no plans to utilize the remaining \$14 million in authorization.

In June 1997, voters approved Proposition D, which authorizes up to \$100 million in lease revenue bonds for the construction of a new football stadium at Candlestick Point, the home of the San Francisco 49ers football team. If issued, the \$100 million of lease revenue bonds would be the City's contribution toward the total cost of the stadium project and the 49ers would be responsible for paying the remaining cost of the stadium construction project. The City has no current timetable for issuance of the Proposition D bonds.

In November 2001, voters approved Propositions B and H. Proposition B authorizes the issuance of up to \$100 million in revenue bonds to finance the acquisition, installation and improvement or rehabilitation of solar or other renewable energy facilities or equipment for City departments. Proposition H is a Charter amendment that adds another exception to the voter-approval requirement for issuing revenue bonds. Under Proposition H, the Board of Supervisors may authorize the issuance of revenue bonds to buy, build or improve renewable energy facilities or energy conservation facilities without further voter approval. No bonds have been issued under either Proposition B or Proposition H.

Overlapping Debt

In November 2001, voters approved Proposition A. Proposition A authorizes the issuance of general obligation bonds up to \$195 million to finance construction of new Chinatown and North Beach campuses of the San Francisco Community College District, to improve access for the disabled and to make other improvements to existing facilities.

On November 4, 2003, voters approved Proposition A. Proposition A authorized the San Francisco Unified School District to issue up to \$295 million of general obligation bonds to repair and rehabilitate its facilities. The San Francisco Unified School District has not yet issued bonds pursuant to this authorization.

Labor Relations

The Mayor's fiscal year 2003-04 budget includes approximately 30,000 full time personnel, not including San Francisco Unified School District, San Francisco Community College District, and San Francisco Superior Court employees. City workers are represented by 48 different unions and labor organizations. The largest unions in the City are the Service Employees International Union (Locals 250, 535 and 790); International Federation of Professional and Technical Engineers (Local 21); and unions representing police, fire, and transit workers and deputy sheriffs.

The wages, hours and working conditions of City employees are determined by collective bargaining pursuant to State law and City Charter. Except for nurses, transit workers, and a few hundred unrepresented employees, the Charter requires that bargaining impasses be resolved through a final and binding interest arbitration conducted by a panel of three arbitrators. The award of the arbitration panel is final unless legally challenged. Strikes by City employees are prohibited, according to the Charter. Since 1976, no City employees have gone on a union-authorized strike.

Wages, hours and working conditions of nurses and transit workers are not subject to interest arbitration, but are subject to Charter-mandated economic caps.

The City's employee selection procedures are established and maintained through a civil service system. In general, selection procedures and other "merit system" issues are not subject to arbitration. However, disciplinary actions are generally subject to grievance arbitration, with the exception of police and fire.

The City's retirement benefits are established directly by the voters, and not through the regular collective bargaining process; therefore, most changes to retirement benefit formulae require a voter-approved charter amendment. Currently, most miscellaneous employees are in a "2% at 60" plan, and the uniformed police and fire are in a "3% at 55" plan.

In 2003, the City completed negotiations with all of the labor groups covered under Charter Section A8.409 and Charter Section A8.590-1 for successor agreements to be in effect from July 1, 2003 through June 30, 2005. Such 2003-05 collective bargaining agreements do not provide for any general wage increases. Furthermore, most labor unions agreed to have its represented employees resume payment of the 7.5% employee contribution to the retirement plans for fiscal year 2003-04, and in recognition therefor, the City provided additional floating holidays. Almost all of the labor agreements provided for negotiations to be reopened to discuss wages and retirement contributions for fiscal year 2004-05. Negotiations regarding such reopened labor agreements are currently in progress.

The contract covering transit operators expires June 30, 2004. Pursuant to the Charter, the Municipal Transit Agency ("MTA") shall negotiate contracts with labor unions representing employees in service-critical bargaining units and those agreements shall be subject to approval by the MTA Board.

The City also adopts an annual "Unrepresented Ordinance" for employees who are not exclusively represented by a union. As with the negotiated labor agreements, the present ordinance, for fiscal year 2003-04 also provides for unrepresented employees to resume payment of the employee contribution to their retirement plans and receive additional floating holidays.

Risk Management

The City self-insures the majority of its property, liability and workers' compensation risk exposures. Each year, funds for anticipated claim payments, based on history and outstanding cases expected to be closed in that year, are included in the current budget. The vast majority of the City's insurance is purchased for the enterprise fund departments (SFO, Municipal Railway, Public Utilities Commission, the Port and Convention Facilities). The remainder of the insured program is made up of insurance for General Fund departments required to provide coverage for bond-financed facilities, coverage for art at City-owned museums and statutory requirements for bonding of various public officials.

The City allocates workers' compensation costs to departments according to a formula based on claims, payment history and payroll. Programs are being developed and implemented focusing on accident prevention, investigation and by modifying the duty of injured employees with medical restrictions so they can return to work as early as possible.

Retirement System

The City Employee's Retirement System (the "Retirement System") was established in April 1922 and was constituted in its current form by the 1932 charter. The Retirement System is administered by the Retirement Board consisting of seven members, three appointed by the Mayor, three elected from among the members of the Retirement System, and a member of the Board appointed by the President of the Board, who serves ex-officio as a voting member. To aid in the administration of the Retirement System, the Retirement Board appoints an Actuary and an Executive Director. The Executive Director's responsibility extends to four divisions consisting of Administration, Investment, Retirement Services/ Accounting, and Deferred Compensation.

The Retirement System estimates that the total active membership as of June 30, 2003 was 34,158, including 942 vested members and 643 reciprocal members, compared to 33,833 members a year earlier. The total new enrollees for fiscal year 2002-03 was approximately 844. Checks are mailed to approximately 18,135 benefit recipients monthly.

Net assets held in trust for pension benefits by the Retirement System as of June 30, 2003 were \$10,533,013,000 compared to \$10,415,950,000 as of June 30, 2002. As of June 30, 2003, the actuarial accrued liability was \$10,249,896,000, and the actuarial value of assets was \$11,173,636,000, reflecting funding at 109%.

Table A-15 shows Retirement System actual contributions for fiscal years 1997-98 through 2002-03.

The assets of the Retirement System are invested in a broadly diversified manner including both domestic and international securities. In addition to U.S. equities and fixed income securities, the fund holds international equities, global sovereign debt, domestic real estate and an array of alternative investments including venture capital limited partnerships. The investments are regularly reviewed by the Retirement Board and monitored by an internal staff of investment professionals who are advised by external consultants who are specialists in various areas of investments.

Actuarial valuation of the Retirement System is a joint effort of the Retirement System and an outside actuarial firm employed under contract. A valuation of the Retirement System is conducted each year and an experience study is performed periodically. The latest report was issued in January 2004 as of June 30, 2003.

In November 1980, the voters of San Francisco adopted a change in the method through which the liabilities of the Retirement System are funded. That method is the entry age normal cost method with a level percentage supplemental cost element (supplemental costs to be fully amortized over no more than 20 years). Actuarial gains and losses are amortized over a 15-year period. Assets are calculated based on a 5-year phase-in of realized and unrealized capital gains and losses.

In fiscal year 1996-97, the City's dollar contribution decreased to zero due to lowered funding requirements as determined by the Board's actuary. Based upon the latest valuation report, as of June 30, 2003, the plan was over funded by \$923.7 million based on actuarial value of assets. However, starting in fiscal year 2004-05, the City's will contribute an estimated \$44.6 million in employer contribution, which is 4.48% of pensionable salary.

APPENDIX B

CITY AND COUNTY OF SAN FRANCISCO ECONOMY AND GENERAL INFORMATION

Area and Economy

The corporate limits of the City and County of San Francisco (the "City") encompass over 93 square miles, of which 49 square miles are land, with the balance consisting of tidelands and a portion of the San Francisco Bay (the "Bay"). The City is located on a peninsula bounded by the Pacific Ocean to the west, the Bay on the east, the entrance to the Bay and the Golden Gate Bridge to the north and San Mateo County to the south.

The City is the economic center of the nine counties contiguous to the Bay: Alameda, Contra Costa, Marin, Napa, San Francisco, San Mateo, Santa Clara, Solano and Sonoma Counties (the "Bay Area"). The economy of the Bay Area includes a wide range of industries, supplying local needs as well as the needs of national and international markets. Its major industries include heavy manufacturing, high technology, semi-conductor manufacturing, petroleum refining, biotechnology, food processing and production and fabrication of electronics and aerospace equipment. Non-manufacturing industries, including convention and tourism, finance and international and wholesale trade, are characteristic of the City and are also major contributors to economic activity within the Bay Area.

Population and Income

The City had a population estimated by the State of California (the "State") Department of Finance Demographic Research Unit, at 791,600 as of January 2003, ranking it the fourth largest city in California after Los Angeles, San Diego and San Jose. The table below reflects the population and per capita income of the City and the State between 1999 and 2003.

	POPU	LATION AN	ID INCOME	
		1999 - 2 0	03	
			San Francisco	California
	City and County	State of	Per Capita	Per Capita
Year	of San Francisco	California	Income	Income

Conventions and Tourism

During the calendar year 2002 approximately 15.7 million people (130,000 average per day) visited the city, generating roughly \$5.9 billion. On average, these visitors spent about \$127 per day and stayed three to four nights.

Hotel occupancy rates in San Francisco averaged 67.9% in calendar year 2003, an increase of 5.0% over the previous year; however, hotel room rates continued to decrease throughout 2003. Average daily San Francisco room rates for fiscal year 2003 were approximately \$138 per night, down 5.1% from 2002 levels.

Although visitors who stay in San Francisco hotels account for only 36% of total out-of-town visitors, they generated 68.1% of total spending by visitors from outside the Bay Area. It is estimated that 44% of visitors come to the City are on vacation, 30% are convention and trade show attendees, 25% are individual business travelers and the remaining 1% are en route elsewhere. International visitors make up 36% of all visitors. Approximately 45% of the City's international visitors are from Europe and the United Kingdom, 31% are from Asia, 9% are from Canada, 5% are from Australia and New Zealand, 5% are from Central and South America, 3% are from Mexico, and 2% are from Africa and the Middle East. The following illustrates hotel occupancy and related spending from calendar years 1999 through 2003.

CITY AND COUNTY OF SAN FRANCISCO San Francisco Overnight Hotel Guests (000s)					
Calendar Year	Annual Average Hotel Occupancy	Total Visitors Staying in Hotels or Motels	Total Hotel Visitor and Convention Related Spending		
1999	80.7%	4,180	3,590,000		
2000	81.9%	4,300	4,288,000		
2001	67.0%	3,550	3,700,000		
2002	65.4%	3,470	3,500,000		
2003	67.9%	N/A	N/A		

TABLE B-2

According to the San Francisco Convention and Visitor Bureau, as of April 1, 2004, convention business is almost at full capacity at the Moscone Convention Center and is at strong levels at individual hotels providing self-contained convention services. The City completed construction of an expansion to the Moscone Convention facilities in Spring 2003. With the expansion, the Moscone Convention Centers offer over 700,000 square feet of exhibit space covering more than 20 acres on three adjacent blocks.

Employment

The City has the benefit of a highly skilled, professional labor force. Key industries include tourism, real estate, banking and finance, retailing, apparel design and manufacturing. Emerging industries include multimedia and bioscience. According to the State of California Employment Development Department, the unemployment rate for San Francisco remained stable at 5.0 percent between February and March 2004. This rate is in comparison with an adjusted unemployment rate of 6.6 percent for California and 6.0 percent for the nation during the same period.

Total citywide employment peaked at just over 586,491 jobs in 2001, an increase of almost 10,000 from 1998. Based on 2002 estimates, total citywide employment is about 548,000 indicating a loss of about 39,000 jobs from 2001.

TABLE B-3

Taxable Sales

The following table reflects a breakdown of taxable sales for the City from 1998 to 2002. Taxable sales information for 2003 taxable sales is not yet available. Total retail sales decreased in 2002 by 23% compared to 2001. When business and personal services and other outlet sales are included, taxable sales decreased by 14% in 2002.

Building Activity

Table B-5 shows a summary of building activity in the City for fiscal years 1998-99 through 2002-03, during which time approximately 13,578 total housing units were authorized in the City (both market rate and "affordable housing"). The total value of building permits was \$1.3 billion in fiscal year 2002-03.

CITY AND COUNTY OF SAN FRANCISCO Building Activity 1999-2003							
Fiscal Year	Authorized			.,			
Ended June 30	New	Residential	lue of Building Per Non-Residential	Total			
	0						
1999	4,057	\$552,300,771	\$1,924,558,750	\$2,476,859,521			
2000	3,357	368,791,123	1,242,879,291	1,611,670,414

2003	1,693	234,997,191	1,108,463,214	1,343,460,405			

Banking and Finance

The City is a leading center for financial activity. The headquarters of the Twelfth Federal Reserve District is located in the City, as are the headquarters of the Eleventh District Federal Home Loan Bank and the regional Office of Thrift Supervision. Wells Fargo Bank, First Republic Bank, Union Bank of California, United Commercial Bank, and Bank of the Orient are headquartered in the City, along with the Pacific Stock Exchange, and Charles Schwab & Co., the nation's largest discount broker. Investment banks located in the City include Banc of America Securities LLC, Deutsche Banc Alex Brown, Thomas Weisel Partners LLC, and Pacific Growth Equities.

Table B-6 below lists the ten largest employers in the City as of December 2003.

As of December 2003										
Employer Number of Employees Nature of Business										
City and County of San Francisco	28,718	Local government Health services								
University of California, San Francisco	8,630									
Wells Fargo & Co. Inc.	7,279	Banks								
State of California	7,048	State government								
San Francisco Unified School District 6,600 Educat										
United States Postal Service, San Francisco District	5,295	Mail delivery								
AT&T 5,200 Telecom										
PG&E Corp.	4,700	Energy								
SBC Communications Inc.	4,600	Telecommunications								
California Pacific Medical Center	3,800	Health care								

Commercial Real Estate

According to the 4th Quarter 2003 Report from Grubb & Ellis, the City's office market has continued to experience positive market performance. During 2003, net absorption went from a negative 324,000 square feet to a positive 139,000 square feet. Vacancy ended the year at 23.4% decreasing from a high point of 24.1% during the second quarter. However, there is currently 14.7 million square feet of vacant space that will take years to absorb. Market-wide lease rates continued steady at \$27.87 per square foot for Class A, and \$20.45 per square foot for Class B space. Total square footage was 62.7 million square feet.

Major Development Projects

The downtown Union Square area is the City's principal retail area and includes Macy's, Neiman Marcus, Saks Fifth Avenue, Levi's, NikeTown, Disney, Crate and Barrel, Borders Books, Nordstrom, Williams Sonoma and Virgin Records. The recent completion of the Union Square Improvement Project including reconstruction of the Union Square Garage has benefited the area in terms of accessibility. The newly

refurbished Union Square Park is now a hub for activities and events, gatherings, rallies, performances, and art exhibits.

The construction of the Westfield San Francisco Center (including Bloomingdale's) on the site of the former Emporium-Capwell building between Market Street and Mission Street and 4th and 5th Streets is currently underway. It is estimated that this will be a \$410 million project. The 1.2 million square foot retail, office, and entertainment complex is expected to be complete in 2006. Upon completion the center is expected to draw much business to the developing area resulting in an estimated \$9.7 million in tax revenues. It will provide approximately 1,900 permanent jobs and roughly 1,000 construction jobs.

Another commercial development project planned in the City is the Fillmore Renaissance Center, a mixed-use commercial and residential project at Fillmore and Eddy Streets in the Western Addition area of the City known as the Fillmore Jazz Preservation District. The project will include a Fillmore branch of Oakland's Yoshi's Jazz Club & Restaurant, a soul fusion of restaurants and lounges, approximately eighty condominium units (15% of which are designated "affordable") and a public parking garage.

Development has begun at the Mission Bay site, portions of which are owned by the City and the Port of San Francisco. The development utilizes 303 acres of land and consists of 6,000 residential units, (28% of which will be affordable units), office and commercial space, 863,637 square feet of retail space, a new public school, 51-acres of parks and recreational areas, and a 500-room hotel. In addition, the University of California is constructing a 2,650,000 square foot biotechnology campus on a 43-acre site in Mission Bay.

The Octavia Boulevard Project, begun in 2003, will be a ground-level six-lane boulevard between Market and Hayes Streets. The redevelopment of this freeway system has opened up approximately 7.2 acres of property to be used for the construction of 750-900 housing units.

Redevelopment of the former Hunters Point Naval Shipyard on San Francisco's southern waterfront is expected to begin in the summer of 2004. The 90-acre first phase of development is expected to comprise 1,600 housing units, 300,000 square feet of commercial uses, 34 acres of open space and other community amenities. Future phases of this 500-acre redevelopment effort will include additional residential and commercial development, with a focus on light industrial and research and development uses.

Transportation Facilities

San Francisco International Airport

San Francisco International Airport ("SFO"), located approximately 14 miles south of downtown San Francisco, is a major commercial airport and has been serving the San Francisco Bay Area and Northern California for over 75 years. Traffic reports submitted by the airlines for fiscal year 2002-03 show that SFO served over 29 million passengers (enplanements and deplanements), and handled a total of 342,676 flight operations, 323,363 of which were scheduled air carrier operations. During fiscal year 2002-03, scheduled passenger aircraft arrivals and departures decreased by 4.5% and total enplanements decreased by 5.7% over the previous year.

Based on Airports Council International final ranking for calendar year 2002, SFO was ranked the eleventh most active airport in the United States in terms of total passengers. In fiscal year 2001-02, the most recent year for which complete data are available, approximately 73% of passenger traffic at the Airport was origin and destination traffic, which is generally not dependent on airline hubbing practices.

During fiscal year 2002-03, 60 airlines served the Airport with non-stop and one-stop service to 110 cities in the United States, and 23 of these airlines provided service to 62 international destinations. In fiscal year 2002-03, SFO handled 606,900 thousand metric tons of cargo and was ranked 13th in the United States in terms of air cargo volume, according to Airports Council International final ranking for calendar year 2002.

Following the terrorist events of September 2001 in New York, NY and Washington, DC, management at SFO developed a detailed financial plan to address the anticipated decline in revenues. Management and staff at SFO identified numerous expenditure reductions as well as additional funding sources, including the use of passenger facility charge revenues. Management continues to adhere to these plans and as a result does not anticipate a large deficit for the current fiscal year.

On December 9, 2002, UAL Corp. ("UAL"), the parent company of United Airlines, filed for protection under Chapter 11 of the U.S. Bankruptcy Code. UAL accounts for approximately 34% of total operating revenue at SFO. The filing under Chapter 11 permits a company to continue operations while it develops a plan of reorganization to address its existing debt, capital and cost structures.

On December 10, 2002, the U.S. Bankruptcy Court approved a series of motions, including a motion ordering the payment of sales and use taxes, transportation taxes, fees, passenger facilities charges and other similar government and airport charges. United Airlines therefore has been granted authority to pay certain ongoing landing fees, passenger facilities charges and similar charges to SFO and other parties, whether incurred prior to or after the bankruptcy filing. United Airlines has remained current in its payments to the Airport for rents and landing fees since January 2003.

Table B-7 presents certain data regarding SFO for the last five fiscal years.

SAN FRANCISCO INTERNATIONAL AIRPORT Passenger, Cargo and Mail Data for Fiscal Years ending June 30, 1999 through 2003								
	Passenger	s	Cargo Traffic

2002	30,942,135	-20.1%	467,301	93,953				
				89,469				

Port of San Francisco

The Port of San Francisco (the "Port") consists of 7.5 miles of San Francisco Bay waterfront which are held in "public trust" on behalf of all the people of California. The State transferred responsibility for the Port to the City in 1968. The Port is committed to promoting a balance of maritime-related commerce, fishing, recreational, industrial and commercial activities, as well as protecting the natural resources of the waterfront and developing recreational facilities for public use.

The Port is governed by a five-member Port Commission which is responsible for the operation, management, development and regulation of the Port. All revenues generated by the Port are to be used for Port purposes only. The Port receives no operating subsidies from the City, and the Port has no taxing power.

The Port posted a decrease in net assets of \$6.4 million for fiscal year ending June 30, 2003. Port properties generated \$54.5 million in operating revenue in fiscal year 2002-03 as shown in the table below.

PORT OF SAN FRANCISCO FISCAL YEARS 2002 AND 2003 REVENUES (\$000s)

In June 1997, the Port Commission adopted a Waterfront Land Use Plan (the "Port Plan"), which established the framework for determining acceptable uses for Port property. The Port Plan calls for a wide variety of land uses which retain and expand historic maritime activities at the Port, provide revenue to support new maritime and public improvements, and significantly increase public access.

As a result of the finalization of the Port Plan, there are currently several major development projects in negotiation and/or construction including: a mixed use recreation and historic preservation project at Piers 27-31; a hotel development at the corner of Broadway and the Embarcadero; a mixed use historic preservation and reuse of Piers 1½-5; an international cruise and mixed use office/retail complex in the South Beach area of San Francisco that will involve the construction of a condominium tower project, a new cruise terminal, an office and retail development, and a new waterfront park known as Brannan Street Wharf.

A \$70 million renovation of the Ferry Building and Rincon Park, a two-acre park and public open space located on Port property, were completed in FY 2002-03. The park was a collaborative effort of the Port, the San Francisco Redevelopment Agency, and Gap Inc.

An \$18 million project to relocate and expand the Downtown Ferry Terminal, and a \$7 million project to provide new berthing and auxiliary facilities for commercial fisherman at Hyde Street Harbor were both completed during fiscal year 2001-02.

Other Transportation Facilities

The San Francisco Bay is surrounded by nine counties comprising the Bay Area. Although the Bay itself creates a natural barrier for transportation throughout the region, several bridges, highways and public transportation systems connect the counties. The majority of the transportation mechanisms throughout the Bay utilize San Francisco as a hub, and provide access into the City itself for jobs, entertainment, shopping and other activities. The major transportation facilities connecting the City to the remainder of the region include the Golden Gate and Bay Bridges, the Bay Area Rapid Transit rail line, CalTrain, the Valley Transportation Authority, and the Alameda-Contra Costa, San Mateo, Santa Clara and Golden Gate Transit Districts' bus lines. Public and private companies also provide ferry service across the Bay.

Other transportation services connect the Bay Area to the State, national and global economy. In addition to the San Francisco International Airport, the San Francisco Bay Area is served by two other major airports: the Oakland International Airport in Alameda County, and the San Jose International Airport in Santa Clara County. These airports also serve the Bay Area's air passengers with service to all major domestic cities and many international cities and are important cargo transportation facilities.

The Port of Oakland is an important cargo and transportation facility to the Bay Area as it provides a strong link to the Pacific Rim. The Port of Oakland is served by three major railroads with rail lines and/or connections to the Midwest and beyond.

Public School System

The City is served by the San Francisco Unified School District (the "District"). The District has a board of seven members who are elected Citywide. Schools within the District are financed from available property taxes and State, Federal and local funds. The District operates thirty-five child development centers; seventy-six elementary schools, including sixty-nine K-5 elementary schools, seven K-8 elementary schools, one charter K-5 and one charter K-8 schools, two charter grade 5-8 schools, and five charter grade 9-12 schools; eighteen middle schools (grades 6-8); seventeen senior high schools, including fourteen schools serving grades 9-12, two continuation schools and one independent study alternative high school and various county school services.

Colleges and Universities

Within the City, the University of San Francisco and California State University at San Francisco offer full four-year degree programs of study as well as graduate degree programs. The University of California, San Francisco is a health science campus consisting of the schools of medicine, dentistry, nursing, pharmacy and graduate programs in health science. The Hastings College of the Law is affiliated with the University of California. The University of the Pacific's School of Dentistry and Golden Gate University are also located in the City. City College of San Francisco offers two years of college-level study leading to associate degrees.

The nine-county Bay Area region includes approximately twenty public and private colleges and universities. Most notable among them are the University of California at Berkeley and Stanford University. Both institutions offer full curricula leading to bachelors, masters and doctoral degrees, and are known worldwide for their contributions to higher education.

