CITY & COUNTY OF SAN FRANCISCO

City Investments in Nonprofit Service Providers FY 2018 - 2019

\$822 million
In City payments to
nonprofits

**26 City
Departments**

621 Nonprofits

**Median
amount
received**

**Nonprofits
received more
than \$1m**

**Nonprofits
received more
than \$10m**

Citywide Nonprofit Monitoring and Capacity Building Program

Program Overview

Consolidates contract monitoring requirements to promote efficient monitoring that uses consistent standards and methods

Program Goals

- Public funds are spent in alignment with the City's financial and administrative standards
- Nonprofit contractors have strong, sustainable fiscal operations

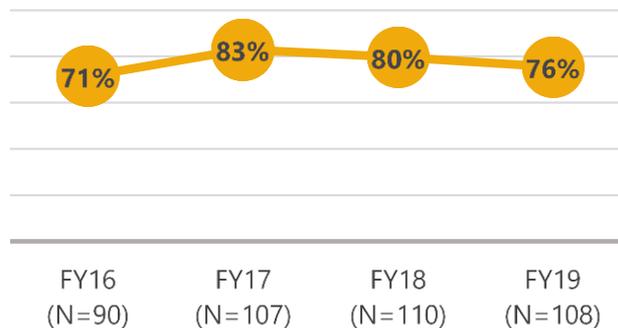

12 Departments Jointly Funded **165** Nonprofit Contractors in the Program

The 165 contractors received **71%** of City funding for all nonprofits

Monitoring Findings

108 Nonprofits were in Conformance

76% of contractors ended the cycle in full conformance with standards, though this decreased this year

Citywide Nonprofit Monitoring and Capacity Building Program

What's new for FY20?

Expanded financial management coaching and training services for nonprofits

New Risk Assessment process to include more nuanced factors in determining what level of monitoring to employ.

109 nonprofits to be monitored in FY20

25% reduction from FY19 using new Risk Assessment process

Minimum Compensation Ordinance (MCO)

Overview of MCO

- Covers most City contractors
- MCO wage increased to \$16.50 per hour in July 2019 for nonprofit suppliers

New MCO wage applies to nonprofit supplier with:

**5 or more
employees**

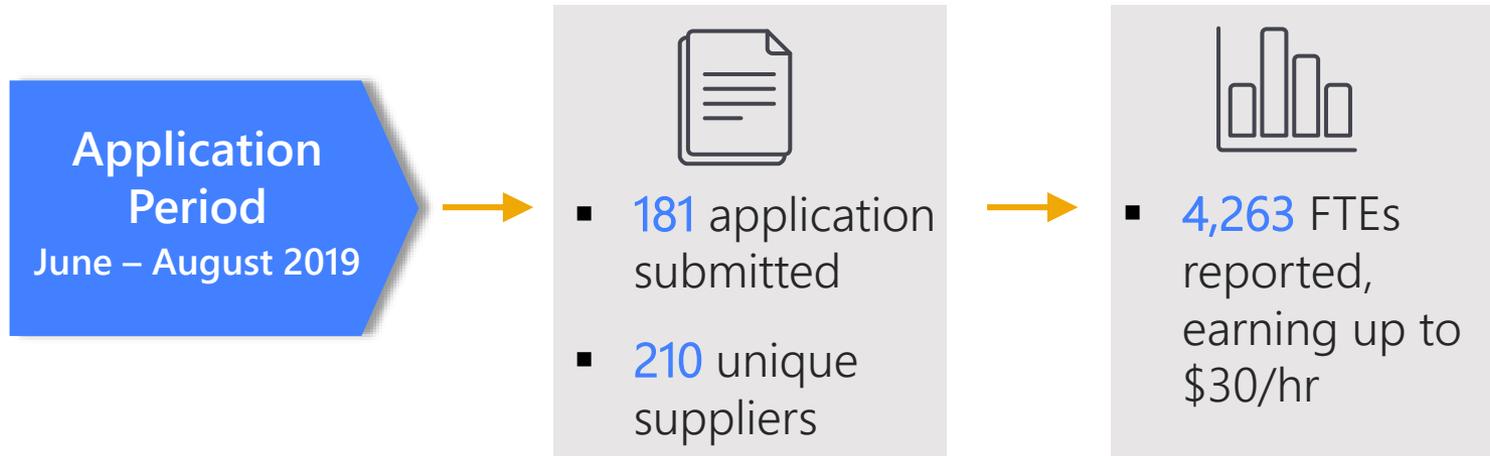

**\$50k or more in funding
from at least 1 funding
department**

- City appropriated **\$5.8 million** to help nonprofits offset MCO related costs
- The Controller's Office managed an application process to allocate the funds

Minimum Compensation Ordinance (MCO)

Application Process

Results

Minimum Compensation Ordinance (MCO)

Distribution of Funds

- Departments will begin initiating contract amendments or modifications immediately.
- The Controller's Office has advised departments to finalize pending contract certifications prior to making adjustments for MCO.
- Nonprofits who receive MCO allocations should adjust FY19-20 contract budgets to ensure all wages are at least \$16.50/hr and to make other necessary wage adjustments to address compaction pressures. Adjustments should reflect wages as of July 1, 2019.
- Allocations include 20% overhead to address variable fringe and other costs.

For FY20-21...

- Departments and nonprofits should incorporate discussions of MCO increases into normal contract amendment processes.

Cost Categorization in Nonprofit Contracts and Grants

Overview

- In January 2019, Controller's Office reissued guidance on the treatment and allowability of direct and indirect costs in City grants and contracts with nonprofit service providers.
- Guidance should be adopted by departments in current contracts and grants.
- Questions arise about interpretation of the guidance, and certain issues must always be addressed case-by-case. The Controller's Office may update the guidance annually as needed.

Link to guidance:

- <https://sfcontroller.org/sites/default/files/Documents/Auditing/Guidelines%20for%20Cost%20Categorization%20in%20Nonprofit%20Contracts%20and%20Grants%20Version%201.2.pdf>

Please address questions to:

- Francisco.Alvarado@sfgov.org

Indirect Rates

Background:

- The Mayor's Nonprofit Working Group of FY16-17 identified the limitations of a flat indirect cost rate (typically 12-15%) applied to nonprofit contracts and grants.
 - This rate often does not support nonprofits to cover the actual costs of administering City-funded programs.
- The Controller's Office facilitated a process during FY18-19 to develop new proposals for how the City could treat indirect costs in nonprofit contracts and grants.

Controller's Office met with:

- **8** City Departments
- **26** Nonprofit Organizations
- **71** Total Individuals

Indirect Rates

This collaborative process resulted in three proposals:

Option 1: Standardized Rate

- Standard rate with cap

Option 2: Department-wide Negotiated Rate

- Negotiated rate that applies to all contracts for each department

Option 3: Citywide Negotiated Rate

- Fully-negotiated, Citywide rate that applies to all contracts regardless of department or funding source

Next Steps:

- The Controller's Office will work with City departments to pilot a model in advance of Citywide adoption.

Other Policy Development Underway

- The Controller's Office is helping standardize how departments work with nonprofit contractors and ease requirements when not explicitly necessary e.g. by a funding source.

Policy Areas Under Review:

Audit Requirements

- **Issue –** Departments have differing policies for when they require a nonprofit to conduct an audit or financial review

Advance Payments

- **Issue –** Advances are applied inconsistently across City departments

Invoice Review

- **Issue –** Departments have inconsistent and extensive documentation review processes which may not be required by funding sources

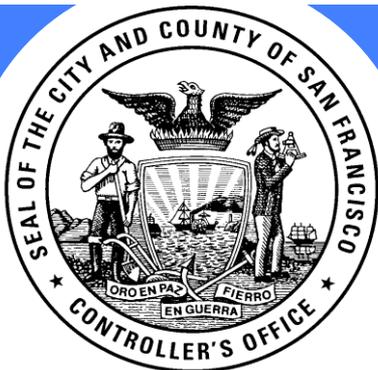

Budget Flexibility

- **Issue –** Department have varying thresholds for when and how budget amounts can be adjusted between line items during invoicing

Next Steps:

- The Controller's Office will continue to assess and revise City policy in consultation with City Departments.
- Updates will be offered during a future Nonprofit Policy Forum.

