| Mayor’s Update               |
| The Mayor’s Office will provide a brief summary of nonprofit budget initiatives. |

| Departmental Updates         |
| Representatives from departments will provide a brief update: |
| • Office of Economic and Workforce Development (OEWD) |
| • Mayor’s Office of Housing and Community Development (MOHCD) |
| • Department of Public Health (DPH) |
| • Human Services Agency (HSA) |
| • Department of Homelessness and Supportive Housing (HSH) |

| Questions and Answers        |
| Opportunity for members of the audience to ask questions or raise current issues related to nonprofit contracting. Departments will answer questions when possible, and the Controller’s Office will aggregate questions for written responses after the meeting. |
City Investments in Nonprofit Service Providers

FY 2018-2019

26 City Departments
Partnering with 621 Nonprofits

$822 million in City payments to nonprofits in FY19-20

Spending per nonprofit ranging from: <$500 to $48 million

7% of the City's net expenditures

$163k Median amount received
134 Nonprofits received over $1m in FY18-19

19 Nonprofits received over $10m in FY18-19

Payment Totals by Department, FY18-19

Post-Forum Questions and Answers  
As of December 5, 2019

“Is the City as a whole moving towards deliverable-based grant budgets, rather than reimbursement-based?”
- Most departments are exploring ways to enhance their contracting strategies. E.g., MOHCD is piloting “Active Contract Management.” Some departments have looked into “Performance Based Contracting.” The Department of Public Health uses a “units of service” basis for most Medi-Cal contracts. However, there are no plans for a Citywide move towards deliverable-based grant budgets.

“Is there a way for nonprofit subcontractors to get a copy of grant agreements and budgets that were submitted?”
- Please contact the funding department for copies of grant agreements and budgets.

“MOHCD provided a training on understanding "true costs" for nonprofit contractors to better budget and submit proposals that reflect true costs. Wondering if MOHCD and/or other departments are considering increasing the available funding for future RFPs to allow for true costs?”
- The Controller’s Office is engaging other departments and nonprofits about reforming how indirect costs are funded, but this work is still under development. It is important to note that “true cost” budgeting may not necessarily result in higher funding available in future RFPs. Instead, true cost budgeting practices may result in service expectations that are more in line with the cost of performing the service. Please contact your funding department with any department-specific questions about future RFPs and how indirect costs are calculated.

“How do you set up for advance payment?”
- The Controller’s Office is working with departments to develop a Citywide policy and procedure for issuing advance payment to nonprofit contractors. We will share an update about advance payment during the next Nonprofit Contracting Forum. Some departments are already issuing advance payment. Contact your funding departments to confirm if they are currently issuing advance payments and the policy that department has developed.

“Is there a way to get the contact information for all the speakers as well as the subjects we can reach out to them for assistance with?”
- The following speakers presented at the Nonprofit Contracting Forum on November 6, 2019. Please contact the relevant department with questions.

(Listed in order of appearance)
- Ben Rosenfield, Controller
- Laura Marshall, Controller’s Office
• Kelly Kirkpatrick, Mayor’s Office
• Lex Leifheit, Office of Economic and Workforce Development (OEWD)
• Brian Cheu, Mayor’s Office of Housing and Community Development (MOHCD)
• Michelle Ruggels, Department of Public Health (DPH)
• John Tsutakawa, Human Services Agency (HSA)
• Gilda Kemper, Department of Homelessness and Supportive Housing (HSH)

Citywide Nonprofit Monitoring and Capacity Building Program

Program Overview
Consolidates contract monitoring requirements to promote efficient monitoring that uses consistent standards and methods

Program Goals
• Public funds are spent in alignment with the City’s financial and administrative standards
• Nonprofit contractors have strong, sustainable fiscal operations

12 Departments Jointly Funded 165 Nonprofit Contractors in the Program

The 165 contractors received 71% of City funding for all nonprofits

Monitoring Findings
108 Nonprofits were in Conformance

76% of contractors ended the cycle in full conformance with standards, though this decreased this year

Controller’s Office Updates

Citywide Nonprofit Monitoring and Capacity Building Program

What’s new for FY20?