CITY AND COUNTY OF SAN FRANCISCO OF FICE OF THE CONTROLLER	average of \$80 per square foot in July of 2000, to around \$22 per square foot by June 2003. ⁵ San Francisco's downtown business district is now affordable for companies previously priced out of the local market, particularly small businesses, with approximately 45 percent of the vacant space in the range from one to 5,000 square feet. ^{**} Substantially lower office rental rates have made it more economic to locate in San Francisco and have contributed to the recovery in professional service jobs in the City.	Despite weaknesses in areas of the economy, property values in San Francisco remain among the highest in the nation. Since 1993, San Francisco's median home price has increased by nearly 96 percent and the Bay Area's ongoing need keeps upward pressure on the City's residential real estate market. Despite steady construction, including 1279 us units of housing permitted during fiscal year 2003, a	housing shortage persists. The gap between demand and supply has contributed to a steadily worsening affordability gap in the City, with homeownership remaining out of reach for most residents and workers. As of June 2003, the median price for an average single family home in San Francisco had increased slight from the prior year and stood at \$543,000, a level that was affordable	by less than 25 percent of the population. ¹⁰ As of November 2003, the average assessed valuation in the City stood at \$265,000 for single family homes and \$365,000 for a condominium—both averages tend to be lowner because the limits on property tax increases under California's Proposition 13 provide incentives for owners to buy and hold property. Partly due to these affordability hurdles and market conditions, 65 neuron of the City-stealents transition that incher and only 35 neuron tow. ¹⁰ substantially below the national	average where 68 percent own their homes. ¹⁶ Affordable housing continues to be built and developed in the City, funded in part by a \$100 million general obligation bond issue approved by the voters in 1996. During the November 2002 election, however, voters rejected an additional \$250 million bond authorization, and the City is therefore exploring other options for housing construction and purchase programs.	The City's property tax revenue, the single largest source of tax revenue for the City's general fund, has grown in some cases by as much as 12 percent annually over the last five years, reflecting the steady growth in property values and prices during the time period. In fiscal year 2002-2003, this trend softened, with property tax revenues relatively flat overall, partly as a result of an increasing number and value of assessment appeals. Trends in other sources of local tax revenue have been more typical of the downturn in the business cycle, with hole room, sets, parking, and other local taxes decreasing as much as 30 percent in the period of steepest decline from the fiscal year 2000-2001 peak to fiscal year 2001-2002.	Over these last two fiscal years, hotel room tax revenues have exhibited among the most severe downturn, dropping from \$188 million in fiscal year 2000-2001 to \$132 million in fiscal year 2001-2002 and \$127 million in fiscal year 2002-2003. Budgeted growth of five percent is forecast during fiscal year 2032-2004, which would mean revenues commensured with the level of fiscal year 1996-1997. This trend represents a significant loss of funding for local cultural institutions and general City services which the government has had to absorb since 2001.	At San Francisco International Airport (SFO) passenger traffic continued to decline due to a number of factors including the sluggish economy, the war in Iraq and the outbreak of SARS in the Far East. Compared to the previous year, passengers using the airport in fiscal year 2002-2003 decreased by 5.8 percent from 31.6 million to 29.8 million. The Convention and Visitors Bureau estimates that 14 million people visited San Francisco in calendar year 2022, a 12.5 percent decrease from the year before. Visitor spending in the C12, obtained approximately \$5.9	billion for the calendar year, down by 9.2 percent from the 2001 level of \$6.5 billion. ⁵ In the two years prior to the travel downtum associated with both September 11 and with the contraction in the business cycle, hotel occupancy rates in the City averaged around 80 percent. During fiscal year 2002-2003 this figure	 Source: Newmark, Office Market Report, Second Quarter, 2003 Source: San Francisco Quarterly Economic Briefing, April 2003 Source: Canifornia Association of Realors Source: San Francisco Quarterly Economic Briefing, April 2003 Source: San Francisco Quarterly Economic Briefing, April 2003 Source: U.S. Census Bureau Housing Vacancy Survey Third Quarter 2003 Source: San Francisco Convention and Visitor's Bureau
CITY AND COUNTY OF SAN FRANCISCO OFFICE OF THE CONTROLLER	This CAFR includes the financial activities of the primary government, which encompasses several enterprise activities, as well as all of its component units. Component units include legally separate entities for which the primary government is financially accountable and that have substantially the same board as the City or provide services entity to the City. For reporting purposes the operations of the San Francisco County Transportation Authority, the San Francisco Parking Authority, and the San Francisco Francisco Countable are blended with the City. In addition, there are two component units, the San Francisco Cornoration are blended with the City.	Redevelopment Agency and the Treasure Island Development Authority, which are legally separate entities but which have some financial interdependency with the City. For reporting purposes these entities are shown as discretely presented component units. SAN FRANCISCO'S GOVERNMENT, ECONOMY AND OUTLOOK	San Francisco is the economic and cultural hub of the Bay Area. The county is geographically the smallest in California, occupying just forty-seven square miles of land, but is the most densely populated in the	state. The population has grown by approximately six percent over the past ten years, to 791,600. ¹ San Francisco is racially and ethnically diverse, with minority groups combining to represent just over 56 percent of the population and no single group forming a majority. ¹	San Francisco is a charter city, exercising the powers and duties of both a city and county. The elected Mayor of San Francisco serves as the executive, and appoints the heads of most city departments. Many departments are also advised by commissions or boards whose members are appointed either by the Mayor, or in some cases, by a combination of the Mayor, the Board officials. Flarved officials include the Assessor-Brancher, City Attornev, Dubirci Attornev, Dubirci Defender,	Treasurer, and Sheriff. In November 2000, the eleven members of the Board of Supervisors were elected by district for the first time since the 1970s. In order to provide for staggered terms of office, a lottery was held which determined that members elected to seats in the City's even-numbered supervisorial districts would serve a two-year initial term, with elections for these seats conducted again in the fall of 2002. All Board of Supervisors seats are now on the cycle of full four-year terms, with elections in even-numbered years.	In 2001 the United States economy contracted for the first time in ten years, with significant losses in the stock market, rising unemployment, and decreasing consumer confidence. With an injb concentration of technology and internet companies, the Bay Area has been hit hard by the economic slowdown. San Francisco lost approximately 65,000 to 75,000 jobs in the current downtum, nearly twice as many as were lost in the last significant recession of 1991-1993. ¹¹ Job losses pushed the unemployment rate to a	pask of 7.5 percent in July 2002. By the close of the City's fiscal year in Jule of 2003, San Francisco's unemployment rate had improved slightly and stood at 7.4 percent, but was still slightly worse than that of California as a whole at 6.8 percent. ¹⁰ While the softening of the technology sector has stalled the local economy, some professional services categories that have long been critical to San Francisco's economy have displayed stability or growth over the last three years. Legal services, publishing, insurance, and securities, after experiencing some job losses, have recovered and improved to the point where these industries together now employ several thousand more people than during the economic peak in 2000.	Downtown office vacancy rates, which decreased steadily for over eight years in the 1990s, dropping below one percent at certain points, have reversed and increased in each of the last two fiscal years. However by the middle of fiscal year 2002-2003 that trend had begun to stabilize and occupancy stood at levels comparable to the mid 1990s, before the run-up associated with the technology boom. At the close of the fiscal year the overall vacancy rate was d171 percent, including both direct and sublet space. Asking prices for office space rents have similarly declined from the high point by as much as 73 percent, from an	Source: California Department of Finance Source: United States Census Source: San Francisco Quartenty Economic Briefing, April 2003 Vource: Employment Development Department

CITY AND COUNTY OF SAN FRANCISCO OFFICE OF THE CONTROLLER	CITY AND COUNTY OF SAN FRANCISCO OFFICE OF THE CONTROLLER
averaged 66 percent, a slight increase from the 63 percent rate in fiscal year 2001-2002. Occupancy rates for fiscal year 2003-2004 are projected to improve, as convention business is slated to be stronger.	was completed in October 2002 and opened in 2003, and a second facility, the Genetics Development and Behavioral Sciences Building, was completed in August 2003.
While the economic contraction in the nation and the Bay Area have affected the City's economy. San Francisco overall retains a solid foundation of business and inclustry diversification. The City's economic base includes national and global companies and locally owned small businesses. San Francisco has large employers ranging from Providian Financial to The Gay, with set and businesses. San Francisco has with 96 percent of businesses employing fewer than fifty people. ²⁰ San Francisco is a financial and banking center of the West, with the Pacific Stock Exchange, Wells Fargo Bank and Chanles Schwab among others headquartered here; in banking activity. San Francisco is an Kink Citw. The City also functions as a center of world and Pacific Rink trade, with foreign consulates, trade offices, and significant activity in import/export and foreign investment.	San Francisco's water system, including the Hetch Hetchy reservoir, other reservoirs in the Bay Area and the Sterra and network of pipelines, tunnels and other facilities, deliver water to approximately 2.4 million people in the City and surrounding communities. The City's sewer system provides services to residents and businesses within San Francisco. In November of 2002, San Francisco voters approved two ballot measures that position the City Public Utilities Commission (PUC) to build needed repairs and improvements throughout the system. A \$1.6 billion bond measure, financed by the rates charged to retail water users, together with \$2 billion in additional financing to be provided by the system's wholesale customers, will allow for seismic strengthening, upgrades in water storage systems, and improvements to distribution facilities. The second measure provided billion bond distribution facilities.
MAJOR INITIATIVES AND ACHIEVEMENTS	water and sewer facilities, effectively repeals a sewer rate freeze which had been imposed in 1998, and gives the PUC more control over its contracting, employment, and francing employment practices. Taken together, these changes give the PUC a significantly improved operating environment and will allow the agency to more effectively meet customer demands for reliable and quality utility services in the years to
A number of significant initiatives, outlined below, are underway in San Francisco that will have a positive effect on the City's economic health and its ability to provide services to residents and businesses.	come. <u>Transportation</u>
Economic Development	The City and the Bay Area's economic health and quality of life are recognized as
San Francisco's new Moscone West Convention Center officially opened in June 2003. The 300,000 square foot addition to the City's convention facilities is located at Fourth and Howard Streets half a block west of the existing Convention Center and next to Yerba Buena Center—a center of downtown activity with theaters, real, restaurants, and open space. The new building offers glass-walled, light-filled lobbies on three levels, movable walls on the second and third floors which can be configured into highly flexible meeting, exhibit, tradeshow and classroom space designs, and a hadret-style area on the third floor which can accommodate up to 7,000 people. Moscone West the new you leak to possible for San Francisco to attract convention business that would have otherwise been turned away due loak of stifficient space or available detaes. Confirmed events hocked thronch 2013 at the new you to lack of San Francisco to attract	being linked to its capacity to move people and goods efficiently throughout the nine-county area. In December of 2002, the City joined the other members of the regional Metropolitan Transportation Commission (MTC) in launching a new 511 information system providing real-time information via phone and web access on road and traffic conditions, transit information, and other services such as vanpool acticing throughout the Bay Area. MUNI is a critical link in this and other regional efforts including a pilot program now underway with five other local transportation systems to implement TransLink, a smart-card system that will eventually be usable on all 21 transportation systems in the greater Bay Area.
\$950 million in direct expenditures in the City.	BART opened four new stations in the summer of 2003 on the San Mateo peninsula south of the City including the station at SFO. The new BART connection provides direct rail service from downtown San
San Francisco's Embarcadero and waterfront were connected to the City in a new way in March 2003 with the reopening of the Ferry Building, complete now after a three-year, \$90 million preservation effort by the Port of San Francisco. The building has been restored with glass fronts on the eastern side of the building facing the Bay, brick and marble surfaces throughout, and the re- creation of the contral hall over 650 feet hon and liuminated with vaulted	Francisco and the Bay Area to the Airport for the first time. A trip from downtown to the SFO station takes approximately 30 minutes at a cost of \$4,95. The BART station is connected to all terminals through the AirTrain, SFO's new automated people mover. The \$430 million electronic system runs 24 hours a day on rubber wheels atop a concrete guideway. Opened in February 2003, AirTrain takes travelers to the passenger terminals and also to Airport parking and rental car lots on its five-mile circuit.
With skylights. The first floor tenants, some operational and others still under construction, are primarily producers and vendors of local and gourmet food and wine, plus a number of new bars and restaurants. Prime office space makes up	San Francisco continues to invest in its light rail system, the MUNI Metro, which serves the downtown underground along the Market Street corridor, fans out into above ground service in the neighborhoods west and south, and includes the historic F-line streetcar service from Castro Street down Market Street
the second floor. The Ferry Plaza Farmer's Market moved back to its traditional location in the summer of 2003, taking over the public spaces in front and back	and along the Embarcadero bayfront to Fisherman's Wharf. The major expansion project now underway, the Third Street light rail, will link communities in the City's southeast neighborhoods to South Market
or the building on Saturdays and Inurseays. Inaverers going to and inore the Marin, Oakland/Alameda and North Bay ferries are able to take advantage of the restored Ferry Building's public restrooms, new plazas, refurbished walkways, lighting and landscaping.	Mission bay, downrown, and the rest of the Metro system. Construction of Prase 1, which links the 4° and King Street area to the Bayshore Calitrain station, proceeded in fiscal year 2002-2003 with underground electrical work in the Mission and Islais Creek areas completed, and a contract for construction of the new monon-mission and the rest of the new construction of the new
Housing and infrastructure development continues in the City's newest neighborhood in Mission Bay, south and east of downtown. Over the 20 to 30 year development period of Mission Bay, the area is projected to create over 31 000 new nermanent inhs and hundreds of oncoind iobs in construction. The Third Street	a tour million meter and the second secon
Light Rail being built by the Municipal Railway (MUN) will serve as the primary transit conduit for the area. Light Rail being built by the Municipal Railway (MUN) will serve as the primary transit conduit for the area, which will also include approximately 1,700 affordable housing units, over 50 acres of open space, a new public school, and new Fire and Police station. Construction has been completed on 384 residential units, 27,500 square feet of neighborhood-serving retail, 285,000 square feet of commercial office space, and 555,000 square feet of file science research space and other facilities for the University of California San Francisco medical complex. The largest of the planned medical research buildings, UCSF Genentech Hall,	delivered a third year of special expanded hours service to the new downtown baseball stadium, ParBell Park, with ridership increasing to approximately 8,000 people on average for home Giants games. A series of information technology improvements at MUNI got underway in fiscal year 2002-2003 including a new maintenance and inventory system, new scheduling and dispatch, and expansion of the <i>NextBus</i> information system—providing expected bus arrival and wait time information for passengers at street stops.
Source: PKF Consulting Source: San Francisco Chamber of Commerce	The challenge of financing local public transit improvements and operations has been met creatively by both government and citizans over the last two fiscal years. New funding has come from two series of lax-

advantaged public-private leases of MUNI's Breda light rail cars, a fare increase in September 2003 on MINI for the first time in more than ten wars, and increases to parking meter and garage rates that	Cultural and Recreational Facilities
worth the transit system. Unlike many large urban theorem by puring more provide the transit system. Unlike many large urban transportation systems, MUNI has been able to support the transit system. Unlike many large urban transportation systems, MUNI has been able to belance its budget and avoid service reductions during the current economic downturn. San Francisco voters also approved, in November 2003, a more than twenty-year extension of a one-half cent sales tax which funds transit, congestion management, road repair and other transportation improvements.	The revitalization of the City's Civic Center achieved another significant milestone in March 2003 with the completion and grand opening of the City's Asian Art Museum—Chong Moon Lee Center for Asian Art and Culture. The opening completes an eight-year effort, financed with \$51 million in voter-approved bonds and over \$100 million in private gifts, to create a new home for the Museum's world-renowned collection of
The 1989 Loma Prieta earthquake resulted in damage to and the eventual demolition of a number of elevated freeways in San Francisco including those along the Embarcadero and in the Hayes Valley area crossing over Market Street. The last of these demolitions was completed in the spring of 2003, with the ramps to Fell Street and the north Mission area being razed in preparation for construction of the new Octavia Boulevard. Octavia Street will be widened to a four lane two-away roadway separated by a central	nearly 15,000 pieces representing cultures throughout Asia. The City's former Main Library, a 1917 Beaux Arts building, has been transformed into 40,000 square feet of galleries, educational and conservation space, while preserving historically significant architecture and features of the original building. The new facility more than doubles the number of objects from the collection that can be displayed, and includes a cafe, museum store, and terrace overlooking a refurbished public promenade on Fulton Street facing the new Main Library.
median, and marked on enter side by a one-way sucer will on-sucer programs promow. Who may any medians, and medians, roadway, and sidewalks will include installation of new traffic signals, light fixtures, tree plantings, and benches. The intent of the new boulevard, which will begin construction in 2004, is to provide a smooth transition of vehicle travel from local streets to arterials, and from those arterials to the remaining portion of the elevated new Central Freeway. Also among the street improvements in the City during the year was completion of a project to underground utilities, build streetscape improvements, and resurface the road along the major commercial and residential corridor on Ocean Ave.	Construction at the Conservatory of Flowers was nearing completion at the end of fiscal year 2003. A gala re-opening was held in September 2003 for the unique 1878 Victorian building (see cover photo). The building is the oldest glass and wood conservatory in the United States, housing a collection of 1500 specimens of rare and endangered species, including carnivorous plants and a world-famous orbid collection. The Conservatory has been closed since 1995 when whiter storms and 100 mph winds shattered over 40 percent of the glass panes and destroyed thousands of plants. The meticulous restoration of the Conservatory required specificed experilized expertise to re-use the original redwood and glass restoration of the Conservatory regulated expertise to re-use the original redwood and glass

The total project cost was over \$25 million, including \$15 million in private donations raised by the Ficheds of Recreation and Parks, a non-profit partner to the City's Recreation and Park concentrates to an anomine collebration halveauth ha non-profit partner to the City's Recreation and Park
San Francisco's \$100 million Affordable Housing and Home Ownership Bond Program, approved by the voters in 1996, combined with federal, state and other funding that the City has been able to leverage, successfully developed approximately 2.200 units of housing and basilist and assisted approximately 250 low and moderate-income households to become first-time homebuyers. Significant approximately 250 low and moderate-income households to become first-time homebuyers. Significant approximately 250 low and moderate-income households to become first-time homebuyers. Significant approximately 250 low and moderate-income households to become first-time homebuyers. Significant affordable housing projects completing construction during the year include Rich Sorro Commons (100 units of family rental housing). SOMA Studios (162 units of family trental housing). SOMA Studios (162 units of family trental housing). An additional 71 units or beck were rehabilitated in four developments for special needs housing, including households that were formerly homeless and/or living with HIV/AIDS. The Treasure Island Homeless Development intitative continued to develop housing on the former military base in San Francisco Bay, with renovation of 84 units of housing for homeless families getting underway in April 2002.	Department. An origing conductor between the two operations are not supported by a propertie of the conservatory. Condend state Park's other public and arts institutions also saw significant events during the year. Demolition of the old DeYoung Museum structures and site preparation for the new building was completed, and construction is underway for a scheduled opening in 2005. Across the concourse, the City's Academy of Sciences closed at the end of 2003 in preparation for relocation to a closed at the end of 2003 in preparation for elecation to a closed at the end of 2003 in preparation for elecation to a closed at the end of 2003 in preparation for elecation to a closed at the end of 2003 in preparation for elecation to a closed at the end of 2003 in preparation for elecation to a closed at the end of 2003 in preparation for elecation to a closed at the end of 2003 in p
The majority of the individuals assisted by the City's affordable housing programs are considered at higher risk for homelessness and eviction-households headed by women, families with children, and seniors, with few other opportunities to become homeowners in San Francisco. As noted above, however, voters rejected a proposal for a second, \$250 million affordable housing bond in November 2002, and the City is currently exploring other ways to fund affordable housing bond in November 2002, and the City is	A two-year, \$16 million renovation of the City's 27-hole municipal golf complex at Harding Park was completed in July 2003, with the course re-opened to the public in August. The project was funded with California Resource Bonds, and an innovative fee structure will keep play affordable for local residents. The renovation respects the 1925 design of the original course, while adding bunkers and re-contoured surfaces. Added yardage on the course enhances Harding's ability to host professional golf werks. The surfaces are recontinged to the original course will be adding bunkers and re-contoured surfaces.
Groundbreaking was formally held in November 2003 for the new Laguna Honda complex, the City's project to rebuild existing hospital facilities, build supportive care housing and provide a complete continuum of long-term healthcare services. Financed by general obligation bonds, tobacco settlement continuer and suppremental Madiraria havements the new Hanina Hanina Hanina.	Professional Golf Association (PGA) is a partner in the project, and the first PGA event will take place at the refurbished courses in October 2005. Other improvements include a new driving range and maintenance facility. The Harding Park Golf Courses will also serve as a home base for the San Francisco First Tee Program, a youth golf and life skills teaching project.
notes any superimental metucatory partners, the projects Environmental Impact Reports and environmental, seismic, and technological standards. The projects Environmental Impact Reports and community consultation processes were substantially completed in 2002, however community outreach and update efforts continue throughout construction of the project. Trenching and utility installation is currently underway, and construction activities will ramp up in early 2004.	In February 2003, the City opened Rincon Park, a new two-acre park and public open space along the San Francisco waterfront. Stretching 1,000 feet from the foot of Folsom Street, the park has new lawns, landscaping, seating along architectural walls, a waterfront promenade and a sculpture, Cupid's Span, by artists Claes Oldenburg and Coosie van Bruggen, framing views of San Francisco Bay, Transue Island,
With improvements made to San Francisco's 911 and wireless phone carrier systems, cell phone users gained faster access to emergency services as of July 2002. The City's 911 Center can now receive emergency calls directly from the user instead of having them routed through the California Highway Patrol, emergency calls given the user instead of carbine this milestone. A second stage of this effort will implement changes giving the City better location information from cell phones, allowing tracking of calls where the user cannot or does not give an accurate location for emergency response.	and beyond. The park joins anonner significant complexiout in the mucur point-control and adevelopment Area, of China Basin Park Located along McCovey Cove south of Pacific Bell Park. China Basin Park is a collaborative project of the Port, Redevelopment Agency, other local agencies and private funders, and the Giants, who constructed facilities including landscaping, historical markers and private areas. The Giants, who constructed facilities including landscaping, historical markers and private areas. The Giants will maintain the area until 2010, when it will be turned back over to the Port of San Francisco for maintenance.

vii

CITY AND COUNTY OF SAN FRANCISCO OF THE CONTROLLER	 A consistent proportion of residents—almost half of survey respondents, choose "fair" in assessing how well local government provides services overall. Residents of the southeastern part of San Francisco feel the least safe in their neighborhoods, and experience more crime than residents of other areas of the City. They are also less satisfied with the City's parks, MUNI, street conditions, and overall local governmance. 	 Choosing among key services on a question related to the City budget, survey respondents are most willing to protect funding for fire/emergency medical services and health services. They are most willing to cut funds for street cleaning and parks and recreation. Those with household incomes of less than \$50,000 per year express more support for funding health and human services than higher-income residents. 	OTHER FINANCIAL INFORMATION	In developing and evaluating the City's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding: (1) the safeguarding of assets against loss from unauthorized use or disposition; and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that: (1) the cost of a control setimates and judgments by management. All internal control evaluations occur within the above framework. We believe that the City internal accounting controls adequately safeguard assets and provide reasonable assurance provide reasonable assurance recognizes that: (1) the cost of a control accountability for assets. The concept of reasonable assurance and (2) the cost of a control accountability for assets. The concept of reasonable assurance and (2) the cost of a control accountability for assets. The concept of reasonable assurance and (2) the evaluation of costs and benefits requires estimates and judgments by management. All internal control evaluations occur within the above framework. We believe that the City internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.	Budgetary Process	The City's budget is a detailed operating plan, which identifies estimated costs and results in relation to estimated revenues. The budget includes: (1) the programs, projects, services, and activities to be carried on during the fiscal year; (2) the estimated revenue available to finance the operating plan; and (3) the estimated scheding requirements of the operating plan. The budget represents a process where policy	decisions by the Mayor and Board of Supervisors are made, implemented, and controlled. Note 2(c) to the basic financial statements summarizes the budgetary roles of various City officials and the timetable for their various budgetary actions according to the City Charter.	Pension Trust Fund Operations The City has a defined benefit retirement plan (Employees' Retirement System) in which a substantial maiority of full-time employees participate. The plan's most recent actuarial calculations, as of July 1,	2002, estimate the plan is 118% funded.	Cash Management The City's pooled deposits and investments are invested pursuant to policy established by the Treasure working with the City's Treasury Oversight Committee. The City investment policy sets the preservation of capital, liquidity and yield, in that order of priority. The policy addresses soundness of financial institutions holding our assets and the types of investments permitted by the California Government Code. The earned yield for the fiscal year 2002-2003 was 2.77%. The Employees' Retirement System and the Redevelopment Agency deposits and investments are maintained outside the City Treasury and follow policies established by their respective governing boards.
CITY AND COUNTY OF SAN FRANCISCO OFFICE OF THE CONTROLLER	A June 1997 bond issue of \$48 million, added to more than \$25 million in private donations, funded extensive infrastructure improvements to sections of the San Francisco Zoo which opened in the summer of 2003. The construction moves the main entrance of the Zoo to its westernmost end, with entrances from Sloat Boulevard and the Great Highway, with a new visitor center, caffs, secured parking lot, new central walkway. Lemur Forest exhibit, and art installations throughout the Zoo through a program sponsored by the San Francisco Atts Commission. Further Zoo exhibit and infrastructure improvements are planned and scheduled for opening in 2003 and 2004.	Neighborhood parks, playgrounds, and other facilities are being built and renovated with a general obligation bond and the extension of the City's Open Space Fund, approved by voters in 2000. Play areas, gardens, clubhouses, tennis courts, benches and balifields were built or upgraded in facal year 2002.2003 at sites all across the City including at the South Sunset Playground, Koshland Park, Excelsion Playground, and Parque Ninos Unidos. An agricultural area was built which will become the Visitation Valley Greenway including furti trees, vegetable plots and pathways, and serving as an outdoor classroom for schoolchildren and visitors.		Integrated Library System that includes the on-line catalogue, community information and referrals, and many other electronic tools, culminating a three-year process to replace and upgrade this vital public service. Improvements that had bene recommended in a Post-Occupancy Evaluation of the new Main Library were completed and the Library is developing plans for additional improvements including a redesign of the first floor service areas and opening up for public use of nearly 18,000 square feet of floor space currently housing back-office functions. A newly purchased building in the South of Market area will serve as the Library's Support Services Center.	In the spring of 2003, the City, through the Controller's Office, conducted its eighth annual Citizen Survey. A total of 1,519 San Franciscans were surveyed, providing their opinions of recreation programs and parks,	libraries, public transportation (MUNI), streets, public safety, general City performance and budget priorities. The 2003 survey results show that:	 MUNI's ratings are the best of any year since the survey has been conducted. Citizen ratings of the system's timeliness and reliability have improved the most, with 41% positive ratings in 2003, up from only 15% in 1999. 	 Public safety ratings improved, with San Franciscans reporting feeling safer walking alone in their neighborhoods in 2002 and 2003 than they did in any year from 1997- 2001. 	 Survey respondents report visiting the City's libraries and parks, and participating in recreation programs, more frequently than in the previous year. 	 45 percent of respondents rate the pavement condition of the streets in their neighborhood as "good" or "very good," whereas only 29 percent feel favorably about the pavement condition of City streets overall. Both neighborhood and citywide ratings of street quality are better than they were two years ago.

ix

OFFICE OF THE CONTROLLER

Risk Management

With certain exceptions, it is the policy of the City not to purchase commercial insurance against property or liability risks. Instead, the City believes it is more aconomical to manage its risk internally and set aside tunds as needed for estimated current claim settlements and unfavorable judgments through annual appropriations. The City maintains limited coverage for certain facilities, primarily property of the San Francisco Internations. The City maintains limited coverage for certain facilities, printainty property of the San Francisco International Airport, Port of San Francisco, Municipal Railway, Hetch HetchY, Water Department, Moscone Convention Center and art at City-worked museums. Additionally, various type of liability insurance coverage are maintained by the City for the Port and the Airport. The City is self-insurand for workers' compensation claims. Claims payment history (experience) and payroll costs (exposure) are considered when calculating the claims liabilities and workers' compensation outstanding liabilities for each department. The City's insurance/self-insurance program is reviewed annually in the budget process. The claims liabilities and workers' compensation utstanding liabilities for each department. The City's insurance/self-insurance program is reported on the statement of net assets have been actuarially determined and include an estimate of incurrend but not reported losses.

INDEPENDENT AUDIT

The City's Charter requires an annual audit of the Controller's records. These records, represented in the Comprehensive Annual Financial Report, have been audied by a consortium headed by the nationally eccognized certified public accounting firm, KPMG LLP. The consortium also includes Calvin Louie CPA (representing a separate consortium horom as Associated Asian CPA Firms), Lamorena and Chang CPAs, Yano and Associates, and Rodriguez, Perez, Delgado & Co. CPAs. The various enterprise funds, the Health Service System, the Employees' Retirement System, the San Francisco County Transportation Authority and the Redevolopment Agency have been separately audited. The Independent Auditor's Report on our current financial statements is presented in the Financial Section.

CERTIFICATE OF ACHIEVEMENT

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2002. This was the twenty-first consecutive year (fiscal years ended June 30, 1982 – 2002) that the City has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

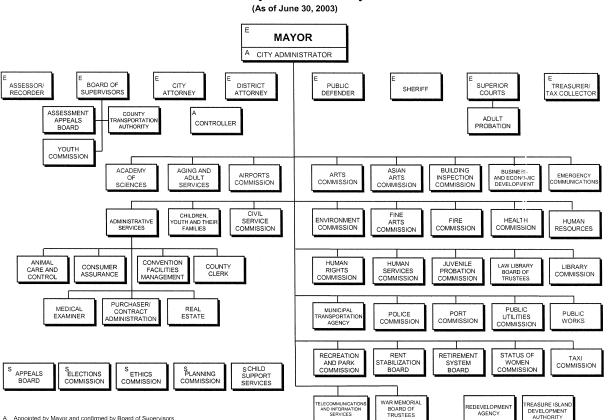

ACKNOWLEDGMENTS

I would like to express my appreciation to the entire staff of the Controller's Office whose professionalism, dedication and efficiency are responsible for the preparation of this report. I would applies thank RPMG LLP for their instalable professional support in the preparation of the CAFR. Finally, I want to thank the Mayor and the Board of Supervisors for their interest and support in planning and conducting the Citys financial operations.

Respectfully submitted,

Edward Harrington Controller

Independent Auditors' Report

The Honorable Mayor Gavin Newsom The Honorable Members of the Board of Supervisors City and County of San Francisco, California: We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City and County of San Francisco, California (the City), as of and for the year ended June 30, 2003, which collectively comprise of the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express optimions on these financial statements based on our audit. The prior year partial and summarized comparative information has been derived from the City's 2002 financial statements and, in our report dated November 27, 2002, we expressed unqualified optinions on the respective financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and aggregate remaining fund information of the City and County of San Francisco, California, as of June 30, 2003, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis and schedules of funding progress, on pages 3 through 21 and 124, respectively, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of Amacea. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

KPING

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, and statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements taken as whole. The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements taken as whole. The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the City and County of San Francisco's (the City) Comprehensive Amnual Financial Report presents a narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2003. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal.