Updates from the Mayor's Office

CITY & COUNTY OF SAN FRANCISCO

The FY 2019-20 & FY 2020-21 budget prioritized investments to help strengthen the social safety net including increasing support for nonprofit providers

- **CBO Cost of Doing Business (CODB)**

- 3% in FY 2019-20 - 0.5% increase from what was previously budgeted
- 2.5% assumed for FY 2020-21

- **Minimum Compensation Ordinance (MCO)** to support non-profit workers and IHSS workers

- **Nonprofit Sustainability Initiative (NSI)** investment to help keep nonprofits in San Francisco

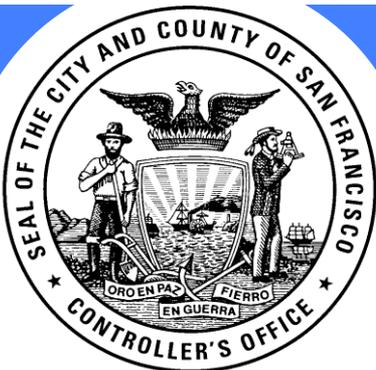

- Additional \$2 million in FY 2019-20; total of \$8 million over the next two years

Summary of Community Engagement and Strategies

November 6, 2019

Outreach Summary

Outreach Type	Participants
10 Community Forums	656
38 Focus Groups	684
Online and Paper Surveys	2,219
	3,614 total

Citywide Priorities Identified Through Community Engagement Process

- Displacement, evictions, housing stabilization
- Housing affordability
- Economic opportunity and self-sufficiency
- Systems navigation
- Culturally and linguistically appropriate services and language access

General Community Needs, Concerns

- Primary concerns: displacement, increasing housing prices, cleanliness and safety of neighborhoods, and transit accessibility
- Services to support self-sufficiency and stability are as important as the need for housing itself
- Culturally-inclusive and culturally-specific services
- Greater awareness of, navigation of, and access to available services
- More inclusive standards around housing eligibility
- More opportunities to provide input
- More streamlined services, improved cross-agency collaboration

Housing and Housing Service Needs

Affordable housing

Rental assistance/reduced-cost housing

Housing navigation and application assistance

Safe shelter, transitional, and permanent housing environments

More housing protections

Senior and accessible housing

Eviction prevention support

Housing subsidies

Tenant education

Supportive housing

Down-payment assistance

Housing close to employment

Landlord negotiation assistance

Relocation assistance

Mortgage, HOA dues or foreclosure assistance

Social and Supportive Service Needs

Benefits assistance (CalWorks, SNAP, Medi-Cal, etc.)