- Expanded financial management coaching and training services for nonprofits
- New Risk Assessment process to include more nuanced factors in determining what level of monitoring to employ.
- 109 nonprofits to be monitored in FY20
  25% reduction from FY19 using new Risk Assessment process
Minimum Compensation Ordinance (MCO)

Overview of MCO
- Covers most City contractors
- MCO wage increased to $16.50 per hour in July 2019 for nonprofit suppliers

New MCO wage applies to nonprofit supplier with:

- 5 or more employees
- $50k or more in funding from at least 1 funding department

- City appropriated $5.8 million to help nonprofits offset MCO related costs
- The Controller’s Office managed an application process to allocate the funds
Controller’s Office Updates

Minimum Compensation Ordinance (MCO)

Application Process

Application Period
June – August 2019

- 181 application submitted
- 210 unique suppliers
- 4,263 FTEs reported, earning up to $30/hr

Results

- $2.76 million For direct costs Representing 1,031 FTEs
- $3.80 million For compaction costs up to $22.50/hr
- Wage increases for 2,757 FTEs
Minimum Compensation Ordinance (MCO)

Distribution of Funds

- Departments will begin initiating contract amendments or modifications immediately.
- The Controller’s Office has advised departments to finalize pending contract certifications prior to making adjustments for MCO.
- Nonprofits who receive MCO allocations should adjust FY19-20 contract budgets to ensure all wages are at least $16.50/hr and to make other necessary wage adjustments to address compaction pressures. Adjustments should reflect wages as of July 1, 2019.
- Allocations include 20% overhead to address variable fringe and other costs.

For FY20-21...

- Departments and nonprofits should incorporate discussions of MCO increases into normal contract amendment processes.
Cost Categorization in Nonprofit Contracts and Grants

Overview

- In January 2019, Controller’s Office reissued guidance on the treatment and allowability of direct and indirect costs in City grants and contracts with nonprofit service providers.

- Guidance should be adopted by departments in current contracts and grants.

- Questions arise about interpretation of the guidance, and certain issues must always be addressed case-by-case. The Controller’s Office may update the guidance annually as needed.

Link to guidance:

Please address questions to:

- Francisco.Alvarado@sfgov.org
Indirect Rates

Background:

- The Mayor’s Nonprofit Working Group of FY16-17 identified the limitations of a flat indirect cost rate (typically 12-15%) applied to nonprofit contracts and grants.
  - This rate often does not support nonprofits to cover the actual costs of administering City-funded programs.
- The Controller’s Office facilitated a process during FY18-19 to develop new proposals for how the City could treat indirect costs in nonprofit contracts and grants.

Controller’s Office met with:

- 8 City Departments
- 26 Nonprofit Organizations
- 71 Total Individuals
Indirect Rates

This collaborative process resulted in three proposals:

- **Option 1: Standardized Rate**
  - Standard rate with cap

- **Option 2: Department-wide Negotiated Rate**
  - Negotiated rate that applies to all contracts for each department

- **Option 3: Citywide Negotiated Rate**
  - Fully-negotiated, Citywide rate that applies to all contracts regardless of department or funding source

**Next Steps:**
- The Controller’s Office will work with City departments to pilot a model in advance of Citywide adoption.
Other Policy Development Underway

- The Controller’s Office is helping standardize how departments work with nonprofit contractors and ease requirements when not explicitly necessary e.g. by a funding source.

Policy Areas Under Review:

- **Audit Requirements**
  - **Issue** – Departments have differing policies for when they require a nonprofit to conduct an audit or financial review.

- **Advance Payments**
  - **Issue** – Advances are applied inconsistently across City departments.