FINANCIAL HIGHLIGHTS

- The assets of the City exceeded its liabilities at the close of the most recent fiscal year by \$5.61 billion (net assets). Of this amount, \$277 million (unrestricted net assets) may be used to meet the government's ongoing obligations to citizens and creditors.
- The government's total net assets decreased by \$93 million, or 1.6 percent, during the friscal year. While there were increases in the City's capital assets, they were offset by decreases in non-capital asset categories largely related to decreasing investment returns and the City's budgetary use of fund balances and reserves.
- As of June 30, 2003, the City's governmental funds reported combined ending fund balances of \$883 million. Approximately 18 percent of this total amount, \$158 million, is unreserved fund balance available for spending at the government's discretion within the purposes specified for the City's funds. Unreserved fund balance for governmental funds has dropped by approximately 44 percent from the prior year amount of \$228 million the to decreases in taxes, fees, service charges and other revenues and the City's related of \$228 million the to decreases in taxes, fees, service charges and other revenues and the City's related of fund balances.
- At the close of the fiscal year, unreserved fund balance for the general fund was \$44.7 million or 2.3 percent of total general fund expenditures of \$1.95 billion. The general fund's unreserved fund balance diopped by approximately 67 percent from the prior year amount of \$1.36.7 million due to decreases in local tax and other revenues compared to budget and the City's consequent use of fund balance and reserves to fund operating expenses.
- A Charter amendment passed in 1999 required the integration of San Francisco's Parking and Traffic function into the Municipal Transportation Agency in fiscal year 2003. As a result, approximately \$36.8 million in debt and \$28.9 million in capital assets were transferred from governmental to business-type activities.
- The City's total long-term debt including all bonds, loans, and commercial paper, decreased by \$31.6 million, less than one percent, during the fiscal year. Key factors were scheduled retirement of general obligations and lease revenue bond debt, refunding of current debt, and minimal issuance of new obligations. The City issued \$803 million in refunding bonds and certificates during the year to take advantage of favorable interest areas in the current market, retire outstanding commercial paper and higher interest areas in the current market, retire outstanding or taken by the San Francisco International Airport (Airport), the Water Department and Clean Water Program enterprises, and lower debt service payments. During the fiscal year, \$42 million in certificates of Digation were issued to provide for the construction of new Juvenile Probation faccilities, and \$20 million in general obligation bonds were issued to fund ongoing construction in the Branch Library Improvement Program and to continue work on new facilities at the San.
- The City's revenues from local tax sources including hotel, sales, utility, business and parking taxes were less than budget estimates during fiscal year 2003. Business and construction entroity remained weak and affected the fees and service charges collected by the City. Investment earnings also dropped sharply relative to fiscal year 2002 due to continued low interest rates and lower cash balances. Early in fiscal year 2003, these revenue factors were vealured logether with projections of continued ecconomic weakness in fiscal year 2004 and anticipated cuts in state funding, and measures were taken to decrease spending. City management reduced general fund operating expenses by approximately \$182 million from budgeted levels in order to improve San Francisco's position at the end of fiscal year 2003 and provide for an improve uncestrved fund balance available for the fiscal year 2004 budget.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: (1) **Government-wide** financial statements, (2) **Fund** financial statements, and (3) **Notes** to the financial statements. This report also contains other **supplementary information** in addition to the basic financial statements themselves. These various elements of the Comprehensive Amual Financial Report are related as shown in the graphic below.

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include public protection, public works, transportation and commerce, human welfare and neighborhood development, community health, culture and recreation, general administration and finance, and general city responsibilities. The business-type activities of the City include an administration and finance, how compared to the first of the city include an administration and finance, and restoris (including parking), water and power operations, an acute care hospital, a long-term care hospital, sever operations, and a produce market.

S

• Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for the

Proprietary funds. Proprietary funds are generally used to account for services for which the City charges customers—either outside customers, or internal units or departments of the City. Proprietary funds provide the same type of information as shown in the government-wide financial statements, only in more detail. The City maintains the following two types of proprietary funds:

Transportation Agency, Laguna Honda Hospital, General Hospital Medical Center, and Clean operations of the San Francisco International Airport (Airport), Port of San Francisco (Port), Water Department (Water), Hetch Hetchy Water and Power (Hetch Hetchy), Municipal Water Program (Clean Water), all of which are considered to be major funds of the City.

Internal Service funds are used to report activities that provide supplies and services for certain City programs and activities. The City uses internal service funds to account for its fleet of vehicles, management information services, printing and mail services and for lease-purchases of Because these services predominantly governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements. The internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining equipment by the San Francisco Finance Corporation. statements elsewhere in this report. benefit •

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the City. The City employees' pension and health plans, the external portion of the Treasurer's office investment pool, and the agency funds are reported under the fiduciary funds. Since the resources of these funds are not available to support the City's own programs, they are not reflected in the government-wide financial statements. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report presents certain required supplementary information concerning the City's progress in funding its obligation to provide pension benefits to its employees.

Combining Statements

The combining statements referred to earlier in connection with non-major governmental funds, internal service funds, and fiduciary funds are presented immediately following the required supplementary information on pensions.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

This is the third year that the City has presented its financial statements under the new reporting model required by the Governmental Accounting Standards Board Statement No. 34 (GASB 34), Basic Financial Statements – and Management's Discussion and Analysis (MD&A) – for State and Local Governments. Two years of financial information in the GASB 34 format are presented.

Analysis of Net Assets

As noted earlier, net assets may serve as a useful indicator of a government's financial position. For the City, assets exceeded liabilities by \$5.61 billion at the close of the current fiscal year.

(e.g. land, buildings, and equipment), less any related outstanding debt used to acquire those assets. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be liquidated for these liabilities. The largest portion of the City's net assets (76 percent) reflects its investment of \$4.26 billion in capital assets

An additional portion of the City's net assets, \$1.08 billion (19 percent) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets, \$277 million (five percent) may be used to meet the government's ongoing obligations to citizens and creditors. The proportion of net assets represented by these two categories together (24 percent) has dropped from the prior year's aggregate of 30 percent both due to increases in capital assets and expenses. At the end of the current fiscal year, the City is able to report positive balances in all three categories of net assets for the government as a whole, as well as for the business-type activities. For the governmental activities, unrestricted net assets have a deficit of \$266 million related in part to \$120 million in debt from general obligation bonds for the San Francisco Unified School District which is recorded with no corresponding assets.

Analysis of Changes in Net Assets

The City's net assets overall decreased by \$93 million during the current fiscal year. These decreases are discussed in the government and business-type activities discussion below, and are primarily a result of flat and decreasing revenues from some tax sources and from frees and services charges, and the use of balances to fund expenses, particularly for governmental activities. Governmental activities reported a decrease in net assets during the fiscal year, while the business-type activities reported less of an increase in the previou year. Transfers from governmental activities reported less of an increase in the assets during the in part to the Charter-required integration of the City's Parking and Traffic function, a governmental activitie integration of the City's Parking and Traffic function, a fiscal year 2003.

Expenses and Program Revenues - Governmental Activities

Revenues By Source - Governmental Activities

Governmental activities. Governmental activities decreased the City's net assets by \$162 million, accounting for all of the aggregate loss. Key factors of this decrease are as follows:

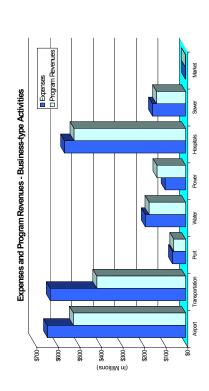

Interest and investment income dropped by approximately \$44 million or 63 percent during the year
due to a decrease in the average yield of City pooled investments from 41.4 percent to 2.77 percent,
and to lower cash balances available for investment. Interest and investment income's proportion of
overall revenues for governmental activities dropped from 2.5 percent in fiscal year 2002. Io one
percent in 2003. In addition to the overall weakness in equity markets, because the City's investments
are concentrated in Treasury Bills and Notes and other short-term instruments, the Federal Reserve's
interest are use have significantly affected the City's investments
with the City Treasury as of the end of the fiscal year for governmental activities were down by
approximately 32 percent from fiscal year 2002, from over 51 billion 05714 million.

- Governmental activities' net assets have decreased in large part due to the use of reserves for budgetary purposes across all program areas. Fund balances in governmental funds decreased by \$366 million during fiscal year 2003. The majority of the City's governmental funds also had operating expenses in access of revenues during the fiscal year.
- The continued weakness in the local and California economies during fiscal year 2003 kept revenues from most local arx sources either flat or decreasing from the prior year. Hotel, sales, business, and utility users taxes grew between one and two percent from the prior year, though at less than budgeted levels. Fees and service charges which fund governmental activities dropped by ten percent in the aggregate from the prior year.
- Property tax revenue, which grew by more than ten percent in each of the last two fiscal years offseting weak or decreasing income from other sources, was flat in fiscal year 2003, decreasing by \$11 million or two percent in governmental activities. San Francisco's real estate market has largely held its value with a consequent rise in the assessed value of property, and the City continues to improve its ability to issue supplemental tax bills within a shorter time period following the sale of a property. However, tax revenue from these gains is reduced in part in 2003 by a higher proportion of the tax roll, approximated suscement above is a billior. As a second the same tax bills within a shorter time period following the sale of a treast the City's estimated assessment appeals reserve is also higher.
- In fiscal year 2003, in accordance with a Charter amendment, the City transferred its Parking and Traffic Department from governmental to business activities. As a result, approximately \$36.8 million in debt and \$28.9 million in capital assets were transferred from governmental to business activities.
- Operating grants and contributions increased by \$28 million, or approximately four percent, largely related to increases in federal grants for health programs and federal funding for community development.
- Governmental activities showed an increase in capital assets related to projects in the culture and recreation programs including completions at the Asian Art Museum, Moscone West Convention Center, parks and libraries which increased the value of facilities, improvements, and infrastructure, while reducing onsittericion in progress.

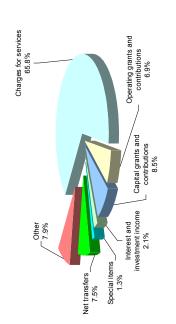

For the most part, increases in expenses paralleled increases in the cost of living in the San Francisco Bay Area and growth in the demand for government services. However, the City's spending in some program areas increased at greater rates notably in Public Protection where the City had both scheduled labor rate increases and greater security program costs than in the prior year. General Administration and Finance also showed an increase in expenses in part through City's business tax. The City's General Fund subsidy transfer to the Municipal Transportation Agency as required by the Charter increased by approximately 52 percent, from \$94 million in 2002 to \$143 million in 2003. In addition, the transfers that the City makes each year to help finance the operations of the San Francisco General Hospital and Laguna Honda Hospital enterprises increased by the percent in the aggregate from \$101 million in 2003. The hospitals' improved proportion of patients covered by Medicare, Medi-Cal or other insurers, and increases in reimbursement rates have allowed them to recover a rising share of the cost of service in 2003 and 2003, however the cost of non-reimbursed help costs including labor costs associated with the competitive market for unsting skills in California and scheduled raises under City labor agreements.

The charts on the previous page illustrate the City's governmental expenses and revenues by function, and its revenues by source. As shown, public protection is the largest function in expense (28 percent), followed by human welfare and neighborhood development (22 percent) and community health (19 percent). General revenues such as property, business, and asles taxes are not shown by program, but are effectively used to support program activities citywide. For governmental activities overall, without regard to program, operating

grants and contributions are the largest single source of funds (28.9 percent), followed by property taxes (24.5 percent) and other local taxes (16 percent). These ratios are substantially similar to 2002, with the notable exception as noted above of interest and investment income, which dropped in 2003 related to the City's decreased rates for its investment and relatively lower eash balances available to invest.

Business-type activities. Business-type activities increased the City's net assets by \$68.8 million, reducing the overall decrease in net assets to \$93 million. Key factors of this increase are as follows: The Municipal Transportation Agency's net assets overall increased by \$116.5 million, primarily due to increases in the total value of equipment with the acquisition of new rolling stock including 13 additional

12.3 percent to 6.9 percent due in part to a decrease in State sales tax support to the Municipal Railway as a result of economic conditions. The proportion of business activity revenue overall which is attributable to net transfers has increased from 5.4 percent in 2002, to 7.5 percent in 2003, as noted above due to the increases in the hospital subsidy transfers, and to the integration of Parking and Traffic with the Municipal Transportation Agency.	FINANCIAL ANALYSIS OF THE CITY'S FUNDS	As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.	Governmental Funds	The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of resources that are available for spending. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. Types of Governmental funds, and the Permanent Fund, Special Revenue Funds, Debt Service Funds, Capital Project Funds, and the Permanent Fund.	As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$883 million, a decrease of \$366 million in comparison with the prior year. As noted previously, the decrease represents the City's budgetary use of reserves in both general and special revenue funds, liquidation of encumbrances, and reductions in carry-forward funds in fiscal year 2003.	Approximately \$157 million of the combined ending fund balance in the governmental funds constitutes unreserved fund balance, which is available for spending at the City's discretion within the purposes specified for the City's funds. The remainder of fund balance is reserved to indicate that it is not available for new spending because it has already been committed, (1) to liquidate existing contracts and purchase orders (\$322 million), (2) to fund continued programs or projects in future fiscal periods (\$278 million), (3) to pay debt service (\$34 million), and (4) for a variety of other purposes (\$92 million).	Revenues for governmental funds overall totaled approximately \$2.81 billion in the fiscal year ended June 30, 2003, which represents an increase of approximately one percent from the fiscal year ended June 30, 2002. Expenditures for governmental funds, totaling \$3.08 billion, increased by approximately four percent from the fiscal year ended June 30, 2002. In the aggregate, expenditures for governmental funds exceeded revenues by approximately \$273 million, or approximately 10 percent.	The general fund is the chief operating fund of the City. At the end of the current fiscal year, the unreserved fund balance of the general fund was \$44.7 million, while total fund balance was \$196.3 million. Total fund balance decreased in the City's general fund by \$184 million during the fiscal year mainly due to continued decreases in revenues, especially local taxes, increasing expenses from the prior year, and to consequent use of fund balance and other reserves. These factors were partly offset by management controls on general fund expenditures put in place early in the fiscal year. Overall, the general fund's performance resulted in revenues in excess of expenditures in the fiscal year ended June 30, 2003 of \$9.3 million, before transfers and other items are considered.	As a measure of the general fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. For 2003, unreserved fund balance represents 2.3 percent of total general fund expenditures of \$1.95 billion, while total fund balance trapersents that same amount. For 2002, the general fund's unreserved fund balance represents to total expenditures of \$1.95 billion, while total fund balance represents to total expenditures of \$1.91 billion, and the total fund balance represented approximately 7.2 percent of total expenditures of \$1.91 billion, and the total fund balance represented approximately 20 percent of total expenditures of \$1.91 billion, and the total fund balance represented approximately 20 percent of total expenditures of \$1.91 billion.
light rail vehicles, 96 electrical trolley coaches, and 95 motor coaches, and to capitalization of infrastructure investments. Primatily the L-line light rail line improvements. In addition, \$49 million of this increase is due to the integration of the Department of Parking and Traffic and the Parking Garages Fund into MTA. MUNI's operating revenues rose by approximately \$27 million due to increased adverting and net passenger revenues, and it received an approximately \$57 million increased transfer from the City's General Fund. Offsetting decreases occurred in interest income, capital contributions from Federal and State agencies, and non-operating revenues, which include other state and	federal grants as well as parking fees and fines.	 Laguna Honda Hospital's net assets overall increased by \$19 million largely related to increases in the value of construction in progress associated with the new hospital complex now underway, and including the receipt of an additional approximately \$21 million in cash from nobacco stutement monics. San Francisco's tobacco stutement receipts are primarily used for contract costs and debt service for the Laguna Honda Replacement Project. Both Laguna Honda and San Francisco General Hospitals experienced an increase in net patient revenues of five and three percent respectively, with Laguna Honda's 	linked in part to increased Medi-Cal reimbursement rates for skilled nursing facilities.	 Hetch Hetchy, which operates the City's water storage and power generating facilities in the Sierra Nevada Mountains, increased total net assets by \$73 million partly as a result of a legal settlement from energy companies paid in the form of generating facilities (gas turbine generators) recorded as capital assets. In fiscal year 2003 Hetch Hetchy renegotiated contracts for purchasing power and in general benefited from the normalization of the highly volatile electricity market that affected California during the prior fiscal year. The cost of purchasing power dropped by 34 percent, for a savings in operating costs of accountanced v 037 million and heal evenese for the member wore for over 105 percent. 	 San Francisco International Airport's net asset decrease of \$50 million is partly attributable to its major capital assets being depreciated on a straight-line basis over an average of 30 years, while principal retirement of debt escalates over time. During fiscal year 2003, depreciation expresse secreded the 	principal retrement of outstanding deel by 390 minutor. In these a year covor, use reports a summanes a costs for a project to configure a new runway that hidd previously been recorded as a capital asset were insitead recognized as an expense, in the amount of \$37 million. The cash transfer from the Airport to the City's General Fund has been reduced in the last two fiscal years \$25 million in fiscal year 2001 to \$178 million in fiscal years 2003, reflecting ongoing weakness in Airport concession revenues for the period.	• The Clean Water Department's net assets decreased by \$15.6 million, approximately 1.6 percent, during the year. Approximately \$14 million in available revenues were used to fund capital expenditures during the year. Approximately \$14 million in available textenues were used to fund capital expenditures during the year, restanting in a decrease in unrestricted net assets of approximately 22 percent. The department also retired \$394 million in outstanding bonds with the use of new bond issues at lower rates and approximately \$30 million in available debt service reserve funds. The Water Department's net assets dby \$3.3 million overall, less than one percent, due to use of revenues to fund capital expenditures during the	year, offset by increases in capital assets due to improved debt management. As shown in the charts on the previous page, the two largest of San Francisco's business-type activities—the San Francisco International Airport and the Municipal Transportation Agency each had total expenses over 6000 million in fiscal year 2003. The City's long-term and acute care hospitals together recorded expenses of For all of the business-type activities, as in prior years, charges for services provide the largest share of revenues at 65.8 percent. In 2003, Other Revenues increased to 7.9 percent of the total from less than four revenues at 65.8 percent.	percent in 2002 because of increasing other income to a number of the enterprises, most notably the Arrport's reinbursement from the Federal Transportation Security Administration for law enforcement costs and, similarly, a Federal grant to the Port of San Francisco for security assessment. Capital grants and contributions, which are primarily received by the Municipal Railway, made up the next largest source of revenue at 8.5 percent, though the amount is reduced from the prior year due to reduced reimbursable capital expenditures by MUNI. Operating grants received by the enterprises in 2003 dropped significantly as a share of revenue from

Expenditures less than budgeted by the Fire Department of approximately \$2 million related to fewer retirements than had been anticipated, and the resulting decrease in the required recruitment, Fire Academy training classes, and hiring expenses need to fulfill the Department's personnel needs.

also reflect the City's relatively higher budgetary use of balances and reserved funds in 2003.

General Fund Budgetary Highlights

Proprietary funds

The City's proprietary fund statements provide the same type of information found in the government-wide financial statements, but in more detail.

At the end of the fiscal year, the unrestricted net assets for the San Francisco International Airport were \$291.7 million, the Water Department \$139.9 million, the Hetch Hetchy Project \$83.7 million, the Clean Water Program \$52.5 million, the Port of San Francisco \$43.7 million, and the San Francisco Market to Coporation \$6.5 million. Three proprietary funds had deficits in unrestricted net assets—the Municipal Transportation Agency had a deficit of \$44.6 million, and Lagura Honda Hospital and San Francisco General Hospital had deficits in unrestricted net assets of \$1.7 million and Lagura Honda 40.6 million and Lagura Honda Hospital and San Francisco General Hospital had deficits in unrestricted net assets of \$1.7 million and the station are beceively. The internal service funds that are used to account for certain governmental activities also had a deficit in unrestricted net assets of \$7.7 million.

The total growth in net assets for the enterprise funds was \$68.8 million. Factors concerning the finances of these funds have been addressed previously in the discussion of the City's business-type activities. In particular, the Municipal Transportation Agency's net assets increased with the integration of the Parking and Traffic Department, and with the acquisition of capital assets including new rolling stock. The Airport's decrease in net assets is related to its major capital assets being depreciated on a straight-line basis over an average of 30 years, while principal retirement of debt escalates over time, and to the write-off of costs related to the may project from capital assets.

The following table shows actual revenues, expenses and results of operations (excluding capital contributions and expenses) for the current fiscal year in the City's proprietary funds (in thousands):

	Operating Revenues		Operating Expenses	0 -	Operating Income (Loss)	Non- Operating Revenues (Expense)	0	Capital Contributions and Special Items	드는	Interfund Transfers	0 - 1	Change In Net Assets

Fiduciary Funds

The City maintains fiduciary funds for the assets of the San Francisco Employees' Retirement System and Headth Scrice System, and manages the investment of monies held in trust to benefit public services or employees. As of the end of fiscal year 2003, the net assets of the Retirement System and Health Service System totaled \$10.6 billion, representing an increase of \$117 million in total net assets since June 30, 2002. The change is primarily related to employer contributions to the fund and to the stabilization of the market value of the Retirement Trust's investments following greg losses in returned in fiscal year of \$76.6 million, resulting from withdrawals and distributions to external participants to the fund.

projects. The Clean Water Program completed sewer replacement projects at eight sites within the City for a capital asset addition of \$4.9 million, and upgrade projects at the Southeast Treatment Plant for \$1.7 million.	 Hetch Hetchy Water and Power increased net capital assets by \$42 million, including completed improvements to its San Jose Pipeline at a value of \$6.6 million, and approximately \$3 million in road repairs in the Southfork area. As noted previously, Hetch Hetchy recorded as capital assets approximately \$33 million for the value of four gas turbine generator sets that the City will receive as part of a settlement of a lawsuit against certain energy companies (see Note 11 to the Financial Statements). 	 Capital asset increases of approximately \$4 million at the Port of San Francisco were recorded in fiscal year 2003. The Port carried out construction and repairs at Pier 48, at Pier 43 and at the wharf area and public access to Pier 3. At Pier 48, the work included fire damage repairs, seismic strengthening, and electrical upgrades, and will allow the Port to begin leasing this facility again in fiscal year 2004. 	• The Airport showed an overall decrease of \$41 million or one percent in capital assets (net of depreciation) during 2003. As noted previously, the Airport reduced capital assets during the year by recognizing costs associated with the runway reconfiguration project as an expense. Final completion of some additional projects under the Near Term Master Plan Program also occurred during fiesel year 2003. The Plan includes new parking facilities, roadways, runway improvements, and the new International Terminal and was substantially completed in 2001 with the Airport reporting at 3 percent increase in applied assets that year. In 2003, the Bay Area Rapid Transit (BART) station at SFO and the Air Train (people mover) were	put mto service, providing direct rail service to the Auport from downtown san francisco, the fast Bay and the Pennisula for the first time. Other capital asset completions during the year include an aircraft taxiway and bypass construction, and a field lighting raceway system.	 Capital assets in governmental activities under facilities and improvements increased by \$433 million due to completion of work on the Moscone Center West facility, the Asian Art Museum, and other public works, libraries, and recreation and park sites. 	For government-wide financial statement presentation, all depreciable capital assets were depreciated from acquisition date to the end of the current fiscal year. Fund financial statements record capital asset purchases as expenditures.	For governmental activities, no net infrastructure assets were recorded from fiscal year 2001–the first year of presentation in the GASB 34 format, because the historical costs did not meet the threshold established by GASB. Beginning in fiscal year 2002, newly completed projects were capitalized and ongoing infrastructure projects were accounted for in construction in progress.	Additional information about the City's capital assets can be found in Note 7 to the Basic Financial Statements.	Debt Administration At the end of the current fiscal year, San Francisco had total long-term obligations outstanding of <i>\$7.4</i> billion. Of this amount, \$860 million is general obligation bonds (including \$0.8 million in general obligation bonds issued on behalf of the Port of San Francisco) backed by the full faith and credit of the City and \$6.3 billion is revenue bonds, loans, certificates of participation, leases, and other debts of the City secured solely by specified revenue sources. The remainder includes accrued leave and worker's compensation long-term obligations. As noted previously, San Francisco's total long-term debt including all bonds, loans, and commercial paper,	decreased by \$31.6 million during fiscal year 2003. However, the City's overall bonded debt increased by approximately \$60.5 million, primarily due to revenue bonds being issued and commercial paper repaid in some enterprise activities. Within the bonded debt overall increase there is a decrease for governmental activities of \$67 million, and an increase of \$128 million in business activities. The City issued \$803 million in refunding
• The General Fund was able to reduce its transfers to other funds by \$16.5 million from budget, primarily through improved revenue performance at the City's hospitals, though these amounts still increased over the prior year actual levels.	The net effect of the under-utilization of appropriations and the receipt of some actual revenues greater than estimates resulted in a positive budgetary fund balance variance of \$47.9 million at the end of the fiscal year. In creating its budget for the fiscal year ending June 30, 2004, the City used an estimated budgetary fund balance of \$47.1 million (see Note 4 to the Basic Financial Statements).	Capital Assets and Debt Administration	Capital Assets The City's capital assets for its governmental and business type activities as of June 30, 2003, amount to \$10.6 billion (net of accumulated depreciation). Capital assets include land, buildings and improvements, machinery and equipment, park facilities, roads, retects, and bridges. The total increase in the City's capital assets for the current fiscal year was four percent (an eight percent increase for governmental activities and a three percent increase for business-type activities) as shown in the table below.	Changes in Capital Assets , Net of Accumulated Depreciation (in thousands)	Governmental Activities 2003 2002 \$ 141,608 \$ 139,534 \$ 000,000 0000,000	9,450,152 1,627,500 694,659 974,396 481,128 637,816 309 639 99,631 92,053	Construction in progress	Major capital asset events during the current fiscal year included the following:	The Municipal Transportation Agency's capital assets increased by \$243 million over the previous year. Of this increase, \$28.9 million is related to assets of the Parking and Traffic Department that were transferred to this enterprise. The larger portion is due to acquisition of 191 electric trolleys and motor coaches and 13 light rail vehicles, and to completion and capitalization of the L-Line light rail improvements and the emergency lighting system for the Muni Metro subway. During fiscal year 2003, Muni amortized \$1.3 million of a total deferred gain of \$53.5 million that was recorded in April 2002. The gain is related to a lease transaction involving 118 Breda light rail vehicles, which allows equity investors holding title to the vehicles to take advantage of tax benefits not available to public entities. During the term of the lease Muni maintains custody and use of the vehicles, and is obligated to insure and maintain them.	• The Water Department's capital asset additions of \$85 million during the fiscal year include improvements at the Sunol Valley Water Treatment Plant of \$50 million, improvements to Bay pipeline facilities valued at \$5.3 million and to City water treatment and distribution systems valued at \$4.6 million, and many smaller

bonds and certificates to take advantage of favorable interest rates and reduce debt payments, and of this amount, \$646 million was for the purpose of largely refinding revenue bonds and commercial paper at the Water and Clean Water enterprises. The City issued \$42 million in certificates of participation to finance the construction of new facilities for Juvenile Probation and \$11 million in lease-revenue bonds to finance equipment through the San Francisco Finance Conoration. The only general obligation bonds is the fiscal year were \$29 million to fund continued work on the Branch Library Facilities Improvement Program and the Zoo Facilities Improvement Program.	
bonds and certificates to take advantage of fav amount, \$646 million was for the purpose of la Water and Clean Water enterprises. The City is construction of new facilities for Juvenile Prt equipment through the San Francisco Finance Co fiscal year were \$29 million to fund continued we the Zoo Facilities Improvement Program.	

The City's Charter imposes a limit on the amount of general obligation bonds the City can have outstanding at any given time. That limit is three percent of the taxable assessed value of property in the City-approximately 384.7 billion in value (net of unreinbursable exemptions) as of the close of the fixeal year. As of June 30, 2003, the City had S860 million in authorized, outstanding property tax-supported general obligation bonds, which is equal to approximately 0.91 percent of the taxable assessed value of property. As of June 30, 2003, the City had S800 million in authorized, outstanding property tax-supported general obligation bonds, which is equal to approximately 0.91 percent of the taxable assessed but unissued. If all of these bonds were issued and outstanding in full, the total debt burden would be approximately two percent of the taxable assessed value of property.