Better access to healthcare

Access to healthy food

Mental health and substance use support

Language support

Knowledge of available services

Support for seniors and people with disabilities

Affordable childcare

Case management

Legal services – consumer/civil rights

Legal services – worker/employment rights

Legal services – immigration support

Access to recreation

Nutrition programs

Neighborhood clean-up and safety programs

Economic Self-Sufficiency Needs

Job training

Getting a job

Financial planning and education

Learning new job skills

Access to ESL classes

GED and high school diploma programs

Local hiring

Financing and credit services

Tech access/tech education

Permanent job/career opportunities

Employment coaching

“Working class” jobs

Employer programs

Senior/disability employment

Affordable higher education opportunities

Community Empowerment and Engagement Needs

Cultural events, cultural-based outreach

Community events

Community space

Nonprofit support and capacity

Parking

Community planning

Support for small businesses

Volunteer opportunities

Community meetings and outreach

Accountability

Community engagement and communication efforts

Targeted marketing of services

Community-based neighborhood clean-up efforts

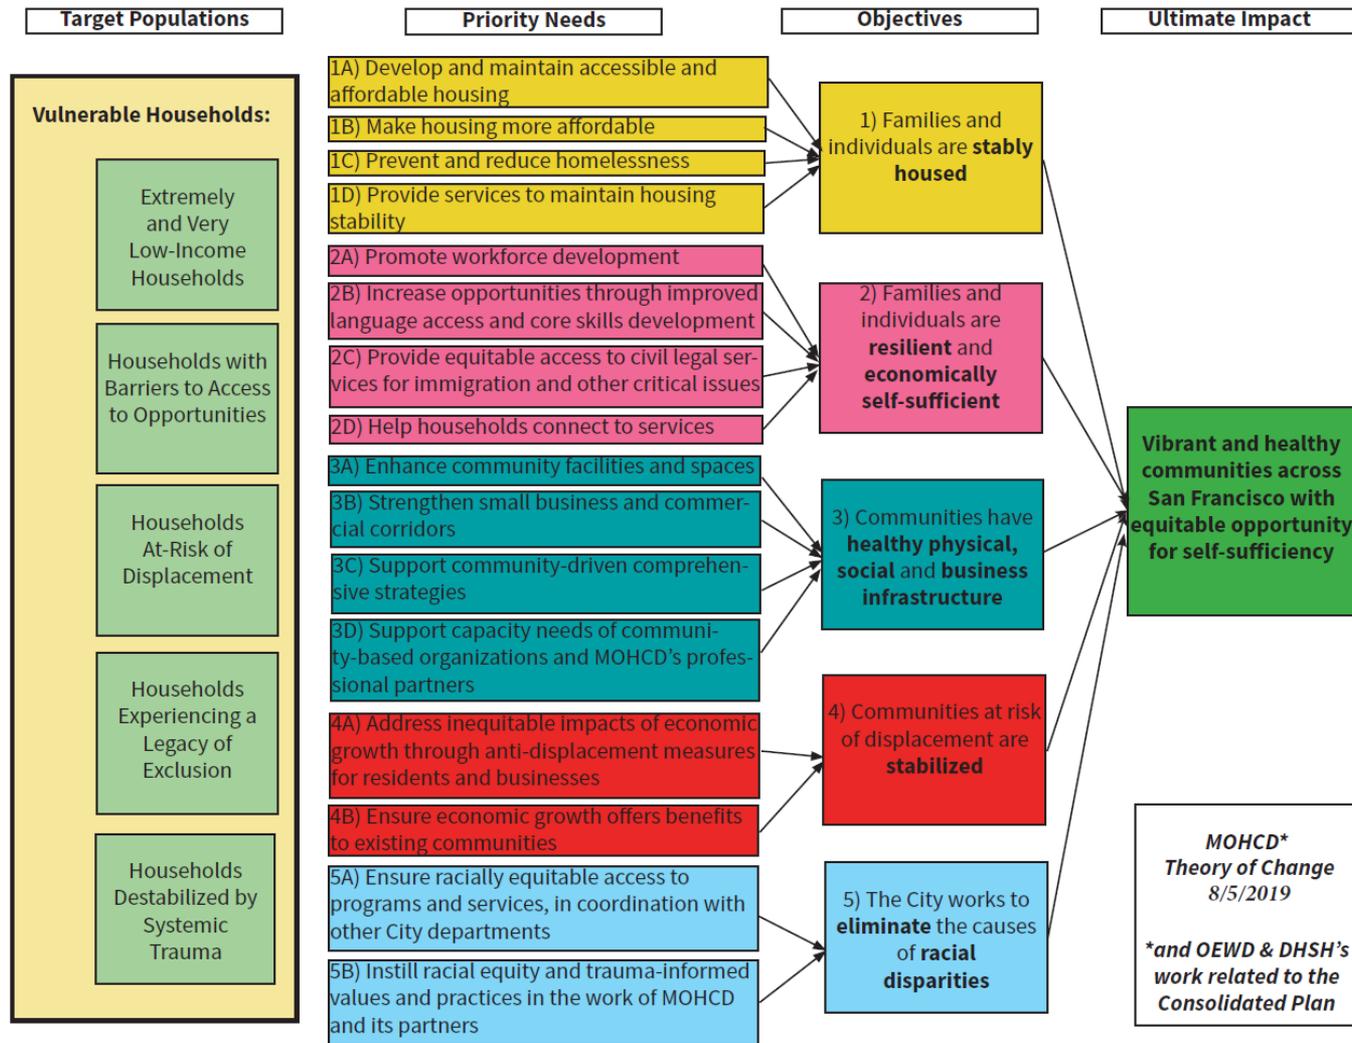

Senior services

Better street and outdoor lighting

Target Populations

Households and families...

- Experiencing a Legacy of Exclusion
- Destabilized by Systemic Trauma
- At Risk of Displacement
- With Barriers to Accessing Opportunities
- Who are Extremely and Very Low Income

Grant Terms & Funds Available

- ~ \$42,000,000 in grant funds
- Proposals were received October 18, 2019
- Grant awards will be setup initially as three-year contracts, from July 1, 2020 through June 30, 2023, with an option by MOHCD for a two-year extension to June 30, 2025

Department of Public Health (DPH)

CITY & COUNTY OF SAN FRANCISCO

DPH Contractors

SAN FRANCISCO PUBLIC HEALTH DEPARTMENT - BUSINESS OFFICE

NOVEMBER 6, 2019

Department of Public Health (DPH) Contracting Update

- To begin, thank you to all DPH contractors and City partners that worked with us over the past two years of contracting, offering help, solutions and appreciated patience.
- DPH is pleased to report that in FY19-20 after a very tumultuous two years we have weathered the storm and are on significantly steadier ground moving forward.
- One of the ongoing challenges facing DPH's efficiency has been the lack of a centralized electronic contracting system, useful to
 - Easily monitor contract certification progress through all the steps
 - Manage key dates systematically, e.g. expirations necessary to plan ahead