- **Invoice Review**
  - **Issue** – Departments have inconsistent and extensive documentation review processes which may not be required by funding sources.

- **Budget Flexibility**
  - **Issue** – Department have varying thresholds for when and how budget amounts can be adjusted between line items during invoicing.

Next Steps:

- The Controller’s Office will continue to assess and revise City policy in consultation with City Departments.

- Updates will be offered during a future Nonprofit Policy Forum.
Updates from the Mayor’s Office
The FY 2019-20 & FY 2020-21 budget prioritized investments to help strengthen the social safety net including increasing support for nonprofit providers

- **CBO Cost of Doing Business (CODB)**
  - 3% in FY 2019-20 - 0.5% increase from what was previously budgeted
  - 2.5% assumed for FY 2020-21

- **Minimum Compensation Ordinance (MCO)** to support non-profit workers and IHSS workers

- **Nonprofit Sustainability Initiative (NSI)** investment to help keep nonprofits in San Francisco
  - Additional $2 million in FY 2019-20; total of $8 million over the next two years
Departmental Updates
Office of Economic and Workforce Development (OEWD)
Available Offerings: OEWD

One-stop Navigation

Capacity Assistance & Consultation

Real Estate Assistance

Pro Bono & Professional Service Referral
The Office of Economic and Workforce Development provides access to an array of resources, tailored to the needs of each organization, as well as training and education referrals suited to the needs of nonprofits providing arts access, legal aid, human services, workforce development and other resources. 121 organizations received direct assistance in Fiscal Year 2018-19.

Direct Assistance: Examples

Starting a Nonprofit  Fund Development  Organizational Assessment
The Office of Economic and Workforce Development supports intermediaries to provide services in support of organizational diagnostic assessment, strategic restructuring, fund development and real estate readiness.

ORGANIZATIONAL EFFECTIVENESS PARTNERS

La Piana Consulting

Community Vision Capital & Consulting

Catchalise

Candid.
The Office of Economic and Workforce Development (OEWD) administers the Nonprofit Sustainability Initiative in partnership with the San Francisco Arts Commission, Mayor’s Office of Housing and Community Development, and key partners including Community Vision.

**Permanent Space Acquisition**
~84,185 square feet of nonprofit-owned space
Community Youth Center, Compass Family Services, Family Connections, Jamestown Community Center, La Casa De Las Madres, Mission Kids, Planned Parenthood, San Francisco Conservation Corps and Self-Help for the Elderly

**Space Stabilization**
~146,975 square feet of leased space
29 organizations awarded financial assistance
41 organizations awarded technical assistance
Average lease secured is 7.1 years
San Francisco’s Nonprofit Sustainability Initiative deploys financial assistance, professional services, assessment tools and other resources to help stabilize nonprofits and overcome barriers to growth. 2019-20 Allocation: $7.7 million

Real Estate Assistance: Examples

Mission Kids

PRC

Compass Family Services
NEW IN 2019-20: COMMUNITY CORNERSTONES

Community Cornerstones: support for small businesses and nonprofits. Includes technical and financial assistance for nonprofits expanding or relocating to new, commercial space within 100% below-market housing sites. Allocation: $2.7 million. Nonprofit applications due: February 4, 2020

Project Sites: Examples

1990 Folsom

2060 Folsom
The goal of the Nonprofit Resiliency Fund is to maintain continuity of economic and workforce strategies by providing OEWD grantees with organizational effectiveness support. 2019-20 Allocation: $300,000

</tr>
</tbody>
</table>
Citywide Priorities Identified Through Community Engagement Process

• Displacement, evictions, housing stabilization
• Housing affordability
• Economic opportunity and self-sufficiency
• Systems navigation
• Culturally and linguistically appropriate services and language access
General Community Needs, Concerns

• Primary concerns: displacement, increasing housing prices, cleanliness and safety of neighborhoods, and transit accessibility

• Services to support self-sufficiency and stability are as important as the need for housing itself

• Culturally-inclusive and culturally-specific services

• Greater awareness of, navigation of, and access to available services

• More inclusive standards around housing eligibility

• More opportunities to provide input

• More streamlined services, improved cross-agency collaboration
## Housing and Housing Service Needs

<table>

Target Populations

Households and families...