The City's underlying ratings on general obligation bonds as of June 30, 2003 were:

During the fiscal year, all three rating agencies affirmed San Francisco's underlying rating for general obligation debt, however Moody's, Standard & Poor's and Fitch Ratings also revised their outlook on the City's debt from stable to regarive. The agencies noted that while San Francisco has taken reasonable steps to control speeding, this outlook reflects the sluggish economy, tax revenue less than budgeted, the City's use of budgetary reserves and other one-time funds, and a poor outlook for state financial assistance to local governments.

The City's enterprise activities have experienced some changes in debt ratings since June 30, 2002. San Francisco International Airport's debt was downgraded by Fitch from A+ to A, reflecting vulnerabilities in the market including the bankruptcy of United Airlines and decreased passenger volume related to the war with Iraq, Studden Acute Respiratory Syndrome (SARS), and the overall weakmess in travel and tourism in the Bay Area. Other agencies however affirmed their current ratings for Airport debt. The underlying ratings of A2 by Moody's and A+ by Standard and Poor's of the Clean Water Program's revenue and refunding bonds issued during the year were affirmed. However, Moody's revised its outlook to stable from negative in part due to passage on the November 2002 ballot of Proposition E, which effectively repealed a 1998 voter-approved rate freeze and established procedures for rate increases, thereby providing increased financial stability for the Clean Water Program.

Since the close of the 2003 fiscal year, the City has issued additional debt of \$50.4 million in general obligation bonds for construction in the Neighborhood Recreation and Parks Facilities Improvement Program and for the San Francisco Unified School District's construction and facilities improvements programs. In addition \$44.3 million in refunding settlement obligation bonds were sold for the purpose of refunding, at lower interest rates, the settlement bonds issued to pay obligations resulting from a final judgement entered into in connection with various business tax cases.

Additional information in the City's long-term debt can be found in Note 8 to the Basic Financial Statements.

Economic factors and next year's budget and rates

- San Francisco faced a projected General Fund shortfall of over \$350 million at the beginning of its amnual budget process for fixeal year 2004. As a result, significant spending cuts were made across General Fund functions, the City proposed and most San Francisco public employees' unions agreed in labor contracts them under negotiation to contribute 7.5 percent of salary to fund the cost of pension benefits. The City was able to appropriate \$58.5 million in estimated available fund balance and liquidated reserves in the General Fund budget for 2004. It is intended that these cuts and the use of fund balance will avoid the need to make more deatic reductions in public safety, health and human services, and many other critical programs in the budget year.
- As noted in our transmittal letter, San Francisco's unemployment rate has increased substantially over the last two fiscal years, to a high of 7.9 percent in July 2002, dropping slightly to 7.4 percent by June 2003, and other economic indicators are similarly flat or indicating at best a gradual economic recovery.
- As of November 2003, the State of California has made several decisions which will reduce the revenues available to cities and counties including reductions in the vehicle license fee, a failure to budget funds for State-mandated reimbursements to counties (the SB90 Program), and reductions in the arnounts available for human services, health, criminal justice, library, and other programs. In developing its fiscal year 2003-2004 budget, San Francisco reserved \$30 million in general fund revenues to be able to respond to State reductions, hower ri is now likely that the actual amount of the impact will be greater. City management will continue to closely motion this size during the fiscal year.
- Hotel, sales, and parking taxes, which were projected to improve slightly following two years of losses
 related to the economic downtum and the aftermath of September 11, 2001 have lagged relative to budget
 in fiscal year 2004. As of the end of the first fiscal quarter, actual revenue on an annual basis from these
 sources has decreased approximately \$8 million from budgeted levels.
- Given ongoing local tax revenue weakness and the State budget uncertainties, the City has restricted and will work to reduce departmental spending in fiscal year 2004, and is preparing to further reduce its budget in 2005.

All of the above factors were considered in preparing the City's budget for fiscal year 2004.

REQUESTS FOR INFORMATION

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. Below are the contacts for questions about this report or requests for additional financial information.

City and County of San Francisco Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Assets June 30, 2003

(In Thousands)

\$ 883,338	2,205,571	8,424 (1,797,131)	(6,199)	248,968	(230,149)	\$ 1,312,822
Fund balances - total governmental funds Amounts reported for governmental activities in the statement of net assets are different because:	Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	Bond issue costs are not mancial resources and, merefore, are not reported in the funds. Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.	Interest on long-term debt is not accrued in the funds, but rather is recognized as an expenditure when due.	Because the focus of governmental funds is not short-term financing, some assets will not be available to pay for current period expenditures. Those assets are offset by deferred revenue in the funds.	Internal service funds are used by management to charge the costs of capital lease financing, fleet management, printing and mailing services, and information systems to individual funds. The assets and liabilities of internal service funds are included in governmental activities in the statement of net assets.	Net assets of governmental activities

The notes to the financial statements are an integral part of this statement.

	Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities Year ended June 30, 2003	
	(In Thousands)	
	Net change in fund balances - total governmental funds	\$(365,624)
otal	Amounts reported for governmental activities in the statement of activities are different because:	
unds 2002	Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported subscription	106 681
\$ 687.150	expense. This is the amount by which capital outlays exceeded deprectation in the current period.	190,001
	Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. This is the amount by	
25,762 12,045 65,597	which the increase in certain liabilities reported in the statement of net assets of the previous year exceeded expenses reported in the statement of activities that do not require the use of current financial resources.	(50,667)
63,623	Property tax revenues in the statement of activities that do not provide current financial resources are	704
307,943	not reported as revenues in the funds.	
608,804 33,924 225,547	Governmental funds report expenditures pertaining to the establishment of creatin deterred creduts related to long-term loans made. These deterred credits are not reported on the statement of net assets and, therefore, the corresponding species is not reported on the statement of activities.	18,248
2,776,238	Lease payments on the Moscone Convention Center (including both principal and interest) are reported as experiditures in the governmental funds when paid. For the City as a whole, however, the principal	
690,050	portion of the payments serve to reduce the liability in the statement of net assets. This is the amount of property rent payments expended in the governmental funds in the current period.	28,143
290,411 613,133 484,826 238,326	Bond issue costs are expended in the governmental funds when paid, and are capitalized and amortized in the statement of activities. This is the amount by which current year bond issue costs exceed amortization expense in the current period.	1,241
164,745 54,628	The issuance of long-term debt and capital leases provides current financial resources to governmental finds while the reparament of the principal of long-term debt and capital leases consume the current	
69,536 68,111 2,987	financy increases of governmental funds. These transactions, however, have no effect on net assets. This is the amount by which bond proceeds and capital lease financing exceeded principal retirement in the current period.	(2,993)
2,959,415 (183,177)	Bond premiums and discounts are expended in the governmental funds when the bonds are issued, and are capitalized and amortized in the statement of net assets. This is the net amount of bond premiums	(323)
267,107	capitalized during the current power. Reduction in accruted interest calculated on bonds and notes payable.	1,917
) (536,680)	Increase in accreted interest on capital lease obligations.	(11,255)
249,995 3.095	Amortization of bond premiums, discounts and refunding losses.	(380)
(238)	Reduction in interest calculated pertaining to the City's arbitrage rebate liability.	467
(136,230) 91,424	The net revenues of certain activities of internal service funds is reported with governmental activities.	3,414
949 (60.578) (243,755) (1492,717 5 1.248,965	During the current fiscal year, certain long-term assets and liabilities were transferred from governmental activities to the Municipal Transportation Agency enterprise fund which is reported within business-type activities. This is the amount by which the long-term liabilities transferred exceeded the corresponding long-term capital assets.	21,900
	During the current fiscal year, certain long-term liabilities were transferred from the General Hospital Medical Center enterprise fund which is reported within business-type activities to governmental activities. This is the amount by which long-term liabilities increased in governmental activities.	(3,672)
	Changes in net assets of governmental activities	\$(162,199)

CITY AND COUNTY OF SAN FRANCISCO NOTES TO BASIC FINANCIAL STATEMENTS June 30, 2003

(1) THE FINANCIAL REPORTING ENTITY

San Francisco is a city and county chartered by the State of California and as such can exercise the powers as both a city and a county under state law. As required by generally accepted accounting principles, the accompanying financial statements present the City and County of San Francisco (the City or Primary Government) and its component units. The component units discussed below are included in the City's reporting entity because of the significance of their operations or financial relationships with the City.

As a government agency, the City is exempt from both federal income taxes and California State franchise taxes.

Blended Component Units

Following is a description of those legally separate component units for which the City is financially accountable that are blended with the Primary Government because of their individual governance or financial relationships to the City.

San Francisco County Transportation Authority (Authority) - The Authority was created in 1989 by the voters of the City and County of San Francisco to impose a voter-approved sales and use tax of one-half of one percent to fund essential traffic and transportation projects. A Board consisting of the eleven members of the City's Board of Supervisors serving ex officio governs the Authority. The operations of the Authority are reported within other governmental funds. Financial statements for the Authority can be obtained from the Authority's administrative offices at 100 Van Ness Avenue, San Francisco, CA 94102.

San Francisco Finance Corporation (Finance Corporation) - The Finance Corporation was created in 1990 by a vote of the electorate to allow the City to lease-purchase \$20 million (plus 5% per year growth) of equipment using tax-exempt obligations. Although legally separate from the City, the Finance Corporation is reported as if it were part of the primary government because its sole purpose is to provide lease financing to the City. Financial statements for the Finance Corporation can be obtained from the Finance Corporation's administrative offices at City Hall, Room 336, #1 Dr. Carlton B. Goodlett Place, San Francisco, CA 94102. San Francisco Parking Authority (Parking Authority) – The Parking Authority was created in October 1949. In accordance with Proposition D authorized by the City's electorate in November 1988, as City Charter amoniment created the Parking and Traffic Commission (DPT). The DPT consists of five commissioners appointed by the mayor. Upon creation of the DPT, the responsibility to oversee the City's off-street parking pathority were also incorporated in the DPT. The staff and fiscal operations of the Parking authority to the DPT. The staff and fiscal operations for overseeing the operations of the DPT the came built of the MUNIC (NTA) pursuent to Proposition E which was passed by the voters in November 1999. Accordingly, the assets and liabilities of the DPT were transferred from the general and other 2090, which is reported as an enterprise fund. Separate financial statements are not prepared for the Parking Authority contexpared information about the Parking Authority's daministrative offices at 25 Van Ness Avenue, San Francisco, CA 94102.

Discretely Presented Component Units

San Francisco Redevelopment Agency (Agency) - The Agency is a public body, corporate and politic, organized and existing under the Community Redevelopment Law of the State of California. Seven commissioners who are appointed by the Mayor, subject to confirmation by the City's Board of Supervisors, govern it. The Agency has adopted as its mission the creation of affordable housing and economic development tripmorting Authority (SFRFA), a component unit of the Agency. The SFRFA is a separate joint-powers authority formed between the Agency and the City to facilitate the long-term

CITY AND COUNTY OF SAN FRANCISCO NOTES TO BASIC FINANCIAL STATEMENTS <i>(Continued)</i> June 30, 2003		CITY AND COUNTY OF SAN FRANCISCO NOTES TO BASIC FINANCIAL STATEMENTS <i>(Continued)</i> June 30, 2003
financing of Agency activities. The Agency's governing commission serves as the Board of Directors of the SFRFA.	(2)	SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
In Fiscal Year 2002, the Public Initiatives Development Corporation (PIDC) was formed to develop affordable housing on the Agency's behalf. The Board of PIDC is comprised of management of the Agency and other appointed individuals. Future funding will be dependent on the Agency and as such, PIDC is reported as a blended component unit of the agency. Activities during the year are predevelopment activities including design and financing of a 106 affordable units mixed-use development.		(a) Government-wide and fund financial statements The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the non-fiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revorues, are reported separately from business type activities which rely, to a significant extent, on fees revorues, are reported separately from business type activities which rely, to a significant extent, on fees revorues, are reported separately from business type activities which a significant extent, on fees revorues, are reported separately from business type activities which rely to a significant extent, on fees revorues, are reported activities.
The Agency's governing body is not substantively the same as that of the City, and the Agency does not provide services entirely or almost entirely to the City. The Agency is reported in a separate column to emphasize that it is legally separate from the City. The City is financially accountable for the Agency through the appointment of the Agency's Board and the ability of the City approve the Agency's budget. Disclosures related to the Agency, where significant, are identified separately throughout these notes. Complete financial statements can be obtained from the Agency's administrative offices at 770 Golden Gate Ave., San Francisco, CA 94102.		and charges for support. Linkewise, ure primary governments is reported opprace, providentiable accomponent units for which the primary government is financially accountable. The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who segment and (2) grants and contributions that are restricted to meeting the operational or capital segment and (2) grants and contributions that are restricted to meeting the operational or capital segment and (2) grants and contributions that are restricted to meeting the operational or capital segment and (2) grants and contributions that are restricted to meeting the operational or capital second s
Treasure Island Development Authority (TIDA) – The TIDA is a nonprofit public benefit corporation. The TIDA was authorized in accordance with the Treasure Island Conversion Act of 1997 and designated as a redevelopment agency pursuant to Community Redevelopment Law of the State of California. Seven commissioners who are appointed by the Mayor, subject to confirmation by the City's Board of Supervisors, govern the TIDA. The specific purpose of the TIDA is to promote the planning, redevelopment, reconstruction, reuse and conversion of the property known as Naval Station Treasure Island for the public interest, convenience, welfare and common benefit of the		requirements of a particular function or segment. Laxes and other remits not properly included any program revenues are reported instead as general revenues. Program revenues are reported instead as general revenues. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the governmental funds financial statements. In the fund governmental funds are reported as separate columns in the fund financial statements.
inhabitants of the City. The TIDA has adopted as its mission the creation of attordable housing and economic development opportunities on Treasure Island.		The basic financial statements include certain prior-year summarized comparative information. This information is presented only to facilitate financial analysis.
The TIDA's governing body is not substantively the same as that of the City and the TIDA does not provide services entirely or almost entirely to the City. The TIDA is reported in a separate column to emphasize that it is legally separate from the City. The City is financially accurtable for the TIDA through the appointment of the TIDA's Board and the ability of the City to approve the TIDA's budget. Disclosures related to the TIDA, where significant, are separately identified throughout these notes. Separate financial statements are not prepared for TIDA. Further information about TIDA can be obtained from the TIDA, where significant, are separately identified throughout these notes. Separate financial statements are not prepared for TIDA. Further information about TIDA can be obtained from the TIDA administrative offices at 410 Palm Avenue, Building 1, Room 223, Treasure Island, San Francisco, CA 94130.		(b) Measurement focus, basis of accounting, and financial statement presentation The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levide. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.
Non Disclosed Organizations There are other governmental agencies that provide services within the City and County of San Francisco. These entities have independent governing boards and the City is not financially accountable for them. The City's basic financial statements, except for certain cash held by the City as an agent, do not reflect operations of the San Francisco Airport Improvement Corporation, San Francisco, Ban Francisco Unified School Francisco Housing Authority, Private Industry Connoil of San Francisco, San Francisco Unified School District and San Francisco Community College District. The City is represented in two regional agencies, the Bay Area Rapid Transit District (BAART) and the Bay Area Air Quality Management District (BAAQM), which are also excluded from the City's reporting entity.		Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available within the current period or soon enough thereafter to pay liabilities of the current period. The City considers properly tax revenues to be available if they are collected within 60 days of the euror of the current fiscal period. All other revenues the considered to be available if they are collected within 60 days of the end of the current fiscal period. The current fiscal period. The current fiscal period. It is the City's policy to submit reimbursement and claim requests for federal and sitting to far tervenues within 30 days of the end of the program cycle and payment is generally are received within the first or second quarter of the following fiscal year. Expenditures generally are received within its incurred, as under accural accounting. However, debt service expanding the revealed to vaccation, sick leave, claims and judgments, are recorded only when payment is due.
		Property taxes, other local taxes, licenses, and interest associated with the current fiscal period are all considered susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when the City receives cash.
43		44

CITY AND COUNTY OF SAN FRANCISCO NOTES TO BASIC FINANCIAL STATEMENTS (<i>Continued</i>) June 30, 2003	account for the activities of the equipment maintenance services, centralized printing and mailing services, centralized telecommunications and information services, and lease financing through the Finance Corporation.	The Pension and Other Employee Benefit Trust Funds reflect the activities of the Employees' Retirement System and the Health Service System. The Retirement System accounts for employee contributions. Citv contributions, and the earnings and profits from investments. It also accounts for	the disbursements made for employee retirements, withdrawals, disability and death benefits as well as administrative expenses. The Health Service System accounts for contributions from active and retired employees and surviving spouses, City contributions, and the earnings and profits from investments. It also accounts for the disbursements to various health plans and health care	providers for the medical expenses of beneficiaries.	The <i>Investment Trust Fund</i> accounts for the external portion of the Treasurer's Office investment pool. The funds of the San Francisco Community College District, San Francisco Unified School District, and the Trial Courts are accounted for within the Investment Trust Fund.	The Agency Funds account for the resources held by the City in a custodial capacity on behalf of other agencies.	Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that these standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for business-type activities and enterprise funds, subject to this same limitation. The City has elected not to follow subsequent private-sector guidance.	In general, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this rule are charges to other City Departments from the Water Department and Hetch Hetchy. These charges have not been eliminated because elimination would distort the direct costs and program revenues reported in the Statement of Activities.	Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with the fund's principal	ongoing operations. Ine principal operating revenues or the cury entrephyse and interinal service invitos are charges for customer services including; water, sewer and power charges, public transportation fees, airline fees and charges for fees, hospital patient service fees, commercial and industrial rents, printing services, vehicle maintenance fees, telecommunication and information system support charges, and information system support charges, hospital patient service fees, commercial and industrial rents, printing services, vehicle maintenance fees, telecommunication and information system support charges, and equipment rents of the Finance Corporation. Operating expenses of renterpines funds and internal contraction feed.	Service lunds include the cust of services, auministrative expenses, and expresses, and expenses, and expenses. revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. When both restricted and unrestricted resources are available for use, it is the City's policy to use	restricted resources inst, inten unresultived resources as iney are needed. (c) Budgetary Data	The City adopts annual budgets for all governmental funds on a modified accrual basis of accounting except for capital project funds, and certain debt service funds which adopt project length budgets.	The budget of the City is a detailed operating plan, which identifies estimated costs and results in relation to estimated results. The budget includes (1) the programs, projects, services, and activities to be	provided during the fiscal year, (2) the estimated resources (innows) and amounts available for appropriation and (3) the estimated charges to appropriations. The budget represents a process through
CITY AND COUNTY OF SAN FRANCISCO NOTES TO BASIC FINANCIAL STATEMENTS <i>(Continued)</i> June 30, 2003	The City reports the following major governmental fund: The <i>General Fund</i> is the City's primary operating fund. It accounts for all financial resources of the	City except those required to be accounted for in another fund. The City reports the following major proprietary (enterprise) funds:	The San Francisco International Airport Fund accounts for the activities of the City-owned commercial service airport in the San Francisco Bay Area. The Water Denartment Fund accounts for the activities of the San Francisco Water Department.	is engaged in the distribution of water to the City and certain suburban areas.	The <i>Hetch Hetchy Water and Power Fund</i> accounts for the activities of Hetch Hetchy Water and Power Department (Hetch Hetchy). The department is engaged in the collection and conveyance of approximately 85% of the City's water supply and in the generation and transmission of electricity.	The <i>Municipal Transportation Agency Fund</i> accounts for the activities of the Municipal Transportation Agency (MTA). The MTA was established by Proposition E, passed by the City's Adventised Advention Transportation Transport Transportation and the MTA was established by Proposition E, passed by the City's and the MTA was established by Proposition E, passed by the City's and the MTA was established by Proposition E, passed by the City's account of the MTA was established by Proposition E, passed by the City's account of the MTA was established by Proposition E, passed by the City's account of the MTA was established by Proposition E, passed by the City's account of the MTA was established by Proposition E, passed by the City's account of the MTA was established by Proposition E, passed by the City's account of the MTA was established by Proposition E, passed by the City's account of the MTA was established by Proposition E, passed by the City's account of the MTA was established by Proposition E, passed by the City's account of the MTA was established by Proposition E, passed by the City's account of the MTA was established by Proposition E, passed by the City's account of the MTA was established by Proposition E, passed by the City's account of the MTA was established by Proposition E, passed by the City's account of the MTA was established by Proposition E, passed by the MTA was established by Proposition E, passed by the MTA was established by Proposition E, passed by the MTA was established by Proposition E, passed by the MTA was established by Proposition E, passed by the MTA was established by Proposition E, passed by the MTA was established by Proposition E, passed by TA was established by Proposition E, passed by Proposition E, pass	voters in November 1995. The WIA includes the Sam Francisco Municipal Realway (Worly), Sam Francisco Municipal Railway Improvement Copropation (SFMRIC), and beginning on July 1. 2002 the operations of the Parking and Traffic Commission (DPT), which includes the Parking Authority. MUNI was established in 1912 and is responsible for the operations of the City's public transportation system. SFMRIC is a nonprofit corporation established to provide capital financial assistance for the modernization of MUNI by acquiring, constructing, and financing improvements to the City's public transportation system. DPT is responsible for proposing and implementing treet the City's public transportation system. DPT is responsible for proposing and implementing treet	and ranc charges and versees up outs outsourced parning upper advance department of the MTA. Through June 30, 2002, DPT's activities were reported in the general fund, other governmental funds and the parking garages fund. The later accounted for the activities of various non-profit corporations formed by the Parking Authority to provide financial and other assistance to the City to acquire land, construct facilities, and manage various parking facilities.	The General Hospital Medical Center Fund accounts for the activities of the San Francisco General Hospital Medical Center, a City-owned acute care hospital.	The <i>Clean Water Program Fund</i> accounts for the activities of the Clean Water Program (CWP). It was created after the San Francisco voters approved a proposition in 1976, authorizing the City to issue \$240 million in bonds for the purpose of acquiring, construction, improving, and financing improvements to the City municipal sewage treatment and disposal system.	The Port of San Francisco Fund accounts for the activities of the Port of San Francisco. This was established in 1999 after the San Francisco voters approved a proposition to accept the transfer of the Harbor of San Francisco from the State of California.	The <i>Laguna Honda Hospital Fund</i> accounts for the activities of Laguna Honda Hospital, the City- owned skilled nursing facility which specializes in serving elderly and disabled residents.	Additionally, the City reports the following fund types:	The Permanent Fund accounts for resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support specific programs.	The <i>Internal Service Funds</i> account for the financing of goods or services provided by one City department to another City department on a cost reimbursement basis. Internal Service Funds

CITY AND COUNTY OF SAN FRANCISCO NOTES TO BASIC FINANCIAL STATEMENTS <i>(Continued)</i> June 30, 2003	certain transfers of surplus appropriations within a department. Such adjustments are reflected in the final budgetary data.	The Annual Appropriation Ordinance adopts the budget at the character level of expenditure within departments. As described above, the Controller is authorized to make certain transfers of appropriations within departments. Accordingly, the legal level of budgetary control by the Board of Supervisors is the department level.	Budgetary data, as revised, is presented in the basic financial statements for the General Fund. Final budgetary data excludes the amount reserved for encumbrances for appropriate comparison to actual expenditures.	Generally, new or one-time federal and state grants, other capital projects, and debt issues are budgeted by the Mayor and the Board of Supervisors as a supplemental appropriation.	Investment in the Treasurer's Pool Investment in the Treasurer's Pool The Treasurer invests on behalf of most funds of the City and external participants in accordance with the City's investment policy and the California State Government Code. The City Treasurer who reports on a monthly basis to the Board of Supervisors manages the Treasurer's pool. In addition, the function of the County Treasury Oversight Committee is to review and monitor the City's investment policy and to monitor compliance with the investment policy and reporting provisions of the law through an annual audit.	The Treasurer's investment pool consists of two components: 1) pooled deposits and investments and 2) dedicated investment funds. The dedicated investment funds represent restricted funds and relate to bond issuance of the Enterprise Funds and the General Fund's cash reserve requirement. In addition to the Treasurer's investment pool, the City has other funds that are held by trustees. These funds are related to the issuance of bonds and certain loan programs of the City. The investments of the Employees' Retirement System and deposits and investments of the Redevelopment Agency are held by trustees	(note 5). The San Francisco Unified School District, San Francisco Community College District, and the Trial Courts of the State of California are voluntary participants in the City's investment pool. As of June 30, 2003, \$224 million was held on behalf of these voluntary participants. The total percentage share of the Treasurer's pool that relates to these three external participants is 9.69%. The deposits held for these entities are included in the Investment Trust Fund. The City has not provided nor obtained any legally binding guarantees during the fiscal year ended June 30, 2003 to support the value of shares in the pool.	For reports on the external investment pool, contact the Office of the Treasurer, Room 140, City Hall, 1 Dr. Carlton B. Goodlett Place, San Francisco, CA 94102. Investment Valuation	<i>Treasurer's Pool</i> – Substantially all investments are carried at fair value. The fair value of pooled investments is determined annually and is based on current market prices. The fair value of participants' position in the pool is the same as the value of the pool shares. The method used to determine the value of participants' equity withdrawn is based on the book value of the participants' percentage participation at the date of such withdrawal. In the event I that a certain fund overdraws is share of pooled cash, the overdraft is reported as a due to the General Fund. The City Charter prohibits expending funds for which there is no legal appropriation.	The Administrative Code Chapter 3 outlines the City's general budgetary procedures, with Section 3.3 detailing the budget timeline. A summary of the key budgetary steps and data reflected in the financial statements is as follows:	Ungmain Budget (1) Departments and Commissions conduct hearings to obtain public comment on their proposed annual budgets beginning in December and submit their budget proposals to the Controller's Office no later than February 21.	(2) The Controller's Office consolidates the budget estimates and transmits them to the Mayor's Office. Staff of the Mayor's Office analyze, review and refine the budget estimates before transmitting the Mayor's Proposed Budget to the Board of Supervisors.	 By the first working day of May, the Mayor submits the Proposed Budget to the Board of Supervisors for departments that are not supported by the City's General Fund or departments that do not rely on the State's budget submission in May for their revenue sources. By the first working day of June, the Mayor submits the complete Proposed Budget to the Board of Supervisors along with a draft of the annual appropriation ordinance prepared by the Controller's Office 	Within five working days of the Mayor's proposed budget transmission to the Board the Controller reviews the estimated revenues and assumptions in the Mayor's Prato provides an opinion as to their accuracy and reasonableness. The Controller al recommendation regarding prudent reserves given the Mayor's proposed recommendation.	(6) The appropriate Committee of the Board of Supervisors conducts hearings, obtains public comment, and reviews the Mayor's proposed annual budget. The Committee recommends an interim budget reflecting the Mayor's budget transmittal and, by June 30, the Board of Supervisors passes an interim budget. (7) Not later than the last working day of July, the Board of Supervisors adopts the annual budget than budget than a budget than budget than budget than budget.	<i>Final Budget</i> The final budgetary data presented in the basic financial statements reflects the following changes to the original budget:	(1) Certain annual appropriations are budgeted on a project or program basis. If such projects or programs are not completed at the end of the fiscal year, unexpended appropriations, including encumbered funds, are carried forward to the following year. In certain circumstances, other programs and regular annual appropriations may be carried forward after appropriate approval. Annually appropriated funds, not authorized to be carried forward, lapse at the end of the fiscal year. Appropriations carried forward from the prior year are included in the final budgetary data.		47

CITY AND COUNTY OF SAN FRANCISCO NOTES TO BASIC FINANCIAL STATEMENTS <i>(Continued)</i> June 30, 2003	(i) Accrued Vacation and Sick Leave Pay Vacation pay, which may be accumulated up to ten weeks depending on an employee's length of service, is payable upon termination.	Sick leave may be accumulated up to six months. Uhused amounts accumulated prior to December 6, 1978 are vested and payable upon termination of employment by retirement or disability caused by industrial accident or death. Effective July 1, 2002, the City established a pilot "wellness incentive program" (the Program) to promote workforce attendance. The Program was negotiated as part of the July 1, 2001 to June 30, 2003 labor contract between the City and forty-one labor organizations, representing abuly 1, 2001, between the City and the effected labor organizations. Under the terms of this and the labor contracts, the Program is in effect from July 1, 2002 to June 30, 2005.	Effective July 1, 2002, any full-time employee leaving the employment of the City upon service or disability retirement may receive payment for a portion of sick leave earned but unused at the time of separation. The amount of this payment shall be equal to 2.5% of sick leave balances earned but unused at the time of separation times the number of whole years of continuous employment times an employee's salary rate, exclusive of premiums of supplements, at the time of separation. Vested sick leave hours as described by Civil Service Commission rules, shall not be included in this computation.	The City accrues for all salary-related items, including the Program, in the government-wide and proprietary fund financial statements for which they are liable to make a payment directly and incrementally associated with payments made for compensated absences on termination. The City includes its share of social security and Medicare payments made on behalf of the employees in the accrual for vacation and sick leave pay.	Effective July 1, 2002, management adopted a policy to charge accrued vacation and sick leave for certain health employees to the Department of Public Health to reflect the organization's structure. Prior to July 1, 2002, accrued vacation and sick leave for these employees were raranged to the General Hospital Medical Center. Due to the new policy, certain long-term liabilities were transferred from the General Hospital Hospital Medical Center enterprise fund which is reported within business-type activities to governmental activities.	すびるぎょく	In the fund financial statements, governmental funds recognize bond premiums and discounts as other financing sources and uses, respectively, and bond issuance costs as debt service expenditures. Issuance costs, whether or not withheld from the actual debt proceeds received are reported as debt service expenditures.
CITY AND COUNTY OF SAN FRANCISCO NOTES TO BASIC FINANCIAL STATEMENTS <i>(Continued)</i> June 30, 2003	are accounted for in the other governmental funds as long-term loans receivable with an allowance for forgivable loans, and an offsetting deferred credit account. For purposes of the government-wide financial statements, long-term loans are not offset by deferred	credit accounts. (f) Inventory Inventory recorded in the proprietary funds primarily consists of construction materials and maintenance supplies phase maintained by the hospitals. During the grare ended June 30, 2003, re-built inventory items including motors, transmissions, and other smaller parts from MUNI coaches were included in materials and supplies inventory. Previously, the actual costs of in-house re-built inventory items were expensed as incurred. Generally, proprietary funds value inventory at cost or average cost and expense supply inventory as it is consumed. This is referred to as the consumption method of inventory accounds in the XVP which excounts the accuration activities using the number of the number of the method records ins as expensed when they are accurated. The novembring the number of the		(h) Capital Assets Capital assets, which include land, facilities and improvements, machinery and equipment, and infrastructure assets, which in the applicable governmental or business-type activity columns in the government-wide financial statements. Capital assets are defined as assets with an initial individual cost	of more than 55,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Capital outlay is recorded as expenditures of the General Fund and other governmental funds and as assets in the government-wide financial statements to the extent the City's capitalization threshold is met. Interest incurred during the construction phase of the capital assets of business-type activities is reflected in the capitalized or value of the asset constructed, net of interest earned on the invested proceeds over the same period. Amortization of assets acquired under capital lease is included in depreciation and amortization. Facilities and improvements,	intrastructure, macmnery and equipment, and easements of the primary government, as well as ure component units, are depreciated using the straight line method over the following estimated useful lives: <u>Assets</u> Facilities and Improvements Infrastructure Machinery and Equipment Samonts Facilities and an area of the straight line method over the following estimated useful lives: Assertion and the straight line method over the following estimated useful lives: Team area of the straight line method over the following estimated useful lives: Assertion and the straight line method over the following estimated useful lives: Assertion area of the straight line method over the following estimated useful lives: Teaching and the straight line method over the following estimated useful lives: Assertion and the straight line method over the following estimated useful lives: Assertion and the straight line method over the following estimated useful lives: Assertion and the straight line method over the following estimated useful lives: Teaching and the straight line method over the following estimated useful lives: Assertion and the straight line method over the following estimated useful lives: Assertion and the straight line method over the following estimated useful lives: Assertion and the straight line method over the following estimated useful lives: Assertion and the straight line method over the straight lives and the straight li	treasures and zoological animals he service, rather than financial gain, a ted for and preserved by the City. CITY AND COUNTY OF SAN FRANCISCO NOTES TO BASIC FINANCIAL STATEMENTS <i>(Continued)</i> June 30, 2003	Deficit Net Assets The Telecommunications and Information Internal Service Fund had a \$4.6 million deficit total net assets as of June 30, 2003. Approximately \$1.2 million of this deficit is due to depreciation that is not funded and will result in continuing deficits. The remaining portion of the deficit of total net assets relates to operations and is expected to be reduced in future years through anticipated rate increases or reductions in operating expenses.	The Central Shops Internal Service Fund had a \$1.2 million deficit as of June 30, 2003. The deficit is due to depreciation and certain non-current accrued expenses that are not funded and will result in continuing deficits in future years.	(I) Interfund Transfers Interfund transfers are generally recorded as transfers in (out) except for certain types of transactions that are described below.	(1) Charges for services are recorded as revenues of the performing fund and expenditures of the requesting fund. Unbilled costs are recognized as an asset of the performing fund at the end of the fiscal year.	(2) Reimbursements for expenditures, initially made by one fund which are properly applicable to another fund, are recorded as expenditures in the reimbursing fund and as a reduction of expenditures in the fund that is reimbursed.	(m) Rerunding of Debt Gains or losses occurring from advance refundings, completed subsequent to June 30, 1993, are deferred and amortized into expense for both business-type activities and proprietary funds. For governmental	activities, they are deferred and amortized into expense if they occurred subsequent to June 30, 2000. (n) Cash Flows	Statements of cash flows are presented for proprietary fund types. Cash and cash equivalents include all unrestricted and restricted highly liquid investments with original purchase maturities of three months or less. Pooled cash and investments in the City's Treasury represent monies in a cash management pool and such accounts are similar in nature to demand deposits.	 (o) Estimates The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. (p) Reclassifications 	Certain amounts presented as 2002 Summarized Comparative Financial Information in the basic financial statements have been reclassified for comparative purposes to conform with the presentation in the 2003 basic financial statements.	
CITY AND COUNTY OF SAN FRANCISCO NOTES TO BASIC FINANCIAL STATEMENTS <i>(Continued)</i> June 30, 2003	(k) Fund Equity Reservations of Fund Equity Reservations of fund balances of the governmental funds indicate that portion of fund equity which is not available for appropriation for expenditure or is legally segregated for a specific future use. Following is a brief description of the nature of certain reserves.	Reserve for cash requirements - The City's Charter provides for a cash requirement reserve to meet potential short-term working capital needs. The balance is calculated as 10% of either the current or the last preceding tax levy.	Reserve for emergencies - The City's Charter provides for an emergency reserve fund for purposes of meeting any emergency as defined in the City's Charter. The amount reserved for emergencies may be appropriated only by a vote of three-fourths of the Board of Supervisors.	Reserve for assets not available for appropriation - Certain assets, primarily cash and investments outside City Treasury and deferred charges, do not represent expendable available financial resources. Therefore, a portion of fund equity is reserved to offset the balance of these assets.	Reserve for debt service - The tund balance of the ueut service futues is reserved for the payment of dept. service in the subsequent year. Reserves for encumbrances - Encumbrances are recorded as reservations of fund balances because they do not constitute expenditures or liabilities. In certain other governmental fueld when a accounting theatment	results in a deficit unreserved rund balance. This deficiency is carried roward to use next inscarycar whole it is applied against estimated revenues in the year the commitments are expended.	reserve to appropriator carry to way of the ensuing year. A reserve of fund balance is established authorized to be carried over and expended in the ensuing year. A reserve of fund balance is established in the amount of these budget authorizations.	Reserve for subsequent years' budgets – A portion of fund balance is reserved for subsequent years' budgets. This balance includes the reserve required by the City's Administrative Code for the budget incentive program for the purpose of making additional funds available for items and services that will improve the efficient operations of departments.	Restricted Assets Certain proceeds of the City's enterprise fund revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheets because the use of the proceeds is limited by applicable bond covenants and resolutions. Restricted assets account for the principal and interest amounts accumulated to pay debt service, unspent bond proceeds, and amounts restricted for future capital projects. In addition, certain grant proceeds are restricted by the granting anency.	Designations of Fund Equity Designations of Fund Equity Designations of fund balances (note 4) indicate that portion of fund balance that is not available for appropriation based on management's plans for future use of the funds. Following is a brief description of the nature of the designation as of June 30, 2003. Designation for liftigation and contringencies – This designation represents management's estimate of anticipated legal settlements or contingencies to be paid in the subsequent fiscal year.	

RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS ෆ

(a) Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net assets

Total fund balances of the City's governmental funds, \$883,338, differs from net assets of governmental activities, \$1,312,822, reported in the statement of net assets. The difference primarily results from the long-term economic focus in the statement of net assets versus the current financial resources focus in the governmental fund balance sheets.

The assets and labilities of certain in a service funds are included in governmental activities in the statement of net assets.

\$ (230,149)

(b) Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities

The net change in fund balances for governmental funds. (\$365,624), differs from the change in net assets for governmental activities (\$162,199) reported in the statement of activities. The differences arise primarily from the long-term economic focus in the statement of activities versus the current financial resources focus in the governmental funds. The effect of the differences is illustrated below.

\$ 704	\$ (50,667)	<u>18,248</u> \$ (32,419)		\$ 252,456 (51,855) (3,920) \$ 196,681	\$ 3,414	\$ 28,143	\$ 1,646 (405) \$ 1,241	\$ (323)		\$ 100,902	(29,345) (41,965) (71,310)	(32,585) \$ (2,993)
Because some property taxes will not be collected for several months after the City's fiscal year ends, they are not considered as available revenues in the governmental funds.	Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expanditures in governmental funds. Cartain long-term liabilities reported in the prior year statement of nat assets were peid during the current period resulting in expenditures in the governmental funds. This is the amount by which the increase in long term liabilities exceeded expenses reported in the statement of activities that do not require the use of current financial resources.	Some expenditures reported in the governmental funds pertain to the establishment of deferred credits on long-term loans since the loans are not considered "available" to pay current pendo expenditures. The deferred credits are not reported in the statement of net assets and, therefore, the related expenses are not reported in the statement of activities.	When capital assets that are to be used in governmental activities are purchased or constructed, the resources expended for those assets are reported as expenditures in governmental funds. However, in the statement of activities, the cost of those assets is allocated over their estimated useful thes and reported as depreciation expense. As a setuit, fund battione decreases by the amount of financial resources expended, whereas net assets decrease by the amount of depreciation expense charged for the year, and the loss on disposal of capital assets.	Capital expenditures. Depreciation expenses. Loss on disposal of capital assets. Difference.	Internal service funds are used by management to charge the costs of certain activities, such as capital lease financing, equipment maintenance, printing and mailing services, and telecommunications, to individual funds. The adjustments for internal service funds "close" those funds by charging additional amounts to participating governmental activities to completely cover the internal service funds costs for the year.	Lease payments on the Moscone Convention Center (note 8) are reported as a culture and recreation expenditure in the governmental funds and, thus, have the effect of reducing fund balance because current intrancial resources have been used. For the City as a whole, howwer, the principal payments reduce the flability in the statement of rel assets and do not result in an expense in the statement of activities. The City's capital lease obligation was reduced because principal payments were made to the lease.	Bond issuance costs are expended in governmental funds when paid, and are capitalized and amortized over the life of the corresponding bonds for purposes of the statement of activities. Bond issuance costs	Bond premiums and discounts are expended in the governmental funds when the bonds are issued, and are capitalized in the statement of net assets. This is the amount of premiums capitalized during the current period:	Repayment of bond principal is reported as expanditures in governmental funds and, thus, have the effect of reducing fund balance because current financial resources have been used. For the City as a whole, however, the principal payments reduce the liabilities in the statement of net assists and do not result in expenses in the statement of activities. The City's bonded debt was reduced because principal payments were made to bond holders.	Principal payments made	statement of activities. Proceeds were received i.on. General organization portain Certificate of participation	Capital leases

(9)

(2)

					69
Interest expense in the statement of activities differs from the amount reported in governmental funds because (1)	additional accrued and accreted interest was calculated for bonds, notes payable and capital leases, (2)	amortization of bond discounts, premiums and refunding losses which are expended within the fund statements, and	(3) additional interest expense was recognized on the accrual of an arbitrage rebate liability which will not be	recognized in the governmental funds until the liability is due and payable.	Reduction in accrued interest

(3) During the current fiscal year, certain long-term liabilities were transferred from the General Hospital Medical Center enterprise fund which is reported in the business-type activities to governmental activities. This is the amount by which the long-term liabilities increased in governmental activities.

(3,672)

(4) BUDGETARY RESULTS RECONCILED TO RESULTS IN ACCORDANCE WITH GENERALLY ACCEPTED ACCOUNTING PRINCIPLES

Budgetary Results Reconciliation

The budgetary process is based upon accounting for certain transactions on a basis other than GAAP basis. The results of operations are presented in the budget-to-actual comparison statement in accordance with the budgetary process (Budget basis) to provide a meaningful comparison with the budget.

The major differences between the Budget basis "actual" and GAAP basis are as follows:

(a) Basis differences

Certain accruals for estimated claims payable are excluded from the Budget basis financial statement because such amounts are budgeted on a cash basis.

CITY AND COUNTY OF SAN FRANCISCO NOTES TO BASIC FINANCIAL STATEMENTS *(Continued)* June 30, 2003

(b) Timing differences

Timing differences represent transactions that are accounted for in different periods for Budget basis and GAAP basis reporting. Certain revenues accrued on a Budget basis have been deferred for GAAP reporting. These primarily relate to the accounting for property tax revenues under the Teeter Plan (note 6).

The fund balances as of June 30, 2003 on a Budget basis are reconciled to the fund balances on a GAAP basis as follows (in thousands):

	Eund	
Fund balance - Budget basis	\$207,167	
Jnrealized gain on investments	3,266	
Deferred charges and assets not available for appropriation	6,768	
Cumulative excess property tax revenues recognized on a Budget basis	(20,889)	
Fund balance - GAAP basis	\$196,312	

General Fund Budget basis fund balance at June 30, 2003 is composed of the following (in thousands):

									\$144,826			62,341	\$207,167
\$55,139 4,198	43,195	26,880		4,018	4,421	1,100	4,364	1,511		14,490	47,851		
Reserved for cash requirements	Reserved for encumbrances	Reserved for appropriation carryforward	Reserved for subsequent years' budgets:	Reserved for budget incentive program	Reserved for salaries and benefits (MOU)	Reserved for nurses' childcare (MOU)	Reserved for litigation	Reserved for Recreation & Park savings	Total reserved amounts	Designated for litigation and contingencies	Unreserved – available for appropriation	Total unreserved amounts	Fund Balance, June 30, 2003 - Budget basis

Of the \$47.9 million unreserved-available for appropriation, \$47.1 million has been subsequently appropriated as part of the General Fund budget for fiscal year 2004.

DEPOSITS AND INVESTMENTS 2

The City's deposits and investments are invested pursuant to investment policy guidelines established by the City Treasurer subject to review by the Treasury Oversight Committee. The Treasury Oversight Committee established under California Government Code Sections 27130 to 27137 is composed of soundness of financial institutions in which the City will deposit funds, types of investment instruments as permitted by the California Government Code, and the percentage of the portfolio which may be invested in certain instruments with longer terms to maturity. Investments permitted by the City's investment policy various City officials and representatives of agencies with large cash balances. The objectives of the policy are, in order of priority, preservation of capital, liquidity, and yield. The policy addresses the include the following:

- Public Time Deposits •
- Public Demand Accounts
- Negotiable Certificates of Deposit U.S. Government Securities
 - Treasury Bills
- Treasury Bonds
 - Treasury Notes
- Federal Agencies
- Federal Home Loan Bank
- Federal Farm Credit Bank
- Federal National Mortgage Association
 - Federal Mortgage Corporation
 - Student Loan Marketing Association
- Money Market Instruments
 - Commercial Paper
- Bankers' Acceptances
- Reverse Repurchase Agreements Repurchase Agreements •

The City's investment policy identifies certain restrictions related to the above investments. Investments held by the City Treasurer during the year did not include repurchase agreements or reverse repurchase Other deposits and investments maintained outside the City Treasury are invested pursuant to governing bond covenants or California Government Code provisions. The following provides a brief description of

Employees' Retirement System

the nature of these investments.

agreements.

The Retirement System's funds are invested pursuant to policy guidelines established by the Retirement System's Board. The objective of the investment policy is to maximize the expected return of the fund at an agreed upon level of risk. The Retirement Board has established percentage guidelines for types of investments to ensure the portfolio is diversified. As of June 30, 2003, the Retirement System had no investments in any one organization that represented 5% or more of plan net assets. Investments held by the Retirement System during the year did not include reverse repurchase agreements.

Other Funds

and to certain loan program's operated by the City. These funds are invested either in accordance with bond covenants and are pledged for payment of principal, interest, and specified capital improvements or in accordance with grant agreements and may be restricted for the issuance of loans. Other funds consist primarily of deposits and investments with trustees related to the issuance of bonds

NOTES TO BASIC FINANCIAL STATEMENTS (Continued) June 30, 2003 **CITY AND COUNTY OF SAN FRANCISCO**

Component Units

agreements require the prior approval of the Agency Commission. The Agency does not participate in reverse repurchase agreements or other high-risk investments as defined by the Agency's investment policy. It is the Agency's intention to hold investments until maturity, unless earlier liquidation would result are only allowed within limits. The Code permits repurchase agreements, but reverse repurchase The investment policy of the Redevelopment Agency is governed by Article 2 of the California Government Code (Code). Investments are restricted to certain types of instruments and certain of these instruments in an investment gain.

The funds of the TIDA are invested solely in the City Treasury.

Deposits and investments

CITY AND COUNTY OF SAN FRANCISCO NOTES TO BASIC FINANCIAL STATEMENTS <i>(Continued)</i> June 30, 2003	The types of investments made during the year were substantially the same as those held as of June 30, 2003. Fair value fluctuates with interest rates, and increasing rates could cause fair value to decline below original cost. City management believes the liquidity in the portfolio is sufficient to meet cash flow requirements and to preclude the City from having to sell investments below original cost in the preclude the City from having to sell investments below original cost in the preclude the City from having to sell investments below original cost for that purpose. The interest and net investment gain is comprised of the following at June 30, 2003 (in thousands): Interest and dividends, net of amounts capitalized \$354,692	Total investment being value of investments takes into account all changes in fair value (including purchases and sales) that occurred during the year. The primary component of this figure is the net increase in the fair value of pension investments.	The earned yield, which includes net gains on investments sold, on all investments held by the City Treasurer for the fiscal year ended June 30, 2003 was 2.766%. The following represents a condensed statement of net assets and changes in net assets for the Treasurer's Pool as of June 30, 2003 (in thousands):	Statement of Net Assets \$2.315,169 Net assets held in trust for all pool participants \$2.315,169 Equity of internal pool participants \$2.091,212	& & &	E	Type of investment Rates Maturities Par Value Value US government securities	easurer's Pool	22

(6) PROPERTY TAXES

The City is responsible for assessing, collecting and distributing property taxes in accordance with enabling state law. Property taxes are levied on both real and personal property. Liens for secured property taxes attach on January 1st preceding the fiscal year for which taxes are levied. Secured property taxes are levied on the first business day of September and are payable in two equal installments: the first is due on November 1st and delinquent with penalties after December 10th; the second is due February 1st and delinquent with penalties after December 10th; the second is due February 1st and delinquent with penalties after April 10th. Secured property taxes that are delinquent and unpaid of five years; the property may be sold at public auction and the proceeds used to pay delinquent amounts due. Any excess is remitted, if claimed, to the taxpayer. Unsecured personal property taxes do not represent a lien on real property. Those taxes are due on January 1st and become delinquent with penalties after August 31st. Supplemental property tax assessment and unpaid levied in two equal installments and have variable due dates based on the due of the underlying transaction. Since the passage of California's Proposition 13, beginning with fiscal year 1978-79, general property taxes are based either on a flat 1% rate applied to the 1975-76 full value of the property on 1% of the sine sprice of the property on sales transactions or construction value added after the 1975-76 valuation. Taxable values on properties (exclusive of increases related to sales and construction) can rise at the lesser of 2% per year or inflation.

The Proposition 13 limitations on general property taxes do not limit taxes levied to pay the interest and redemption charges on any indebtedness approved by the voters prior to June 6, 1978 (the date of passage of Proposition 13). Proposition 13 was amended in 1986 to allow property taxes in excess of the 1% tax rate limit to fund general obligation bond debt service when such bonds are approved by two-thirds of the local voters. These "override" taxes for debt service amounted to apprximately \$102.3 million for the year ended June 30, 2003, of which \$2.8 million was for the San Francisco Community College District (CCD). Taxable valuation for the year ended June 30, 2003 (net of non-reimbursable exemptions, reimbursable exemptions, and tax increment allocations to the Redevelopment Agency) was approximately \$90.3 billion, an increase of 6.8%. The secured tax rate was \$1.117 per \$100 of assessed valuation. After adjusting for a State mandated property tax shift to schools, the tax rate is comprised of \$0.65 for general government, \$0.117 for bond debt service, and \$0.350 for the San Francisco Unified School District, CCD the Bay Area Area Area Invalue Management District, and the Bay Area Rapid Transit District. Delinquencies in the current year on secured taxes and unsecured taxes amounted to 1.96% and 4.94%, respectively, of the current year tax levy, for an average delinquency rate of 2.21% of the current year tax levy.

As established by the Teeter Plan, the Controller allocates to the City and other agencies 100% of the secured property taxes billed but not yet collected by the County: in return, as the delinquent property taxes and associated penalties and interest are collected, the County retains such amounts in the Agency Fund. To the extent the Agency Fund balances are higher than required, transfers may be made to benefit the City S General Fund on a budgetary basis. The balance of the taxloss reserve, as of June 30, 2003 was \$9 million, which is included in the Agency Fund for reporting purposes. The City has funded payment of accrued and current delinquencies, together with the required reserve, from interfund borrowing.

Debt service payments are made from the following sources:
(a) Hotel taxes and operating revenues recorded in the Convention Facilities Special Revenue Fund and existing debt service/escrow trust funds.
(b) Hotel taxes from hotels located in the Redevelopment Project Areas.
(c) Property taxes allocated to the Redevelopment Agency based on increased assessed valuations in project areas allocated to the service/escrow trust funds.
(d) South Beach Harbor Project revenues, property tax increments and project revenues.
(e) South Beach Harbor Project revenues (subordinated to Refunding Bonds).

The City <u>Debt Compliance</u> There are a number of limitations and restrictions contained in the various bond indentures. believes it is in compliance with all significant limitations and restrictions.

Legal Debt Limit and Legal Debt Margin

As of June 30, 2003, the City's debt limit (3% of valuation subject to taxation) was \$2.8 billion. The total amount of debt applicable to the debt limit was \$0.8 billion, net of certain assets in other non-major governmental funds, and other deductions allowed by law. The resulting legal debt margin was \$2.0 billion.

Arbitrage

Under U.S. Treasury Department regulations, all governmental tax-exempt debt issued after August 31, 1986 is subject to arbitrage rebate requirements. The requirements stipulate, in general, that the earnings from the investment of tax exempt bond proceeds, which exceed rated rated interset expenditurees on the form the investment of the Federal government on every fifth anniversary of each bond issue. The City has evaluated each generating bond and has recognized an arbitrage liability of \$1.6 million as of June 30, 2003. This arbitrage liability is reported in deferred credits and other liabilities in the

governmental activities of the statement of net assets. The Finance Corporation had an independent consultant perform a separate calculation on their lease revenue bonds and a liability of 31.4 million was reported in the deferred credits and other liabilities in the internal Service Fund as of June 30, 2003. Each functions Fund has performed a similar analysis of its debt which is subject to arbitrage rebate requirements. Any material arbitrage liability related to the debt of the Enterprise Funds has been recorded as a liability in the respective fund. In addition, the Redevelopment Agency records any arbitrage liability in deferred credits and other liabilities.

Assessment District

During June 1996, the City issued \$1 million of Limited Obligation Improvement Bonds for the Bayshore Hester Assessment District No. 95-1. These bonds were issued pursuant to the Improvement Bond Act of 1915. The proceeds were used to finance the construction of a new public right-of-way. The bonds began to mature during the fiscal year ended June 30, 1999 and continue through 2026 bearing interest from 6.0% to 6.85%. These bonds do not represent obligations of the City. Neither the failth and credit nor the taxing power of the City is pledged to the payment of the bonds. Accordingly, the debt has not been included in the basic financial statements. Assessments constitute fixed liens on the lots and bears assessed within the Bayshore-Hester Assessment District and do not constitute fixed liens on the lots and parcels of the respective owners of such lots and parcels.

Mortgage Revenue Bonds

In order to facilitate affordable housing, the City issues mortgage revenue bonds for the financing of multifamily rental housing and for below-market rate mortgage financing for first time homebuyers. These obligations are secured by the related mortgage indebtedness and are not obligations of the City. During the fiscal year 2003, the City issued multifamily housing revenue bonds in the amount of \$31.3 million and single-family mortgage revenue draw down bonds in the amount of \$31.3 million and the aggregate outstanding obligations of such bonds was \$138.6 million. As of June 30, 2003,

CITY AND COUNTY OF SAN FRANCISCO NOTES TO BASIC FINANCIAL STATEMENTS (*Continued*) June 30, 2003

Changes in Long-Term Obligations

The bonds mature from June 2003 through June 2022. The bonds were issued to provide funds to finance the acquisition, construction and/or reconstruction of San Francisco Zoo facilities and properties and all other works, property and structures necessary or convenient for these purposes. Debt service payments are funded through ad valorem taxes on property.