• Experiencing a Legacy of Exclusion
• Destabilized by Systemic Trauma
• At Risk of Displacement
• With Barriers to Accessing Opportunities
• Who are Extremely and Very Low Income
Vulnerable Households:
- Extremely and Very Low-Income Households
- Households with Barriers to Access to Opportunities
- Households At-Risk of Displacement
- Households Experiencing a Legacy of Exclusion
- Households Destabilized by Systemic Trauma

Priority Needs
1A) Develop and maintain accessible and affordable housing
1B) Make housing more affordable
1C) Prevent and reduce homelessness
1D) Provide services to maintain housing stability
2A) Promote workforce development
2B) Increase opportunities through improved language access and core skills development
2C) Provide equitable access to civil legal services for immigration and other critical issues
2D) Help households connect to services
3A) Enhance community facilities and spaces
3B) Strengthen small business and commercial corridors
3C) Support community-driven comprehensive strategies
3D) Support capacity needs of community-based organizations and MOHCD's professional partners
4A) Address inequitable impacts of economic growth through anti-displacement measures for residents and businesses
4B) Ensure economic growth offers benefits to existing communities
5A) Ensure racially equitable access to programs and services, in coordination with other City departments
5B) Instill racial equity and trauma-informed values and practices in the work of MOHCD and its partners

Objectives
1) Families and individuals are stably housed
2) Families and individuals are resilient and economically self-sufficient
3) Communities have healthy physical, social and business infrastructure
4) Communities at risk of displacement are stabilized
5) The City works to eliminate the causes of racial disparities

Ultimate Impact
Vibrant and healthy communities across San Francisco with equitable opportunity for self-sufficiency

MOHCD* Theory of Change 8/5/2019
*and OEWD & DSHS's work related to the Consolidated Plan
Grant Terms & Funds Available

• ~ $42,000,000 in grant funds
• Proposals were received October 18, 2019
• Grant awards will be setup initially as three-year contracts, from July 1, 2020 through June 30, 2023, with an option by MOHCD for a two-year extension to June 30, 2025
Department of Public Health (DPH)
Department of Public Health (DPH) Contracting Update

- To begin, thank you to all DPH contractors and City partners that worked with us over the past two years of contracting, offering help, solutions and appreciated patience.

- DPH is pleased to report that in FY19-20 after a very tumultuous two years we have weathered the storm and are on significantly steadier ground moving forward.

- One of the ongoing challenges facing DPH’s efficiency has been the lack of a centralized electronic contracting system, useful to
  - Easily monitor contract certification progress through all the steps
  - Manage key dates systematically, e.g. expirations necessary to plan ahead
  - Provide responses to information/data requests in a timely manner

- We are very happy to report that through a partnership with the Controller’s Office, we are working steadily on this challenge and plan to have a system in place by FY20-21.
DPH System Improvements Underway: Contract Management System

OBJECTIVES & VISION: Create a standardized and centralized contract management system across divisions/sections to allow DPH to maintain a profile on each contract, as well as create a workflow that will enable centralized management.