CITY AND COUNTY OF SAN FRANCISCO NOTES TO BASIC FINANCIAL STATEMENTS <i>(Continued)</i> June 30, 2003	Business-Type Activities Long-Term Liabilities The following provides a brief description of the current year additions to the long-term debt of the business-type activities.	San Francisco International Airport On February 5, 2003, the San Francisco International Airport (SFO) issued Second Series Revenue Bond Issue 29 (issue 29) in the amount of \$156.9 million with interest rates ranging from 1.55% to 5.50%. Proceeds from issue 29 were deposited into an irrevocable trust with an escrow agent to advance refund certain of the SFO's Second Series Reveue Bonds as follows (in thousands):	San Francisco International Airport Refunding Bonds (in thousands) Amount Average Refunded Interest Rate	Second Series Revenue Bond Issuance: 72,440 6.35 - 6.75% Issue 2 31,430 5.6 - 6.2% Issue 4 53,250 5.5 - 6.0%	rity	The net proceeds of \$161.6 million (including original issue premium of \$7.5 million, and after depositing \$0.5 million in a construction account to provide funding for future construction activity and the payment of \$2.4 million in underwriting fees, insurance and other issuance costs) plus an additional \$3.3 million of available debt service funds were used to purchase U.S. Treasury Securities – State and Local Government Series. These securities were deposited in an irrevocable trust with an escrow agent to provide debt service payments on the refunded bonds identified above until called on May 1, 2003.	The refunded bonds were called and redeemed on May 1, 2003. Accordingly, the liability for the refunded bonds has been removed from the Statement of Net Assets. Atthough the advance refunding resulted in the recognition of a deferred accounting loss of \$5.7 million for the fiscal year ended June 30, 2003, the SFO in effect reduced its aggregate debt service payments by approximately \$20.8 million over the next eighteen years and obtained an economic gain (difference between the present values of the old and new debt service payments) of \$19.6 million.	Upon the terms and conditions set forth in a letter of credit dated May 1, 1997, SFO obtained a \$300 million standby letter of credit that may be increased to \$400 million and commenced issuing commercial paper as a means of interim financing. The rates on this letter of credit vary from 2.9% to 3.9%. During the fiscal vear 2002. SFO refinanced the commercial paper outstanding with Second Series Revenue Bonds.	Moreover, SFO obtained a \$200 million standby letter of credit in May 2002 that may be increased to \$400 million upon the terms and conditions set forth in the letter of credit dated as of May 1, 2002. As at June 30, 2003, there was no commercial paper balance outstanding.	06
CITY AND COUNTY OF SAN FRANCISCO NOTES TO BASIC FINANCIAL STATEMENTS <i>(Continued)</i> June 30, 2003	(a) Equipment Lease Program In the June 5, 1990 election, the voters of the City approved Proposition C, which amended the City Charter to allow the City to lease-purchase up to \$20 million of equipment through a non-profit corporation using tax-exempt obligations.	Beginning July 1, 1991, the Finance Corporation was authorized to issue lease revenue bonds up to \$20 million in aggregate principal amount outstanding plus 5% annual adjustment each July 1. As of June 30, 2003, the total authorized amount is \$35.9 million. The total accumulated amual authorization since 1990 is \$15.9 million of which \$1.7 million is new annual authorization for the fiscal year ending June 30, 2003.	The equipment lease program functions as a revolving bond authorization fund. That is, for each dollar in bond principal that is repaid, a new dollar can be issued. The Finance Corporation has issued \$94.5 million in equipment lease revenue bonds since 1991. As of June 30, 2003, \$70.5 million has been repaid leaving \$24 million in equipment lease revenue bonds since tevenue bonds outstanding and \$11.9 million available for new issuance.	In March 2003, the Finance Corporation issued its eleventh Series of equipment lease revenue bonds Series 2003A in the amount of \$11 million with interest rates ranging from 2.0% to 2.4%. The bonds mature from April 2004 through October 2008. (b) <u>City-wide Communication System</u>	In 1993, the voters approved the issuance of up to \$50 million in lease revenue bonds to finance the acquisition and construction of a citywide emergency radio communication system (800 mhz). The Finance Corporation issued two series in January 1998 and January 1999 for \$31.2 million and \$18.7 million, respectively. As of June 30, 2003, the amount authorized and unissued was \$0.1 million and the order construction to the order con	Impliant: Further, In 1994, the Voter's approved the issuence of up to you minureation release provide bonds to finance the acquisition and construction of a combined emergency communication center to house the City's 911-emergency communication system. The Finance Corporation issued two series in June 1997 and in June 1998 for \$22.6 million and \$23.3 million, respectively. As of June 30, 2003, the amount authorized and unissued was \$14.1 million. (c) Moscone Center West Expansion Project	In 1996, the voters approved the issuance of up to \$157.5 million in lease revenue bonds for the purpose of financing a portion of the costs of acquiring, constructing, and improving a free-standing expansion to the City's Moscone Convention Center. On November 2, 2000, Series 2000-1, 2000-2 and 2000-3 totaling \$157.5 million were issued. Each series of bonds may bear interest at a different interest rate mode from other series of bonds may bear interest at the Capitalized Interest Account on the issue date were calculated to be sufficient to pay interest on the Bonds based on an assumed interest rate of \$200%, through August 1, 2003.	actual rate of interest through June 30, 2003 was 1.72%. The final maturity date is April 2030. The expansion project was completed in fiscal year 2003. <u>Certificates of Participation</u>	In April 2003, the City issued \$42 million in Certificates of Participation to finance a portion of the costs of the acquisition, improvement, construction and/or reconstruction of a new juvenile detention facility and related improvements at the site of the existing San Francisco Juvenile Hall located at 375 Woodside Avenue in the City. The Series 2003 Certificates have interest rates ranging from 3.0% to 5.0% and the final maturity date is June 2034.	88

Water Department	Hetch Hetchy Water and Power
In November 1997, the voters approved Propositions A and B, authorizing up to \$304 million in Water Revenue Bonds to fund capital improvements for the Water Enterprise. In May and June 1999, the San Francisco Public Utilities Commission (the Commission) and the board of supervisors, respectively, approved a commercial paper program to provide short-term financing for capital improvement projects funded under the \$304 million Water Revenue Bond Program. In October 2000, the Commission and the Board of Supervisors approved the expansion of the commercial paper program to provide short-term financing for capital improvement projects funded under the \$304 million Water Revenue Bond Program. In October 2000, the Commission and the Board of Supervisors approved the expansion of the commercial paper program to up to \$250 million.	In December 2002, Hetch Hetchy received a \$971 thousand loan from the California Energy Commission with an annual interest rate of 3%, and semi-annual repayments of \$74 thousand beginning on December 22, 2003 with a final maturity date of December 22, 2010. Proceeds from the loan were used to provide funding for an energy conservation project undertaken at San Francisco General Hospital (the Hospital). In accordance with the terms of the loan agreement, Hetch Hetchy is required to prepare and submit annual energy use to the California Energy Commission for three years following the completion of the project. The reports are to demonstrate the cost of energy seved as a result of the project.
In March and May 2003, the Commission and the Board of Supervisors, respectively, approved the reestablishment of the commercial paper program in an amount not to exceed \$250 million. There was no commercial paper outstanding as of June 30, 2003.	Pursuant to the terms of a memorandum of understanding agreement entered into between the Hospital and Hetch Hetchy, the Hospital is required to repay Hetch Hetchy for the cost of the project less any amounts received by Hetch Hetchy under State arrant programs. Parametis received from the Hospital will
During fiscal year 2003, the San Francisco Water Department (Water Department) issued \$164 million of Water Revenue Bonds 2002 Series A (2002 Series A Bonds). The bonds were insured by a municipal bond insurance company and carried Aaa and AAA ratings from Moody's and Standard and Poor's	be used to satisfy the debt service requirements of the loan. Municipal Transportation Agency
respectively. A portion of the proceeds from the issuance of the ZUC series A bound was very or reution all of the Water Department's outstanding commercial paper. The Revenue Bonds include interest and serial and term bonds with interest rates varying from 2.5% to 5.0%. The current interest serial bonds mature through November 1, 2026 and the current interest term bonds mature on November 1, 2025 and 2032.	Effective July 1, 2002, DPT was accounted for in the MTA enterprise fund. Prior to this, the operations of DPT were accounted for in the general fund, other governmental funds and the parking garage fund. The MTA enterprise fund formerly accounted for the activities MUNI and SFMRIC. Further information can be found in note (1) (e). DPT long-term liabilities of \$50.9 million was transferred from governmental activities to Parkin Garanes how activities of
On August 8, 2002, the Water Department issued 2002 Water Revenue Refunding Bonds, Series B (the 2002B Refunding Bonds) in the amount of \$85.3 million with interest rates ranging from 3% to 5%. A	sammer to controve transferred to MTA.
portion of the proceeds from the 2002B Refunding Bonds were deposited into an irrevocable trust with an escrow agent to advance refund the \$92.1 million outstanding balance of the 1992A Water Revenue Refunding Bonds with interest rate ranging from 5.35% to 6.5%.	MUNI entered into a lease-purchase agreement with System Finance Corporation for network infrastructure upgrade amounting to \$511 thousand. The first payment of \$100 thousand was paid on November 1, 2002, and the balance to be paid in five equal installments of \$86 thousand due and payable semi-annualiv. The total principal and interest payments for the vear ended June 30, 2003 were \$180
The refunded 1992A Water Revenue Refunding Bonds have a final maturity date of November 1, 2015 and a call date of November 1, 2002.	thousand and \$6 thousand, respectively.
The net proceeds of \$88.9 million (including original issue premium of \$4.8 million and the payment of \$1.1 million in underwriting fees, insurance and other issuance costs) plus an additional \$6.4 million of	In July 2002, the Downtown Parking Corporation issued \$13.6 million of bonds for the purpose of refunding the 1993 bond series. These bonds have maturity dates from April 2003 through April 2018. The bonds bear interest rates from 3.0% to 5.375%.
available debt service funds were used to purchase noncellable reueral securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded bonds identified above until called on November 1, 2002.	In April 2002, the Ellis-O'Farrell Parking Corporation issued \$5.5 million of bonds for the purpose of refunding the 1992 bond series. These bonds have maturity dates from April 2005 through April 2017. The bonds hear interest at rates from 3.5% to 4.7%.
The refunded 1992A Water Revenue Refunding Bonds were called and redeemed on November 1, 2002. Accordingly, the liability for the refunded bonds has been removed from the statement of net assets.	Both corporations have pledged their gross revenues, and all funds and amounts held under the frust instantions on consist. For example, the bonds, Additionally, the frust indentines require the
Although the advance refunding resulted in the recognition of a deferred accounting loss of \$4.7 million for the fits fiscal year ended June 30, 2003, the Water Department in effect reduced its aggregate debt service payments by approximately \$21.7 million over the next 13 years and obtained an economic gain (difference between the present values of the old and new debt service payments) of \$11.6 million.	σ
On November 5, 2002, the San Francisco voters passed Proposition A, which provides for the issuance of revenue bonds and/or other forms of revenue financing by the Commission in a principal amount not to exceed \$1.6 billion to finance the acquisition and construction of improvements to the City's Water System. The issuance of the bonds will be contingent upon the amendment of certain provisions in the City's Administrative Code. The Commission shall be authorized to impose a surcharge on retail water rates for City customers to pay its share of the debt service on the bonds issued.

(b) Deferred Compensation Plan

The City offers its employees a deferred compensation plan in accordance with Internal Revenue Code (IRC) Section 457. The plan, available to all employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees or other beneficiaries until termination, retirement, death, or unforeseeable emergency.

The City has no administrative involvement and does not perform the investing function. The City has no fiduciary accountability for the plan and, accordingly, the plan assets and related liabilities to plan participants are not included in the basic financial statements.

(c) Health Service System

The Health Service System was established in 1937. Health care benefits of employees, retired employees and surviving spouses are financed by beneficiaries and by the City through the Health Service System. The employers' contribution, which includes the San Francisco Community College District and

NOTES TO BASIC FINANCIAL STATEMENTS (Continued) CITY AND COUNTY OF SAN FRANCISCO June 30, 2003

out of current available resources and funded on a pay-as-you-go basis. The Health Service System issues a publicly available financial report that includes financial statements and required supplementary information for the Health care benefits. That report may be obtained by writing to the San Francisco Health Service System, 1145 Market Street, 2¹⁰ Floor, San Francisco, CA 94103 or by calling (415) 554contribution is mandated and determined by Charter provision based on similar contributions made by the ten most populous counties in California. Included in this amount is \$78.4 million to provide postand post-retirement health care benefits is limited to its annual contribution. The City's contribution is paid retirement health care benefits for 18,350 retired employees. The City's liability for both current employee Unified School District, amounted to approximately \$309.7 million in fiscal year 2003. The employers' 1700.

SAN FRANCISCO COUNTY TRANSPORTATION AUTHORITY (10)

The San Francisco County Transportation Authority (the Authority) was established in 1989 by the voters of the City and County of San Francisco pursuant to State Code Section 131.000. The purpose of the Authority is to impose the voter-approved transactions and use tax of one-half of one percent to fund essential traffic and transportation projects, as set forth in the San Francisco County Transportation Expenditure Plan, for a period not to exceed 20 years. The principal focus of the Authority's Expenditure Plan is to define a program of prioritized projects to ensure that funding is allocated across major transportation categories. The City accounts for these activities in the other governmental funds.

In June 1992, the Authority was designated by the Board of Supervisors as the overall program manager for the Local Guarantee share of transportation funds available through the "Transportation Fund for Clean Air" Program (AB 434) which is administered by the Bay Area Air Quality Management District. The source of funds is a \$4.00 surcharge on the vehicle registration fee. The Authority serves as the Congestion Management Agency under state laws, and in that capacity prioritizes state and federal transportation funds for San Francisco. The funding is administered by the Metropolitan Transportation Commission in accordance with the Federal Surface Transportation Program for congestion management activities. In April 1998, the Authority signed a memorandum of understanding with the State of California Department of Transportation (Caltrans) to serve as the lead agency for the environmental impact research and study and the preliminary design for the Doyle Drive Replacement Project for which Caltrans was awarded \$6 million in federal grant funds.

DETAILED INFORMATION FOR ENTERPRISE FUNDS (11)

(a) San Francisco International Airport

San Francisco International Airport (SFO), which is owned and operated by the City, is the principal commercial service airport for the San Francisco Bay Area. A five member Commission is responsible for the operation and management of the SFO. SFO is located 14 miles south of downtown San Francisco in an unincorporated area of San Mateo County between the Bayshore Freeway (U.S. Highway 101) and the San Francisco Bay. According to final data for calendar year 2002 from the Airports Council International (the ACI), SFO is one of the largest airports in the United States both in terms of passengers (11th) and air cargo (12th). SFO is also a major origin and destination point and one of the nation's principal gateways for Pacific traffic. The San Francisco Bay Area Rapid Transit District (BART) extension to SFO opened for full operation on June 22, 2003. The extension creates a convenient connection between SFO and the greater San Francisco Bay Area that is served by BART. An intermodal station in the City of Milbrae provides a direct link to Caltrain offering additional transit options and connection to the southern parts of the Bay Area. Access from the BART station throughout SFO is enhanced by the AirTrain system, a shuttle train that connects airport terminals. The AirTrain system, which opened for full operation on March 24, 2003, provides transit service over a "terminal loop" to serve the terminal complex and over a "north corridor loop" to serve the rental car facility and other locations situated north of the terminal complex.

projects related to improvements to the airfield, groundside activities and customer service functions, environmental mitigation, utilities infrastructure upgrades, seismic retrofit of certain facilities, health, safety and security enhancements, and cost savings and revenue generating enhancements. SFO is in the process of developing a revised Capital Plan to better fit the changes in the aviation industry. The Commission expects that a revised Capital Plan will be completed in the Fall of 2003 and will include

SFO currently has outstanding \$4.3 billion in aggregate principal amount of Second Series Revenue Bonds. SFO has issued \$1.4 billion in Bonds to refund previously outstanding Bonds and Commercial

CITY AND COUNTY OF SAN FRANCISCO NOTES TO BASIC FINANCIAL STATEMENTS <i>(Continued)</i> June 30, 2003	cts, local communities, and by operating and other internally generated funds. As of June 30, 2003, approximately \$118 million has been disbursed under this program.	Itity SFO maintains a capital plan which included in particular, the Near Term Master Plan "NTMP" program. Ing All projects included in the "NTMP" have been completed as of June 30, 2003. The total master plan FC funding is \$2.85 billion. In addition to the NTMP projects, SFO's capital program also includes infrastructure projects. The current budget for capital projects is \$546 million. SFO spent \$80.7 million for these projects as of June 30, 2003.	(b) Port of San Francisco		ue, In 1996, the DPT entered into an Annual Payment Agreement with the Port to resolve a dispute FO concerning the City's collection of parking fine revenues from Port property. Among other things, DPT agreed to pay the Port a guaranteed annual payment of \$1.2 million for twenty years commencing on July 1, 1997, for parking fine revenues collected from Port property. Thereafter, amounts remitted to the Port as in				the In September 2002, the Port received a notice of violation from the California Department of Toxic any Substance Control (DTSC) in connection with the presence of approximately 22,000 tons of soil contaminated with soluble lead in concentrations that classify it as hazardous waste in California. A former tenant operated a soil disposal service and abandoned the contaminated soil after declaring bankruptcy in January 2003, the Port completed resolined for the soil to an appropriate out-of-state landfill with DTSC approval. The total cost of soil removal and related expenses totaled \$1.6 million.		ement and in very most must remark from the provided versel and to complete certain repairs to restore and menegency contrasts to recover the dyr west versel and to complete certain repairs to restore and maintain its watertight condition. The Port is evaluating options for the final disposition of this surplus vessel. During the fiscal year ended June 30, 2003, \$1.7 million was expended for the recovery and repairs.	The Port is presently planning various development projects which involve a commitment to expend ntial significant funds. Purchase commitments at June 30, 2003 were \$4.6 million for capital projects and \$3 million for general operating costs. Under an agreement with the San Francisco Bay Conservation and the Development Commission (BCDC), the Port is committed to fund and expend up to \$30 million over a 20 Development Commission (BCDC), the Port is committed to fund and expend up to \$30 million over a 20 Development of the Dords and hear only for across innervements. As of June 30,
CITY AND COUNTY OF SAN FRANCISCO NOTES TO BASIC FINANCIAL STATEMENTS <i>(Continued)</i> June 30, 2003	Paper Notes of the Commission, \$432.9 million in Bonds for noise mitigation and other capital projects, \$60 million in Bonds to finance a portion of the construction costs of the BART extension to SFO.	On July 27, 2001, the Federal Aviation Administration (FAA) approved the SFO's first Passenger Facility Charge application (PFC#1) to impose and use a \$4.50 Passenger Facility Charge (PFC) per enplaning passenger from October 1, 2001 through June 1, 2003, to pay for approximately \$113 million in PFC eligible project development activities and studies associated with the potential runway reconfiguration. On March 21, 2002, the FAA approved the SFO's PFC Application Number 2 (PFC#2) to impose and use a \$4.50 PfC application Number 2 (PFC#2) to impose and use a \$4.50 PfC per emplaning passenger from June 1, 2003, to pay for approximately \$13 million in PFC eligible project development activities and studies associated with the potential runway reconfiguration. On March 21, 2002, the FAA approved the SFO's PFC Application Number 2 (PFC#2) to impose and use a \$4.50 PFC per emplaning passenger from June 1, 2003 through April 1, 2008, to pay for approximately evolution in the evel on bonds issued for certain eligible costs relating to the new NTC.		On March 25, 2003, as a result of decrease in enplanement, SFO notified PFC collecting carriers of the intent to extend the PFC#1 collection, thereby revising the current PFC#1 charge expiration date from June 1, 2003 to January 1, 2004. With the PFC#1 collection period extension in place, the PFC#2 expiration date charges from June 1, 2008 to November 1, 2008. Durnary 1, 2008. Durnary 1, 2008. Durnary 1, 2008. Durnary 1, 2008. More and a standard collection period, the PFC#2 expiration date maintained at \$4.50.	For the fiscal year ending June 30, 2003, SFO reported approximately \$51.8 million of PFC revenue, which is included in other non-operating revenues in the accompanying basic financial statements. SFO designated \$13 million of PFC revenues as "Revenues" under the 1991 Master Bond Resolution for the purpose of paying debt service in fiscal year 2003. In addition, during the fiscal year ended June 30, 2003, SFO designated \$55.1 million of PFC revenues as "Revenues" for the purpose of paying debt service in	fiscal year 2004, as required in the 1991 Master Bond Resolution.	Due to the SFO's noise mitigation efforts, significant progress has been made in reducing the impact of aircraft noise on the communities surrounding the Airport through the implementation of (1) noise abatement flight procedures, (2) an aircraft noise insulation program, (3) community outreach through the Airport Community Roundtable, and (4) requests that certain surrounding communities adopt ordinances to protect new purchasers of homes within their community.	Pursuant to an agreement with certain airlines, SFO makes an annual payment to the City's General Fund equal to 15% of concession revenue, but not less than \$5 million per fiscal year. The amount transferred to the General Fund during the fiscal year ended June 30, 2003 was \$16.8 million.	During the fiscal year ended June 30, 2003, the City's Board of Supervisors suspended all activities of the Airfield Development Bureau (ADB) relating to the evaluation, planning, design, and construction of any future runway and configuration project of the Airport. As a result, of approximately \$80 million of costs incurred to date and capitalized under the ADB program, the Airport expensed 337 million of costs. The expensed items were primarily related to industry forecasting tasks, legal services, public relations, and program management.	Purchase commitments for construction, material and services as of June 30, 2003 are as follows (in thousands):	Construction \$ 38,132 Operating 10,147 Total \$ 48,279	SFO has a Memorandum of Understanding with various surrounding communities to insulate residential and nonresidential structures such as schools, churches and hospitals. The total estimated funding for this program is approximately \$154 million funded by bond proceeds, by federal grant reimbursements to the

appropriat	Public Utilities Commission (CPUC) and the Federal Energy Regulatory Commission (FERC). Therefore, Hetch Hetchy serves as the City's representative at both CPUC and FERC forums and continues to monitor regulatory proceedings.
(c) Water Department The Water Denartment was established in 1930. The Water Department, which consists of a system of	Charges for services for the year ended June 30, 2003 include \$66.7 million in sales of power by Hetch
The water Department was extendent in both the transport of the properties with the properties of the properties with the reservoirs, storage tanks, water treatment bins, putting stations, and pipelines, is engaged in the collection, transmission and distribution of water to the City and certain suburban areas. The Water Department delivers water, approximately 90,885 million gallons annually, to a total population of approximately 24 million people who reside primarily in four Bay Area counties (San Francisco, San Mateo, Santa Cara and Alameda).	Hetchy to other City Departments, income from Hetch Hetchy is available for certain operations of use City. As of June 30, 2003, Hetch Hetchy had outstanding commitments with third parties of \$24.7 million for various capital projects and other purchase agreements for materials and services.
The Commission, established in 1932 provides the operational oversight for the Water Department, Hetch Hetch, and the CWP. The Commission consists of five members appointed by the Mayor who are responsible for determining such matters as the rates and charges for services, approval of contracts, and organizational policy.	Hetch Hetchy facilitates all electric and gas service connections between Pacific Gas and Electric Company (PG&E) and City Departments. In this capacity, Hetch Hetchy, as a pass-through agent on behalf of the City departments, coordinates the payment for the service connections that are performed by PG&E. As of June 30, 2003, there were no outstanding amounts from City departments related to this work.
The Water Department purchases water from Hetch Hetchy. This amount, totaling approximately \$19 million, is included in the charges for services provided by other departments in the accompanying financial statements.	Hetch Hetchy receives title to the underlying assets of certain completed projects on behalf of the City and assumes responsibility for their maintenance, repair and replacement following their initial year of operation.
During fiscal year 2003, water sales to suburban resale customers were \$79.1 million. As of June 30, 2003, the Water Department owed suburban resale customers approximately \$2.1 million under the Suburban Water Rate Agreement.	The Commission has contracted with PG&E to provide transmission capacity on PG&E's system where needed to deliver HetchYs power to its customers. In addition, the PG&E agreement provides backup power and other support services to Hetch HetchY. The PG&E agreement allows PG&E to review
As of June 30, 2003, the Water Department had outstanding commitments with third parties of \$51.8 million for various capital projects and for materials and supplies.	past billings paid by Hetch Hetchy and to retroactively adjust these payments to actual backup power, transmission, and other charges as finally determined by PG&E. During fiscal year 2003, Hetch Hetchy purchased \$13.8 million of transmission services, backup power, and other support services from PG&E under the therms of the arreanment
In July 1999, the California Regional Water Quality Control Board (CRWQCB) issued a directive instructing the Water Department to develop a remedial action plan (Plan) that addresses environmental contamination at certain real property owned by the Water Department. In response to the directive, the Commission developed a remedial action plan and in August 2001 received the final directive from the CRWQCB to execute the plan by middle of 2004. The Commission appropriated funding for pre-work and the award of Phase I of the plan during fiscal year 2002. The cost of cleanup associated with the Plan is estimated to be \$22.7 million and was accrued in fiscal year 2001. During fiscal year 2003, The Water Department expended \$1.8 million in accordance with the Plan.	To meet certain requirements of the Don Pedro Reservoir operating license, the City entered into an agreement with the Districts in which they would be responsible for an increase in water flow releases from the reservoir in exchange for annual payments of \$3.5 million from the City. The payments are to be made for the duration of the license, but may be terminated with one year's prior written notice after 2001. The City and the Districts have also agreed to monitor the fisheries in the lower Tuolumne River for the duration of the license. A maximum monitoring expense of \$1.4 million is to be shared between the City and the Districts over the term of the license. The City's share of the monitor costs is 52% and the Districts para excentions for the network.
(d) Hetch Hetchy Water and Power	
Hetch Hetchy was established as a result of the Raker Act of 1913, which granted water and power resources rights-of-way on the Tuolumme River in Yosemite National Park to the City. Hetch Hetchy is engaged in the collection and conveyance of approximately 85% of the City's water supply and in the generation and transmission of electricity from that resource. Approximately one-third of the electricity is used by the City's municipal customers (e.g., the San Francisco Municipal Railway, the Recreation and Parks Department, the Port of San Francisco County hospitals, street lighting. Moscone Center, and the water and sewer utilities). The balance of the power generated is sold to other publicly owned utilities, such as the Modesto and Turlock frigation Districts (the Districts).	In April 1988, Hetch Hetchy entered into a long-term power sales agreement (the Agreement) with the Districts. The Agreement expires in 2015 and requires that Hetch Hetchy provide, as generated, an amount equivalent to the difference between 260 megawatts and the amount required to meet the Citys demand. In June 2003, Hetch Hetchy amended the terms of the Agreement with the Modesto Irrigation District (MID). Under the terms of the amended the terms of the extra power sales agreement, which became effective on January 1, 2003, the expiration date was shortened to 2007, the existing pricing structure was modified, and Hetch Hetchy's firm obligation to provide power to the MID was relaxed. For fiscal year 2003, power sales to the District stated 871,807 MWhrs or \$28.6 million.
Hetch Hetchy consists of a system of reservoirs, hydroelectric power plants, aqueducts, pipelines, and transmission lines. This system carries water and power more than 165 miles from the Sierra Nevada Mountains to customers in the City and portions of the surrounding San Francisco Bay Area.	On May 9, 2001, Hetch Hetchy entered into a fixed price, forward contract (the Contract) to purchase 2.19 million MWhrs of electric energy from a third party energy provider with scheduled future delivery over a five-year period beginning July 1, 2001. Effective March 9, 2003, Hetch Hetchy executed an amended and restated transaction confirmation with the third party energy provider to amend and
Hetch Hetchy also purchases wholesale electric power from various energy providers that are used in conjunction with owned hydro resources to meet the power requirements of its customers. Operations and business decisions can be greatly influenced by state and federal power matters before the California	reroactively restate the territs of the original agreement entered into original agreement entered into a marget second in a summery, we settle any pending disputes brought forth by Hetch Hetchy. Under this amended take or pay contract, Hetch Hetchy is obligated to pay for a minimum amount of electricity even if the electricity is not required

for operations. Commitments related to this contract total \$86.1 million from July 1, 2003 through June 30, 2006. Expenses under this contract totaled \$28.8 million in fiscal year 2003.

generator sets valued at approximately \$33 million for use within the City, (ii) future funding from a State administered fund (the Fund) in the amount of \$13.3 million to assist with the costs of siting and On January 21, 2003, the City's Board of Supervisors authorized the settlement of a lawsuit filed on January 18, 2001, by the City, on behalf of the people of the State of California (the State), against certain the City's Board of Supervisors authorized the settlement of a lawsuit filed on energy companies. Under the terms of the settlement, the City received or is to receive (i) four gas turbine developing electric generating equipment in the City, and (iii) payment to the City of \$500 thousand for attorney's fees and other expenses of litigation. Effective January 23, 2003, the City entered into an implementation agreement (the Agreement) with the Attorney General of the State of California (the Attorney General), the California Consumer Power and Conservation Financing Authority (the Financing Authority), and the California Department of Water Resources, outlining the terms of execution of the settlement agreement. In the event that the (I) City has not secured a site for the construction of the Facility by December 31, 2003, (ii) the Attorney General determines that the City has ceased development of the Facility, or (iii) the cycly decides not to develop the Facility pursuant to the terms of the Agreement. The Financing Authority shall have the right (but not the obligation) to purchase any or all of the gas turbine generator sets from the City at a price of \$2.5 million per unit and terminate the Agreement. Should the Financing Authority terms of the Agreement. Should the Financing Authority terms of the Agreement. The City must promptly sell the units by means of a public bidding process. The City is entitled to retain (1) the first \$2.5 million from the sale of each unit, pus \$7% of any amount in excess of \$2.5 million and (ii) any eligible amounts incurred by the City in excess of \$2.5 million and (ii) any eligible amounts incurred by the City in excess of \$2.5 million and the city must promptive sell the units by means of a public bidding process. The City is entitled to retain (1) the first \$2.5 million from the sale of each unit, pus \$5% of any amount in excess of \$2.5 million and (ii) any eligible amounts incurred by the City in excess of the amount provided by the Fund. In December 2002, the City entered into an agreement (the Power Purchase Agreement) with the California Department of Water Resources in anticipation of the settlement and implementation agreements. Under the terms of the Power Purchase Agreement, the California Department of Water Resources has agreed to purchase power and rated capacity from the City at rates that will essentially provide for the full recovery of the City's costs incurred in the construction of the Facility over a ten year period from the date in which the California Department of Water Resources accepts the City's certification that the Facility meets all requirements of commercial operation as set forth in the Power Purchase Agreement (Commercial Operation Date).

The City may terminate the Power Purchase Agreement at any time from and after the fifth anniversary of the Commercial Operation Date upon providing a one-year notice to the California Department of Water Resources, and the state Department of Water Resources may terminate the Power Purchase Agreement at such time that there is no longer a debt service component within the capacity payment.

As the energy agency for the City, the Commission is responsible for the development of the Facility. As such, the four gas turbine generator sets are included within Hetch Hetchy's construction-in-progress at three restimated fair value as of June 30, 2003, in the accompanying statement of net assets. Hetch Hetchy has also reported settlement revene of \$33 million as a special item in the accompanying statement of revenues, expenses, and changes in fund net assets for the year ended June 30, 2003.

In conjunction with the execution of the Settlement Agreement, the Attorney General has received the first \$2.6 million from the defendants, and deposited that amount into the Fund. However, no costs have been claimed for reimbursement from the Fund by the City, and no revenue has been recognized from the \$2.6 million during the year ended June 30, 2003. Under the terms of the Agreement, the City only has claim to the proceeds held by the Fund to the extent that eligible costs are incurred in the development of the Facility. As such, the corresponding revenue will be recognized as eligible costs are incurred by the City.

NOTES TO BASIC FINANCIAL STATEMENTS (Continued) June 30, 2003 CITY AND COUNTY OF SAN FRANCISCO

(e) Municipal Transportation Agency

The MTA is responsible for overseeing the City's public transportation operations, including those of MUNI, SFMRIC, and the DPT which includes the Parking Authority and its five parking garages operated by separate nonprofit corporations organized by the City. Created in November 1999, with the passage of Proposition E, by the voters, the MTA replaced the San Francisco Public Transportation Commission as the oversight agency for the operations of MUNI and SFMRIC, and effective July 1, 2002, the MTA also assumed responsibility for overseeing the operations of the DPT (Notes 1 and 2(b)).

The tables below reflect the financial information of MUNI, the DPT (excluding the parking garages) and the parking garages that are reported within the MTA (in thousands), net of \$6.2 million interagency accounts payables and receivables:

CITY AND COUNTY OF SAN FRANCISCO NOTES TO BASIC FINANCIAL STATEMENTS <i>(Continued)</i> June 30, 2003	<u>Municipal Railway</u> MUNI receives capital grants from various federal, state, and local agencies to finance transit related property and equipment purchases. As of June 30, 2003, MUNI had approved capital grants with unused balances amounting to \$288.11 million. Capital grants receivable as of June 30, 2003 totaled \$74.8 million. MUNI also receives operating assistance from various federal, state, and local sources, including Transit Development Act funds and sales tax allocations. As of June 30, 2003, MUNI had various operating grants receivable of \$25.9 million. These capital grants and operating assistance include funds from the San Francisco Transportation Authority (SFCTA). During the year ended June 30, 2003, the SFCTA approved \$122.8 million in new capital grants and \$16.2 million in new operating grants for MUNI received to a funder of \$25.7 million core patial grants for MUNI. During the same period, MUNI received core to period grants and \$16.2 million in new operating grants for MUNI to a capital grants and \$16.2 million had various operating grants to capital grants and \$16.2 million in new operating grants for MUNI. During the same period, MUNI received to a funder \$10, 2003, MINI had various for \$20.1 million of the same period, MUNI received to a funder \$10, 2003, MINI had Various and \$1.2 million in operating grants for MUNI to a far \$20.1 million bad bar \$20.2 million to a period grants for MUNI to a far \$20.1 million bad bar \$20.2 million to a period grant and \$2.1 million to a period bar to a funder \$2.1 million to a period grants and \$3.1 million to a period bar bar bar \$2.1 million to a period grant and \$2.1 million to a period bar to be a funder \$2.5 million to a period bar bar bar \$2.1 million to a period bar \$2.2 mi	As of June 30, 2003, MUNI had \$57.2 million due from the SFCUA for capital grants and \$2.1 million due from the SFCTA for operating grants. The State Public Utilities Code requires that fare revenues must equal or exceed 33% of operating costs in order to qualify for an allocation of certain sales tax revenues available for public transit. Transit operators may add local support to fare revenues in order to calculate the fare recovery ratio. The City provides significant local support to MUNI from parking revenues and the General Fund. MUNI has outstanding contract commitments of approximately \$96 million with third parties for various capital projects. Grant funding is available for a majority of this amount. MUNI also has outstanding contract commitments of approximately \$96 million with third parties for various capital projects. Grant funding is available for a majority of this amount. MUNI also has outstanding contract commitments of approximately \$7 million for non-capital expenditures. Various local funding sources are used to finance these expenditures. MUNI is committed to numerous capital projects for which it anticipates that federal and state grants will be the primary source of funding. SUFRIC 5 Board of Directors has authorized SMFRIC to extend financial guarantees to MUNI for certain projects totaling \$2.6 million.	In March 2001, MUNI and the Port entered in to a Memorandum of Understanding (MOU) under which MUNI may use the Metro East site in perpetuity for rail vehicle maintenance, operations and other operational needs at a cost of \$25.7 million. This amount was reported as a Special Item in the proprietary funds statement of revenues, expenses and changes in fund net assets for the year ended June 30, 2001. MUNI received a capital contribution from the Authority for this. As part of this MOU, MUNI paid the Port an additional \$4 million in fiscal year 2002 to construct the Illinois Street Bridge over Islais Creek that will mitigate traffic in the area and improve coordination with MUNI's Metro East and Third Street Light Rail Project. MUNI has agreed to reasonably extend this deadline up to March 2004 provided the Port has demonstrated good faith efforts toward construct the UNI's Metro East and Third Street Light Rail Project. MUNI has agreed to reasonably extend this deadline up to March 2004 provided the Port has demonstrated good faith efforts toward construction of the bridge. In April 2001, the MTA Board of Directors authorized the Director of Transportation to solicit proposals regarding a leveraged lease-leaseback financing involving up to 150 Breda light rail vehicles. The transaction would not involve financing or procurement of any new vehicles. Rather, MUNI's intention was another party, without impairing the day-to-day operations of the transit system.	MUNI received \$388.2 million from the equity investors as full payment of the cost to lease the venicles based on fair value of the vehicles. MUNI paid \$352.7 million to an irrevocable trust to be used solely for 105

(f) Laguna Honda Hospital

The Laguna Honda Hospital (LHH) is a skilled nursing facility which specializes in serving elderly and disabled residents. The operations of LHH are subsidized by the City. It is the City's policy to fund operating deficits of the enterprise on a budgetary basis, however, the amount of operating subsidy provided is limited to the amount budgeted by the City. Accordingly, depreciation and cartain non-current accrued expenses are not funded, resulting in continuing deficits on a budget basis. In those erroumstness, the City allows the enterprise to show a deficit on a budget basis. In those ended June 30, 2003, the subsidy for LHH was \$33 million.

*During the fiscal year ended June 30, 2003, LHH received approximately \$21 million of the tobacco settlement funds. In addition, LHH received approximately \$1.1 million in income from investments, which is included in the net loss on specific/donor restricted funds calculation. As a result, LHH's net assets on a GAAP basis do not show a deficit.

LHH has agreements with third-party payors that provide for reimbursement to LHH at amounts different from its established rates. Contractual adjustments under third-party reimbursement programs represent the difference between the hospital's established rate for services and amounts reimbursed by third-party payors. Medicare and Medi-Cal are the major third-party payors with mom such agreements have been established. During the fiscal year ended June 30, 2003, Medicare and Medi-Cal carrentee between the resolves are redeed June 30, 2003, Medicare and Medi-Cal carrents for services amounted to approximately 35, million and net patient receivables from Medicare of \$1.3 million and net patient receivables from Medicare patient receivables from Medicare patient r

During fiscal year ended June 30, 2003, LHH received approximately \$17 million in payments as a result of matching federal funds to local funds which provided a Medi-Cal supplemental in the form of quarterly payments effective August 1, 2001. In November 1999, San Francisco voters approved Proposition A, a ballot measure authorizing the City to finance the acquisition, improvement, construction and/or reconstruction of a new health care, assisted living and/or other type of continuing care facility or facilities to replace Laguna Honda Hospital. Proposition A stipulates that \$100 million of tobacco settlement funds received by the City, excluding \$1 million set asside and prevention programs, may be used to pay for construction of a replacement funds received by the City, excluding \$1 million set aside each year for smoking education and prevention programs, may be used to pay for construction of a replacement facility for LHH. As of June 30, 2003, no bonds have been sold. LHH is actively involved in the planning and design phase for new facilities to replace Laguna Honda Hospital.

CITY AND COUNTY OF SAN FRANCISCO NOTES TO BASIC FINANCIAL STATEMENTS *(Continued)* June 30, 2003

(g) General Hospital Medical Center

The San Francisco General Hospital Medical Center (SFGH) is an acute care hospital. The operations of SFGH are subsidized by the City, It is the City splicy to fully fund enterprise operations on a budgetary basis, however, the amount of operating subsidy provided is limited to the amount budgeted by the City. Accordingly, depreciation expense is not funded, resulting in continuing deficits on a budget basis. For the site City allows the enterprise to show a deficit on a budget basis. For the fiscal year ended June 30, 2003, the subsidy for SFGH was \$78 million.

	Loss before transfers of SFGH on a GAAP basis	Reimbursement to City General Fund for SB 855 matching program	Transfer of accrued vacation and sick leave liability to governmental activities	Transfers from City General Fund to support SFGH on:	Operation of Mental Health Rehabilitation Facility	Other Program Support	Interest expense on the overdraft funds with the City Treasury	Expenses which require budgetary funding but are not GAAP basis expenses:	Capitalized services and other asset purchases	Change in encumbrances and appropriation carryforwards	Other expenses	Expenses which do not require budgetary funding but are GAAP basis expenses:	Depreciation expense	Net loss of SFGH requiring General Fund subsidy on a Budget basis	

SFGH has agreements with third-party payors that provide for reimbursement to SFGH at amounts different from its established rates. Contractual adjustments under third-party reimbursement programs represent the difference between SFGH's established rates and amounts reimbursed by third-party payors. Major third-party payors with whom such agreements have been established are Medicare, Medical, the State of California through Senate Bills 855 and 1255 and the Short-Doyle mental health program, the federal Medical Medical Education Program and Administrative Claiming System, and a managed care agreement signed with a health maintenance organization (HMO). During the year ended June 30, 2003, Medicare and Medi-Cal revenue accounted for \$50 million and \$59 million of net patient service revenue respectively. As of June 30, 2003, SFGH had net patient receivables from Medicare of \$5.8 million and net patient receivables from Medicare of \$5.8 million.

State of California Senate Bill 855 (SB-855) was passed by the state legislature in July 1991 to provide additional funding to hospitals which provide a significant portion of their services to Medi-Cal recipients. In order to receive additional funds, the City must transfer funds to the State Medi-Cal program so that the funds may be matched by federal funds. Gross patient revenue recorded by SFGH for SB-855 totaled \$103.3 million for the fiscal year ended June 30, 2003. This revenue was offset by a reduction in the General Fund operating subsidy of \$73.3 million for net SB 855 revenues of \$30 million for the year ended June 30, 2003.

In addition, SFGH receives funding from the State of California under Senate Bill 1255 (SB-1255) which establishes a funding pool through public and private sector contributions with matching federal participation. For the year ended June 30, 2003, SFGH recognized gross patient revenue in the amount of \$54.5 million offset by a reduction in the contribution provided by the City of \$30.5 million for net SB 1255 revenues of \$24 million.

CITY AND COUNTY OF SAN FRANCISCO NOTES TO BASIC FINANCIAL STATEMENTS <i>(Continued)</i> June 30, 2003	(i) San Francisco Market Corporation The San Francisco Market Corporation is a non-profit corporation organized to acquire, construct, finance, and operate a produce market. The information about this non-profit corporation is presented in the financial statements of the proprietary funds as a non-major fund.	(12) San FRANCISCO REDEVELOPMENT AGENCY The Redevelopment Agency of the City and County of San Francisco (the Agency) is a public body, corporate and politic, organized and existing under the Community Redevelopment Law of the State of California. Since the organization of the Agency in 1948, the Agency has completed four redevelopment project areas and twelve redevelopment project areas are now underway. In addition, the Agency is undertaking feasibility studies for three new redevelopment survey areas designated by the Board of Supervisors of the City and County of San Francisco.	The Agency acts as the lead Agency in administering the Housing Opportunities for Persons with AIDS (HOPWA) program, which is funded by a grant from the U.S. Department of Housing and Urban Development. The Agency applied for and was awarded a "Special Projects of National Significance" grant under the HOPWA program to provide a partial rent subsidies and back to work job training.	In 1998, the Board of Supervisors approved ordinances and resolutions adopting the Mission Bay North and South Redevelopment Plans, Interagency Cooperation Agreements, Tax Allocation Agreements and related ordinances and resolutions. The two project areas total 303 acres. Mission Bay North consists of approximately 65 acres adjacent to the Pacific Bell Park, Mission Bay South includes approximately 238	to provide for development of the project and an Uweir arrupteruin requentini with the north induced a 3,000 housing units, 20% of which will be affordable units, 350,000 square feet of urban entertainment retail space, 100,000 square feet of City-serving retail space, 55,000 square feet of neighborhood-serving retail space, 35,000 square feet of neighborhood-serving retail space, 100,000 square feet of City-serving retail space, 55,000 square feet of neighborhood-serving retail space, 100,000 square feet of Sity-serving retail space, 55,000 square feet of neighborhood-serving retail space, 100,000 square feet of City-serving units, 20% of which will be affordable units, a 13-acre University of California San Francisco (UCSF) research campus, a 200 room hole, 210,000 square feet of City-serving and neighborhood-	serving retail space, five million square feet of commercial industrial space, and a 500-student public school on land to be donated by UCSF. Mission Bay is expected to create over 31,000 new permanent jobs. The Mission Bay development will take place over 20 to 30 years and will require investment of over \$145 million in new public infrastructure. Total development costs for the two project areas are expected to exceed \$4 billion.	As of June 30, 2003, 384 residential units, including 121 affordable units, 24,000 square feet of office space, and 19,000 square feet of neighborhood retail space have been completed in Mission Bay North. A commercial office building totaling 285,000 square feet and one UCSF research building of 385,000 square feet have been completed in Mission Bay South.	The Agency has no direct taxing power and does not have the power to pledge the general credit or taxing power of the City, the State of California's Health and Safety Code allows redevelopment agencies with appropriate approvals of the local legislative bodies to recover costs of financing public improvements from increased tax revenues (tax increment) associated with increased property values of individual project areas. During the year, the Agency's revenue from property tax increment was \$42 million.	Outstanding bond issues had cumulative interest accretion of approximately \$159.5 million as of June 30, 2003. Interest accretion is included in the accrued interest payable balance in the basic financial statements.	In order to facilitate construction and rehabilitation within the project areas, various construction loan notes, promissory notes and mortgage revenue bonds with an aggregate outstanding balance of
CITY AND COUNTY OF SAN FRANCISCO NOTES TO BASIC FINANCIAL STATEMENTS <i>(Continued)</i> June 30, 2003	Under the Medi-Cal Medical Education program, SFGH is reimbursed for medical education costs incurred for services rendered to Medi-Cal beneficiaries. For the year ended June 30, 2003, SFGH recognized net patient service revenue in the amount of \$1.3 million pertaining to this program. As of June 30, 2003, SFGH had Medi-Cal supplemental reimbursement receivables for SB-855, SB-1255, and other federal and state settlement payments of approximately \$45.1 million.	The State of California provides support to SFGH through a realignment of funding provided from vehicle license fees and sales tax allocated to California's counties. SFGH recognized \$61.1 million as other operating revenue for the year ended June 30, 2003, from realignment funding. In addition, SFGH was reimbursed by the State of California, under the Short-Doyle program, for mental health services provided to qualifying residents based on an established rate per unit of service not to exceed an annual negotiated contract amount. During the year ended June 30, 2003, reimbursement under the Short-Doyle program mounted to approximately \$4.4 million and is included in transfers in.	State of California Proposition 99, the Tobacco Tax Initiative, allocates funds to counties for health care State of California Proposition 99, the Tobacco Tax Initiative, allocates funds to counties for health care services to indigent persons and others who are unable to pay for health care services. Proposition 99 funds allocated to SFGH for the year ended June 30, 2003, amounted to \$3.1 million and are included in other concrition revenue.	SFGH provides care without charge or at amounts less than its established rates to patients who meet certain criteria under its charity care policy. Charges foregone based on established rates were \$98.4 million and estimated costs and expenses to provide charity care were \$61.7 million in fiscal year 2003.	The City contracts on a year-to-year basis on behalf of SFGH with the University of California (UC). Under the contract, SFGH serves as a teaching facility for UC professional staff, medical students, residents, and interns who, in return, provide medical and surgical speciality services to SFGH's patients. The total amount for services rendered under the contract for the year ended June 30, 2003, was approximately \$58.4 million.	(h) Clean Water Program The CWP was established in 1977 pursuant to bond resolutions to account for the City's municipal sewage treatment and disposal system. CWP's revenue. which consists mainty of sewer service charges, is pledged for the payment of principal	and interest on various outstanding Sewer Revenue Bonds. In 1995, CWP entered into a forward purchase and sale agreement with an investment bank (Bank). Under the agreement, CWP received an up front fee of \$8.9 million from the Bank. In exchange, CWP used its debt service payments deposited but not yet due to bondholders to purchase short-term U.S.	Treasury bills at face value from the Bank. The fee was recorded as deferred revenue, and the unamorized balances as of June 30, 2002 was \$1.3 million. In conjunction with the advance refunding of debt that occurred in January 2003, the CWP terminated the forward purchase agreement by paying an early termination fee of \$449 thousand to the Bank, which included a contract termination value of \$425 thousand to the Bank, which included a contract termination value of \$425 thousand to the Bank, which included a contract termination value of \$425 thousand to the Bank, which included a contract termination value of \$425 thousand to the Bank, which included a contract termination value of \$425 thousand. As of June 30, 2003, no unamortized amounts are remaining for this agreement.	materials and services totaling \$10.6 million.	

approximately \$723 million at June 30, 2003, have been issued. When these obligations are issued, they are secured by the related mortgage indebtedness and, in the opinion of management, are not considered obligations of the Agency or the City and therefore not included in the basic financial statements. Debt service payments will be made by developers or properly owners. California Health and Safety Code Section 33334.3 requires the Agency to set aside 20% of the proceeds from its incremental property tax revenues for expenditures for low and moderate income housing. Related interest earned must also be set aside for such purposes. The Agency established a Low and Moderate Income Housing Fund to account for this commitment.

The Agency had commitments under contracts for capital improvements of approximately \$57.2 million at June 30, 2003.

(13) TREASURE ISLAND DEVELOPMENT AUTHORITY

The TIDA is a nonprofit public benefit corporation. The TIDA was authorized in accordance with the treasure island Conversion Act of 1997 and designated as a redevelopment agency pursuant to Community Redevelopment Law of the State of California. The TIDA is governed by seven commissioners who are appointed by the Mayor, subject to confirmation by the City's Board of Supervisors. The specific purpose of the TIDA is to promote the planning, redevelopment, reconstruction, rehabilitation, reuse and conversion of the property known as Naval Station Treasure Island for the public interest, convenience, welfare and common benefit of the inhabilitation softhe City. The mission of TIDA is to redevelop the former Naval Station Treasure Island and to manage its integration with the City in compliance with federal, state and City guidelines (including the California Tridelands Trust) to maximize revenues to the City's General Fund; to create new job opportunities for San Francisco residents, including assuring job opportunities for homeless and economically disadvantaged residents; to increase recreation and being of the citizen scores venues for San Francisco and Bay Area residents; and to promote the welfare and well being of the citizens of San Francisco.

The services provided by TIDA include negotiating the acquisition of former Naval Station Treasure Island with the U.S. Navy and establishing the Treasure Island Redevelopment Project; renting Treasure Island facilities leased from the U.S. Navy to generate revenues sufficient to cover operating costs; maintaining Treasure Island facilities owned by the U.S. Navy which are not leased to the TIDA or the City, providing facilities for special events, film production and other commercial business uses; providing 1,000 housing units; and overseeing the U.S. Navy's toxic remediation activities on the former naval base.

During fiscal year 2003, TIDA's primary source of revenues included facility and housing rents. During fiscal year 2003, TIDA received Navy agreement to initiate the process of early transfer, including competitive selection of a contractor to complete the Navy's Treasure Island Remediation Program with Navy funding but under TIDA direction and supervision; entered an exclusive egoldating agreement with a private developer for the redevelopment of the former naval base; and completed a draft Environmental Impact Report (EIR) for the transfer. TIDA assisted with the opening of a new childcare center for Treasure Island residents and employees, and funded an extensive new program of recreation services for Island residents.

The \$303.2 million General Fund transfer out includes a total of \$261.9 million in operating subsidies to Municipal Railway, General Hospital Medical Center, and Laguna Honda Hospital (note 11). The transfers of \$41.1 million from the General Fund to the non major governmental funds to provide support to various City programs such as the public library and community health services. The transfers between the non major governmental funds are to provide support for various City programs and to provide resources for the payment of debt services. The General Fund received transfers in of \$73.3 million from General Hospital Medical Center as reimbursement for the SB 855 matching program (note 11(g)), \$16.8 million from the San Francisco International Airport, representing a portion of concession revenue (note 11(a)).

Due to the incorporation of the DPT into the MTA, certain assets and liabilities were transferred from governmental activities, governmental funds, and the Parking Garages enterprise fund. These transfers consist of the following:

Approximately \$29 million of capital assets and \$50.9 million of long-term liabilities were transferred from governmental activities.

Approximately \$28.5 million of assets in excess of liabilities were transferred from non-major governmental funds.

Approximately \$59.9 million of assets in excess of liabilities were transferred from the Parking Garages enterprise fund.

CITY AND COUNTY OF SAN FRANCISCO NOTES TO BASIC FINANCIAL STATEMENTS <i>(Continued)</i> June 30, 2003	SFO is self-insured for general liability up to the first \$10,000 and the SFO carries liability insurance for any amounts in excess of \$10,000. The Port carries commercial insurance for all general liability, property and casualty risks of loss. Additionally, limited insurance coverage is maintained by the City for the Moscone Convention Center property, personal liability, and for art at City-owned museums.	The San Francisco Redevelopment Agency is a member of the Bay Cities Joint Powers Authority which provides coverage for its general liability, automobile liability, and public officials errors and omissions risks with combined single limits of \$15 million per occurrence and a deductible of \$50,000 self-insurance retention per occurrence.	Any claims relating to the construction of the Moscone Convention Center are indemnified by the City under an agreement between the Agency and the City.	Settled claims have not exceeded commercial insurance coverage in any of the past three fiscal years.	Expenditures and liabilities for all workers' compensation claims and other estimated claims payable are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported. Because actual claim liabilities depend on such complex factors as inflation, changes in legal doctrines, and damage awards, the process used in computing claim liabilities does not necessarily result in an exact amount. Claim liabilities are re-evaluated periodically to take into consideration recently settled claims, the frequency of claims, and other legal and economic factors. The recorded liabilities have not been discounted.	Estimated Claims Payable	Numerous lawsuits related to the governmental fund types are pending or threatened against the City. The City's liability as of June 30, 2003 has been actuarially determined and includes an estimate of incurred but not reported losses. In addition, various businesses in the City had filed suit in California Superior count challenging the constitutionality of the City Gross Receipts and Payroll Expense Tax Ordinances. The majority of these suits have been settled for approximately \$33 million. The City has issued debt to pay off this lability over 10 years. A few remaining unsettled claims may be settled over the next 12 months and funds are included in the City's estimated claims payable to cover these expected expenses.	Changes in the reported estimated claims payable since June 30, 2001, resulted from the following activity (in thousands):	Current Beginning Year Claims Ending Fiscal Year and Changes Claim Fiscal Year Liability in Estimates Payments Liability	2001-2002 \$ 191.462 \$ (16.305) \$ (88.426) \$ 86.731 2002-2003 \$ 86.731 \$ 35.793 \$ (29.220) \$ 93.304		:
CITY AND COUNTY OF SAN FRANCISCO NOTES TO BASIC FINANCIAL STATEMENTS <i>(Continued)</i> June 30, 2003	(c) Other Lease Commitments The City is making lease payments to the Agency for the Moscone Convention Center in the amount of approximately \$20 million per year through the year 2024. The lease payments are intended to	approximate the debt service on Series 1988 Lease Revenue Bonds which are recorded as a long term obligation of the Agency. The City is also making lease payments to outside lessors for various telecommunication and information equipment through an internal service fund. Amounts to be provided from capital leases are as follows:	Moscone Fiscal Convention	Center Other 1 23,895 \$ 1,887 \$	19,041 221 20,073 - 20,073 - 20,073 - 20,146 - 20,146 - 20,146 - 20,146 - 20,146 - 20,146 - 20,203 102,202 2023 - 2023 - 2023 - 1al minimum lease payments \$ 353,374 amounts representing interest. - (142,770) - (63) -	Present value of maximum lease payments \$ 210,604 \$ 2,2045 \$ 212,649	(d) Other Commitments The Retirement System has commitments to contribute capital for real estate and alternative investments in the aggregate amount of approximately \$1.1 billion at June 30, 2003. The City is a participant in the Peninsula Corridor Joint Powers Board ("PCJPB"), which was formed in 1991 to plan, administer and operate the Peninsula Califrain rail service. The City, on behalf of MUNI, is	responsible for 11.6% of the net operating costs and administrative expenses of the PCJPB for operating and capital needs. During the fiscal year ended June 30, 2003, the City contributed approximately \$8.7 million to the PCJPB.) RISK MANAGEMENT Risk Retention Program Description	The City is exposed to various risks of losses related to torts, theft of, damage to, and destruction of assets; business interruption; errors and omissions; automobile liability and accident claims (primarily for Muni Railway); medical mapractice; natural disasters; employee health benefit claim payments for direct provider care (collectively referred to herein as estimated claims payable); and injuries to employees (workers' compensation). With certain exceptions; its the policy of the City not to purchase commercial insurance for the risks of losses to which it is exposed. Instead, the City believes it is more economical to manage its risks internally and set aside funds as needed for estimated current claim settlements and unfavorable judgments through annual appropriations and supplemental appropriations.	The City maintains limited excess coverage for certain facilities. The SFO carries liability insurance coverage of \$750 million and commercial property insurance coverage for full replacement value on all facilities owned by the SFO. The SFO does not carry insurance for losses due to seismic activity. The	444