- **Fields System** will use standard fields to name and manage the contracting process. This means we will be after you about continuity in program names.
- **Tracking System** will use standard milestones for tracking the contracting process (and related processes), and record dates and other data according to those milestones (e.g., date funding notification letter sent).
- **Reporting System** will report on contract status in the same way. This will include the components agreed upon in Fields and the milestones agreed upon in Tracking.
- **Workflows System** will have the same basic workflows for approvals and processing of contracts. There may be minimal, necessary variations as the workflows must accommodate the requirements of all units and contracts.
- **Staff Transparency** will be able to both access status information, and be active participants in the contract and related document routing and approval processes.
DPH System Improvements Underway: Contract Management System

**SYSTEM COMPONENTS:** The final contract management system will consist of the following components

- **Document Storage:** Contracts will be stored and accessible by all DPH staff.
- **Workflows:** Programmed workflows will enable tracking of document processes at each step, thereby allowing for better management and access to information.
- **Reporting:** Data fields will be identified for reporting and tracking purposes
DPH Contracting

For reference, or for new staff, the following power point presentations may be accessed at sfdph.org/CDTA under the category *Meeting Presentations and Training Materials*:

- The DPH Business Office held a “DPH Contractor’s Meeting” on 5/23/19 that covered “what’s new in contracting in FY19-20”.
- The DPH Business Office held a “Contracting 101” workshop on 8/9/19
- Thank you
Human Services Agency (HSA)
HSA Contracts

- The Human Services Agency (HSA) is the umbrella agency for three Departments.
- HSA covers the Department of Aging and Adult Services (DAAS), Office of Early Care and Education (OECE), & the Department of Human Services (DHS).
- Office of Contract Management has 11 contract managers and 3 purchasers.
- 336 grants and 58 contracts, about 237 (60%) are in the DAAS program.
- The annual amount is over $320,000,000.
Trainings over the last 18 months

- SOGI reporting – requirement to provide data as part of demographic reporting
- Minimum Compensation Ordinance - initial information from OLSE on the MCO requirements
- First Source Hiring – reminder from OEWD on First Source Hiring requirements for non-profits.
Current actions

• In October, we obtained approval from the DHS and DAAS commissions to provide CODB adjustments to our grants. With the exception of OECE, letters have gone out on the other grants.

• Over the next month, we will similarly review and approve MCO increases. We received the initial calculations from the Controller’s Office and will review what needs to be in place. Similar to CODB, we will obtain Commission approvals.
Department of Homelessness and Supportive Housing (HSH)
Contract & Budget Updates
Fall 2019
HSH goals are to:

1. Ensure alignment of programmatic resources to achieve greater efficiency, equity, and impact; and
2. Enable HSH to make data-driven decisions about resources.

The results will provide HSH with a framework and holistic approach when making funding decisions.

Therefore, HSH will be holding all unapproved budget modifications and any new requests until the work concludes.
Cost of Doing Business (CODB) & Minimum Compensation Ordinance (MCO)

Please follow up with your assigned Contract Manager to allocate CODB these funds.

- Programs that have not yet allocated their .5% funds will see a “CODB placeholder” in CARBON as a reminder to submit the allocation to HSH.

The Controller is planning to release MCO allocations on November 5.
As a reminder, the next deadline for budget revisions is December 31, 2019.
- Please visit the Provider Updates section of the HSH website to review the policy and procedure.

Please make sure to submit timely invoices, on a monthly basis.
- Contract Managers are reaching out to providers with overdue invoices.
Most agreements with expiring procurement authorities will be renewed using the Emergency Ordinance until a new procurement is released.

- New procurements will begin in 2021, with the exception of ESG funded programs, which will be procured fall/winter 2019.

HSH’s goal is to continue executing amended agreements before expiration.

- To ensure we continue to meet this goal, we ask that providers promptly respond to Contract and Program Manager requests.
HUD Continuum of Care (CoC) Funded Agreements

- We ask that CoC funded providers submit all final invoices and proper supporting documentation no later than 30 days after the end of the project period.

- Timely submittal of invoices and necessary documentation ensure that we are able to draw down and leverage HUD funding.
HSH is holding a nonprofit conference on December 9, 2019.

• More details to follow soon!
Questions and Answers
Have a question?

Ask at the microphone or use an index card.

If we can’t answer the question today, we’ll provide a response following the meeting.
Thank you!

You can email Francisco.Alvarado@sfgov.org with questions.

Please take the survey we will send later this week!