Elections On November 4, 2003 the San Francisco voters approved the following propositions that will have fiscal impact on the City:	Proposition A - School General Obligation Bonds This authorizes the San Francisco School District (School District) to borrow \$295 million by issuing general obligation bonds, to complete some of the projects in the District Facilities Master Plan. The District will use this money to renovate classrooms, kitchens and bathrooms; improve accessibility for students with disabilities;
CITY AND COUNTY OF SAN FRANCISCO NOTES TO BASIC FINANCIAL STATEMENTS <i>(Continued)</i> June 30, 2003	Breakdown of the estimated claims payable at June 30, 2003 is as follows (in thousands):	Governmental activities: Current portion of estimated claims payables	Dualities the curvices. Current portion of estimated claims payables	The Retirement System is involved in two class action type lawsuits which are collectively referred to as "Final Compensation" cases. These lawsuits allege that the Retirement System should include additional "pay types" in pension calculations. The most significant pay types common to all members of the Retirement System are lump sum payments after termination of employment for sick leave and vacation. The police, fire, and transit employees the additional claims for special pay types specific to those	employee groups. There is also a new lawsuit against the Retirement System by the Veteran Police Officers Association (VPOA) that alleges that the Retirement System should include Police Officers' Standards Training (POST) pay in pension calculations for those police officers who retired prior to the creation of the POST ranks. These cases are being vigorously contested. The City Attorney has sought outside counsel to help defend the claims. The possible loss to the Retirement System should these cases be successful, while officialt to estimate, could range between \$500 million and \$1 billion. The actual loss	could exceed this range. No liability has been accrued by the City relating to these lawsuits as of June 30, 2003.	Workers' Compensation The City self-insures for workers' compensation coverage. The City's liability as of June 30, 2003 has been actuarially determined and includes an estimate of incurred but not reported losses. The total amount estimated to be payable for claims incurred as of June 30, 2003 was \$ 364.3 million which is reported in the appropriate individual funds in accordance with the City's accounting policies (note 2).	Changes in the reported accrued workers' compensation since June 30, 2001, resulted from the following activity (in thousands):	Beginning Year Claims Ending Fiscal Year and Changes Claim Fiscal Year Liability in Estimates Payments Liability	2001-2002 \$ 256,792 \$ 109,671 \$ (62,282) \$ 304,181 2002-2003 304,181 127,008 (66,933) 364,256		

 CITY AND COUNTY OF SAN FRANCISCO NOTES TO BASIC FINANCIAL STATEMENTS (<i>Continued</i>) June 30, 2003 Correct environmental hazards such as asbestos; make health and safety repairs to electrical and plumbing systems: replace bungalows; and rebuild outdoor areas for hands-on environmental learning. For the first time, the School District is issuing bonds under its own authority. Proposition C - City Services Auditor This amends the City's Charter to require the Controller to serve as City Services Auditor (CSA). The CSA would be required to monitor the level and continuones of convince and environmental to citator the City's Charter to require the controller of continues of convince and the City's Charter Tab. City would be required to another and convince and convinc	CITY AND COUNTY OF SAN FRANCISCO NOTES TO BASIC FINANCIAL STATEMENTS (<i>Continued</i>) June 30, 2003 On July 31, 2003, SFO submitted PFC application #3 to the FAA. On August 27, 2003, the FAA on September 15, 2003, the FAA published notice in recordance with 14 Code of Federal Regulation Part 158. On September 15, 2003, the FAA published notice in Federal Register for public comments regarding PFC#3. Leverage Lease -Lease Back Transaction (Unaudited)
The control of the city and set state at reast two-tenths of one percent (0.2%) of the city's annual budget to fund the CSA program. Proposition F - Targeted Early Retirement This anmends the City's Charter to authorize early retirement of City employees if the employees are in job classifications where individual positions are being eliminated because of the City's budget shortfall. Employees whore redive this benefit would be treated as if they had worked three years longer and were three years older. This would allow some employees to retire who are not now eligible. Also, it would increase the retirement pay of employees whore ready retirement pay of employees who are already eligible to retire. The number of City employees whor receive early retirement pay of employees to retire who are already eligible to retire. The number of City employees whor receive early retirement could not exceed the number of jobs eliminated because of the budget shortfall. Proposition G - Rainy Day Reserve This amends the City's Charter to require that the City set aside funds into a crester eacourt in years in which revenues the early or the year before. The City would be able to spend those reserved funds in years in which revenues the the more decline or grow by less than two percent. This was approach replaces the early or receive to the areat percention of the revenues decline or grow by less than to budget than would be able to spend those reserved funds in the aggregate, while the total amount of City revenue or expenditures are on the relationes the same areat area. The amendment includes other specifications such as a cap on the lead areatorine that the cital amount of City revenue or expenditures are how reserved funds in other years. In the aggregate, while the total amount of City revenue or expenditures are how reserved funds in other years.	In September 2003, MUNI entered into a second leveraged lease-lease back transaction over 21 Breda light rail vehicles (the Equipment). The transaction was structured as a head lease of the Equipment to one separate special purpose trust (formed on behalf of a certain equity investor) and a sublease of the Equipment back from such trust. The sublease provides MUNI with an option to purchase the Equipment in approximately 26 years, the scheduled completion date of the sublease. During the term of the sublease, MUNI maintains custody of the Equipment and is obligated to insure and maintain the Equipment throughout the life of the sublease. MUNI received an aggregate of \$72.6 million from the equity investors in full prepayment of the head eases. MUNI deposited with a deb payment undertaker whose repayment of the head eases. MUNI received an aggregate of \$72.6 million from the equity investors in full prepayment of the eases. MUNI received an aggregate of \$72.6 million from the equity investors in full prepayment of the easers with adeposited with a deb payment undertaker whose repayment obligations are guaranteed by Financial Security Assurance, an 'Aaa/AAA'' rated bond insurance company. The other escrow was invested in U.S. government bonds with maturity dates that match the completion of the sublease payments under the sublease as well as to provide a source of funding for MUNI's purchase option if it chooses to exercise it. Although these escrows do not represent a legal defeasance of MUNI's privating primer the sublease and that the possibility that MUNI will be need to access other monies to make the sublease and maint is remote.
Proposition 1 - Child Care for Low Income Families This ordinance creates a separate program to pay part of the cost of child care and preschool for certain families. Families with at least one child between 3 and 5 years old could receive this subsidy if they live in San Francisco; have an income at or below 75% of the California median income; and do not receive a child care or preschool subsidy from the State. Money from the Children's Fund could not be used to pay for this child care program. It would be up to the Mayor and the Board of Supervisors whether to fund this program each year. Proposition K - Sales Tax for Transportation This amends the City Business and Tax Code to continue the existing one-half cent sales tax, and replace the current transportation spending plan with a new, 30-year plan. Under the new plan, the money would be used for maintenance of local streets; transportation for the elderly and disabled; construction of a Central Subway; upgrades to the bus system, including new buses, stations and dedicated lanes; a Calitrain extension to a new Transbortation systems (BART, Caltrain, and ferelis); and replacing the readway to Golden the Bridge (Doyle Drive). The Transportation Authority could modify the plan if voters approved. The sales tax would continue as long as the new or modified plan is in effect. The Transportation per faren proved the and bride plan if voters approved. The sales tax would continue as long as the new or modified plan is in effect. The Transportation per year and issue up to \$1,88 billion in bonds, to be repaid from the one-half cent sales tax.	As a result of the cash transactions above, MUNI will record deferred revenue in fiscal year 2004 of between \$4.7 and \$5 million for the difference between the amount received of \$7.5 million and the amount paid to the escrows of \$67.5 million (minus certain transaction expenses). The deferred revenue will be amortized over the life of the sublease. As of September 30, 2003, the outstanding payments to be made on the sublease through 2029 are \$59.7 million and the payments to be made on the purchase option of the Equipment would be \$198.5 million, if exercised. All of these payments are to be funded from the amounts in escrow. If MUNI does not exercise the purchase option and use of the whole and the term of the sublease. 2014 the operation and use of the vehicles beyond the term of the sublease. 2014 the arother party to be the "service recipient" under a "service contract," and to perhaps guarantee the obligations of that party under the service contract if the replacement service recipient does not meet specified credit or net worth criteria.
Passenger Facility Charges On July 14, 2003, the Airport Commission authorized the Airport Director to finalize and submit the third PFC application (PFC#3) to the FAA to continue collections of a PFC at the Airport in the amount of \$4.50 per enplaning passenger. PFC#3 amount is estimated at approximately \$539 million and that the collections would be used at runciph November 1, 2018. PFC#3 revenues would be used as a funding source to pay principal and interest on bonds issued for certain aligible costs associated with the development of the new international terminal complex, which consists of Boarding areas A and G and the International Terminal Complex.	

(THIS PAGE INTENTIONALLY LEFT BLANK)

APPENDIX D

FORM OF CONTINUING DISCLOSURE CERTIFICATE

This Continuing Disclosure Certificate (the "Disclosure Certificate") is executed and delivered by the City and County of San Francisco (the "City") in connection with the issuance of its \$21,930,000 aggregate principal amount of City and County of San Francisco General Obligation Refunding Bonds, Series 2004-R1 (the "Bonds"). The Bonds are issued pursuant to Resolution No. 272-04, adopted by the Board of Supervisors of the City (the "Board") on May 11, 2004, and approved by the Mayor of the City (the "Mayor") on May 13, 2004 (the "Resolution"), and pursuant to a Declaration of Trust, dated as of June 1, 2004 (as in effect and as supplemented from time to time, the "Trust Agreement"), executed by the Treasurer of the City. The Bonds are issued pursuant to the Charter of the City and the Administrative Code of the City. The City covenants and agrees as follows:

SECTION 1. Purpose of the Disclosure Certificate. This Disclosure Certificate is being executed and delivered by the City for the benefit of the Holders and Beneficial Owners of the Bonds and in order to assist the Participating Underwriters in complying with Securities and Exchange Commission (the "S.E.C.") Rule 15c2-12(b)(5).

SECTION 2. Definitions. In addition to the definitions set forth in the Trust Agreement, which apply to any capitalized term used in this Disclosure Certificate unless otherwise defined in this Section 2, the following capitalized terms shall have the following meanings:

"Annual Report" shall mean any Annual Report provided by the City pursuant to, and as described in, Sections 3 and 4 of this Disclosure Certificate.

"Beneficial Owner" shall mean any person which: (a) has or shares the power, directly or indirectly, to make investment decisions concerning ownership of any Bonds (including persons holding Bonds through nominees, depositories or other intermediaries) including, but not limited to, the power to vote or consent with respect to any Bonds or to dispose of ownership of any Bonds; or (b) is treated as the owner of any Bonds for federal income tax purposes.

"Dissemination Agent" shall mean the City, acting in its capacity as Dissemination Agent under this Disclosure Certificate, or any successor Dissemination Agent designated in writing by the City and which has filed with the City a written acceptance of such designation.

"Holder" shall mean either the registered owners of the Bonds, or, if the Bonds are registered in the name of The Depository Trust Company or another recognized depository, any applicable participant in such depository system.

"Listed Events" shall mean any of the events listed in Section 5(a) of this Disclosure Certificate.

"National Repository" shall mean any Nationally Recognized Municipal Securities Information Repository for purposes of the Rule. A list of the current National Repositories approved by the S.E.C. may be found at the S.E.C. website: http://www.sec.gov/info/municipal/nrmsir.htm.

"Participating Underwriter" shall mean any of the original underwriters of the Bonds required to comply with the Rule in connection with offering of the Bonds.

"Repository" shall mean each National Repository and each State Repository.

"Rule" shall mean Rule 15c2-12(b)(5) adopted by the S.E.C. under the Securities Exchange Act of 1934, as the same may be amended from time to time.

"State" shall mean the State of California.

"State Repository" shall mean any public or private repository or entity designated by the State as a state repository for the purpose of the Rule and recognized as such by the S.E.C. As of the date of this Disclosure Certificate, there is no State Repository. The current status should be checked on the S.E.C. website, http://www.sec.gov/info/municipal./nrmsir.htm.

SECTION 3. Provision of Annual Reports.

(a) The City shall, or shall cause the Dissemination Agent to, not later than 270 days after the end of the City's fiscal year (which is June 30), commencing with the report for the 2003-04 Fiscal Year (which is due not later than March 27, 2005), provide to each Repository an Annual Report which is consistent with the requirements of Section 4 of this Disclosure Certificate. If the Dissemination Agent is not the City, the City shall provide the Annual Report to the Dissemination Agent not later than 15 days prior to said date. The Annual Report may be submitted as a single document or as separate documents comprising a package, and may cross-reference other information as provided in Section 4 of this Disclosure Certificate; *provided*, that if the audited financial statements of the City shall submit unaudited financial statements and submit the audited financial statements as soon as they are available. If the City's Fiscal Year changes, it shall give notice of such change in the same manner as for a Listed Event under Section 5(c).

(b) If the City is unable to provide to the Repositories an Annual Report by the date required in subsection (a), the City shall send a notice to each Repository in substantially the form attached as Exhibit A.

(c) The Dissemination Agent shall:

1. determine each year prior to the date for providing the Annual Report the name and address of each National Repository and the State Repository, if any; and

2. (if the Dissemination Agent is other than the City), file a report with the City certifying that the Annual Report has been provided pursuant to this Disclosure Certificate, stating the date it was provided and listing all the Repositories to which it was provided.

SECTION 4. Content of Annual Reports. The City's Annual Report shall contain or incorporate by reference the following information, as required by the S.E.C.:

(a) the audited general purpose financial statements of the City prepared in accordance with generally accepted accounting principles applicable to governmental entities;

- (b) a summary of budgeted general fund revenues and appropriations;
- (c) a summary of the assessed valuation of taxable property in the City;

- (d) a summary of the *ad valorem* property tax levy and delinquency rate;
- (e) a schedule of aggregate annual debt service on tax-supported indebtedness of the City; and
- (f) summary of outstanding and authorized but unissued tax-supported indebtedness of the City.

Any or all of the items listed above may be included by specific reference to other documents, including official statements of debt issues of the City or related public entities, which have been submitted to each of the Repositories or the S.E.C. If the document included by reference is a final official statement, it must be available from the Municipal Securities Rulemaking Board. The City shall clearly identify each such other document so included by reference.

SECTION 5. Reporting of Significant Events.

(a) To the extent applicable and pursuant to the provisions of this Section 5, the City shall give, or cause to be given, notice of the occurrence of any of the following events with respect to the Bonds, if material:

- 1. Principal and interest payment delinquencies.
- 2. Non-payment related defaults.
- 3. Modifications to rights of Bondholders.
- 4. Optional, contingent or unscheduled bond calls.
- 5. Defeasances.
- 6. Rating changes.
- 7. Adverse tax opinions or events affecting the tax-exempt status of the Bonds.
- 8. Unscheduled draws on debt service reserves reflecting financial difficulties.
- 9. Unscheduled draws on credit enhancements reflecting financial difficulties.
- 10. Substitution of credit or liquidity providers or their failure to perform.
- 11. Release, substitution or sale of property securing repayment of the Bonds.

(b) Whenever the City obtains knowledge of the occurrence of a Listed Event, the City shall as soon as possible determine if such event would be material under applicable federal securities laws.

(c) If the City determines that knowledge of the occurrence of a Listed Event would be material under applicable federal securities laws, the City shall promptly file a notice of such

occurrence with each National Repository or with the Municipal Securities Rulemaking Board and the State Repository, if any. Notwithstanding the foregoing, notice of Listed Events described in Sections 5(a)(4) and 5(a)(5) need not be given under this subsection any earlier than the notice (if any) of the underlying event is given to Holders and Beneficial Owners of affected Bonds pursuant to the Resolution.

SECTION 6. Termination of Reporting Obligation. The City's obligations under this Disclosure Certificate shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds. If such termination occurs prior to the final maturity of the Bonds, the City shall give notice of such termination in the same manner as that for giving notice of the occurrence of a Listed Event under Section 5(c).

SECTION 7. Dissemination Agent. The City may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Certificate, and may discharge any such Agent, with or without appointing a successor Dissemination Agent. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Certificate.

SECTION 8. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Certificate, the City may amend or waive this Disclosure Certificate or any provision of this Disclosure Certificate, provided that the following conditions are satisfied:

(a) If the amendment or waiver relates to the provisions of Sections 3(a), 3(b), 4 or 5(a), it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of an obligated person with respect to the Bonds or the type of business conducted;

(b) The undertaking, as amended or taking into account such waiver, would, in the opinion of the City Attorney or nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the original issuance of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) The amendment or waiver either (i) is approved by the owners of a majority in aggregate principal amount the Bonds or (ii) does not, in the opinion of the City Attorney or nationally recognized bond counsel, materially impair the interests of the Holders.

In the event of any amendment or waiver of a provision of this Disclosure Certificate, the City shall describe such amendment in the next Annual Report, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the City. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements: (i) notice of such change shall be given in the same manner as for a Listed Event under Section 5; and (ii) the Annual Report for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

SECTION 9. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the City from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any

Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Certificate. If the City chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Certificate, the City shall have no obligation under this Disclosure Certificate to update such information or include it in any future Annual Report or notice of a Listed Event.

SECTION 10. Default. In the event of a failure of the City to comply with any provision of this Disclosure Certificate, any Participating Underwriter, Holder or Beneficial Owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the City to comply with its obligations under this Disclosure Certificate; provided that any such action may be instituted only in a federal or state court located in the City and County of San Francisco, State of California. A default under this Disclosure Certificate shall not be deemed an Event of Default under the Trust Agreement or the Resolution and the sole remedy under this Disclosure Certificate in the event of any failure of the City to comply with this Disclosure Certificate shall be an action to compel performance.

SECTION 11. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the City, the Dissemination Agent, the Participating Underwriters and Holders and Beneficial Owners from time to time of the Bonds, and shall create no rights in any other person or entity.

APPENDIX E

DTC AND THE BOOK-ENTRY ONLY SYSTEM

The information in this Appendix E concerning The Depository Trust Company, New York, New York ("DTC") and DTC's book-entry system has been obtained from DTC and the City takes no responsibility for the completeness or accuracy thereof. The City cannot and does not give any assurances that DTC, DTC Participants or Indirect Participants will distribute to the Beneficial Owners (a) payments of interest, principal or premium, if any, with respect to the Bonds, (b) certificates representing ownership interest in or other confirmation or ownership interest in the Bonds, or (c) redemption or other notices sent to DTC or Cede & Co., its nominee, as the registered owner of the Bonds, or that they will so do on a timely basis, or that DTC, DTC Participants or DTC Indirect Participants will act in the manner described in this Appendix. The current "Rules" applicable to DTC are on file with the Securities and Exchange Commission and the current "Procedures" of DTC to be followed in dealing with DTC Participants are on file with DTC.

DTC will act as securities depository for the Bonds. The Bonds will be issued as fully registered Bonds, registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of the Bonds, in the aggregate principal amount of such issue, and will be deposited with DTC.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over two million issues of U.S. and non-U.S. equity, corporate and municipal debt issues, and money market instruments from over 85 countries that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC, in turn, is owned by a number of Direct Participants of DTC and Members of the National Securities Clearing Corporation, Government Securities Clearing Corporation, MBS Clearing Corporation, and Emerging Markets Clearing Corporation (NSCC, GSCC, MBSCC, and EMCC, also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC, and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has Standard & Poor's highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co, or such other name as may be requested by an authorized representative of DTC.

The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

When notices are given, they shall be sent by the Treasurer, acting as paying agent, to DTC only. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the City as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions and dividend payments on the Bonds will be made to Cede & Co. or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the City or the Treasurer, acting as paying agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC nor its nominee, the Treasurer, acting as paying agent, or the City, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions and dividend payments to Cede & Co. (or any other nominee as may be requested by an authorized representative of DTC) is the responsibility of the City or the Treasurer, acting as paying agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Bonds at any time by giving reasonable notice to the City and the Treasurer, acting as paying agent, Under such circumstances, in the event that a successor securities depository is not obtained, Bond certificates are required to be printed and delivered.

The City may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

Discontinuation of Book-Entry Only System; Payment to Beneficial Owners

In the event that the book-entry system described above is no longer used with respect to the Bonds, the following provisions will govern the payment, registration, transfer, exchange and replacement of the Bonds.

The Treasurer shall keep or cause to be kept, at the office of the Treasurer, sufficient books for the registration and transfer of the Bonds, which shall at all times be open to inspection, and upon presentation for such purpose, the Treasurer shall, under such reasonable regulations as he or she may prescribe, register or transfer or cause to be registered or transferred, on said books, Bonds as herein provided. Any Bond may, in accordance with its terms, be transferred upon the books of the Treasurer, by the person in whose name it is registered, in person or by the duly authorized attorney of such person in writing, upon surrender of such Bond for cancellation, accompanied by delivery of a duly executed written instrument of transfer in a form approved by the Treasurer.

Any Bonds may be exchanged at the office of the Treasurer for a like aggregate principal amount of other authorized denominations of the same interest rate and maturity.

Whenever any Bond shall be surrendered for transfer or exchange, the designated City officials shall execute and the Treasurer shall authenticate and deliver a new Bond or Bonds of the same interest rate and maturity in a like aggregate principal amount. The Treasurer shall require the payment by any bond owner requesting any such transfer of any tax or other governmental charge required to be paid with respect to such transfer or exchange.

No transfer or exchange of Bonds shall be required to be made by the Treasurer during the period from the Record Date (as defined herein) next preceding each interest payment date to such interest payment date or after a notice of redemption shall have been mailed with respect to such Bond.

The Bonds shall be substantially in the form set forth in the authorizing resolutions of the City. The Bonds shall be in fully registered form without coupons.

The principal of the Bonds shall be payable in lawful money of the United States of America to the owner thereof, upon the surrender thereof at maturity or earlier redemption at the office of the Treasurer. The interest on the Bonds shall be payable in like lawful money to the person whose name appears on the bond registration books of the Treasurer as the owner thereof as of the close of business on the last day of the month immediately preceding an interest payment date (the "Record Date"), whether or not such day is a day other than a Saturday, Sunday, legal holiday or other day on which commercial banking institutions are authorized or required by law to be closed in California or New York (a "Business Day").

Payment of the interest on any Bond shall be paid by check mailed to such owner at such owner's address as it appears on the registration books as of the Record Date; provided, however, if any interest payment date occurs on a day that is not a Business Day, then such payment shall be made on the next succeeding Business Day; and provided, further, that the registered owner of an aggregate principal amount of at least \$1,000,000 of the Bonds may submit a written request to the Treasurer on or before a Record Date preceding an interest payment date for payment of interest by wire transfer to a commercial bank located within the United States.

The date on which Bonds which are called for redemption are to be presented for redemption is herein sometimes called the "redemption date." The Treasurer shall mail, or cause to be mailed, notice of any redemption of Bonds postage prepaid, to the respective registered owners thereof at the addresses appearing on the bond registration books not less than thirty (30) nor more than sixty (60) days prior to the redemption date. The notice of redemption shall (a) state the redemption date; (b) state the redemption price; (c) state the dates of maturity of the Bonds and, if less than all of any such maturity is called for redemption, the distinctive numbers of the Bonds of such maturity to be redeemed, and in the case of Bonds redeemed in part only, the respective portions of the principal amount thereof to be redeemed; (d) state the CUSIP number, if any, of each Bond to be redeemed; (e) require that such Bonds be surrendered by the owners at the office of the Treasurer or his or her agent; and (f) give notice that interest on such Bonds will cease to accrue after the designated redemption date.

The actual receipt by the owner of any Bond of notice of such redemption shall not be a condition precedent to redemption, and failure to receive such notice, or any defect in such notice shall not affect the validity of the proceedings for the redemption of such Bonds or the cessation of accrual of interest on such Bonds on the redemption date.

APPENDIX F

PROPOSED FORM OF OPINION OF CO-BOND COUNSEL

[Date of Delivery of Bonds]

Board of Supervisors City and County of San Francisco 1 Dr. Carlton B. Goodlett Place San Francisco, California 94102-4682

OPINION: \$21,930,000 City and County of San Francisco General Obligation Refunding Bonds, Series 2004-R1

Ladies and Gentlemen:

We have acted as co-bond counsel in connection with the issuance and delivery by the City and County of San Francisco (the "City") of \$21,930,000 aggregate principal amount of bonds of the City designated the "City and County of San Francisco General Obligation Refunding Bonds, Series 2004-R1" (the "Bonds"), issued pursuant to the provisions of the Charter of the City and the Administrative Code of the City (collectively, the "Law"), Resolution No. 272-04 (the "Resolution") duly adopted by the Board of Supervisors of the City on May 11, 2004, and a Declaration of Trust dated as of June 1, 2004 (the "Trust Agreement") executed by the Treasurer of the City. The Bonds, which are dated the date hereof, and which mature, bear interest and are subject to optional redemption as provided in the Trust Agreement, are being issued to (i) provide funds to refund certain previously issued general obligation bonds of the City (the "Prior Bonds"), and (ii) to pay costs incurred in connection with the issuance, sale and delivery of the Bonds and the refunding of the Prior Bonds. We have examined the Law, the Resolution, the Trust Agreement and such certified proceedings and other papers as we deem necessary to render this opinion.

As to questions of fact material to our opinion, we have relied upon representations of the City contained in the Resolution and the Trust Agreement and in the certified proceedings and other certifications of public officials furnished to us, without undertaking to verify the same by independent investigation.

Based upon the foregoing, we are of the opinion, under existing law, that:

1. The City is a charter city and county duly organized and existing under the Constitution and laws of the State of California (the "State"), with power to adopt the Resolution and to execute and deliver the Trust Agreement, to perform the agreements on its part contained therein and to issue the Bonds.

City and County of San Francisco [Date of Delivery of Bonds] Page 2

2. The Resolution has been duly adopted by the Board of Supervisors of the City and constitutes the legal, valid and binding obligation of the City enforceable against the City in accordance with its terms. The Trust Agreement has been duly executed and delivered by the Treasurer of the City and constitutes the legal, valid and binding obligation of the City enforceable against the City in accordance with its terms.

3. The Bonds have been duly executed and delivered by the City and constitute valid and binding general obligations of the City.

4. The City has the power and is obligated to levy ad valorem taxes upon all property within the City subject to such taxation by the City, without limitation of rate or amount, for the payment of the Bonds and the interest thereon.

5. Interest on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; it should be noted, however, that, for the purpose of computing the alternative minimum tax imposed on corporations (as defined for federal income tax purposes), such interest is taken into account in determining certain income and earnings. The opinions set forth in the preceding sentence are subject to the condition that the City comply with all requirements of the Internal Revenue Code of 1986 that must be satisfied subsequent to the issuance of the Bonds in order that such interest be, or continue to be, excluded from gross income for federal income tax purposes. The City has covenanted to comply with each such requirement. Failure to comply with certain of such requirements may cause the inclusion of such interest in gross income for federal income tax purposes to be retroactive to the date of issuance of the Bonds. We express no opinion regarding other federal tax consequences arising with respect to the Bonds.

6. Interest on the Bonds is exempt from personal income taxation imposed by the State of California.

City and County of San Francisco [Date of Delivery of Bonds] Page 3

The rights of the owners of the Bonds and the enforceability of the Bonds, the Resolution and the Trust Agreement may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted and may also be subject to the exercise of judicial discretion in accordance with principles of equity or otherwise in appropriate cases and to the limitations contained in the laws of the State regarding legal remedies against public agencies of the State. We express no opinion as to the accuracy, completeness, fairness or sufficiency of the Official Statement relating to the Bonds or any exhibits or appendices thereto or any other offering material relating to the Bonds.

Respectfully submitted,

Jones Hall A Professional Law Corporation Law Offices of Alexis S. M. Chiu (THIS PAGE INTENTIONALLY LEFT BLANK)