 - Provide responses to information/data requests in a timely manner
- We are very happy to report that through a partnership with the Controller's Office, we are working steadily on this challenge and plan to have a system in place by FY20-21.

DPH System Improvements Underway: Contract Management System

OBJECTIVES & VISION : Create a standardized and centralized contract management system across divisions/sections to allow DPH to maintain a profile on each contract, as well as create a workflow that will enable centralized management.

- **Fields System** will use standard fields to name and manage the contracting process. This means we will be after you about continuity in program names.
- **Tracking System** will use standard milestones for tracking the contracting process (and related processes), and record dates and other data according to those milestones (e.g., date funding notification letter sent).
- **Reporting System** will report on contract status in the same way. This will include the components agreed upon in Fields and the milestones agreed upon in Tracking.
- **Workflows System** will have the same basic workflows for approvals and processing of contracts. There may be minimal, necessary variations as the workflows must accommodate the requirements of all units and contracts.
- **Staff Transparency** will be able to both access status information, and be active participants in the contract and related document routing and approval processes.

DPH System Improvements Underway: Contract Management System

SYSTEM COMPONENTS: The final contract management system will consist of the following components

- **Document Storage:** Contracts will be stored and accessible by all DPH staff.
- **Workflows:** Programmed workflows will enable tracking of document processes at each step, thereby allowing for better management and access to information.
- **Reporting:** Data fields will be identified for reporting and tracking purposes

DPH Contracting

For reference, or for new staff, the following power point presentations may be accessed at sfdph.org/CDTA under the category *Meeting Presentations and Training Materials*:

- The DPH Business Office held a “DPH Contractor’s Meeting” on 5/23/19 that covered “what’s new in contracting in FY19-20”.
- The DPH Business Office held a “Contracting 101” workshop on 8/9/19
- Thank you

Human Services Agency (HSA)

CITY & COUNTY OF SAN FRANCISCO

HSA Contracts

- The Human Services Agency (HSA) is the umbrella agency for three Departments
- HSA covers the Department of Aging and Adult Services (DAAS), Office of Early Care and Education (OECE), & the Department of Human Services (DHS).
- Office of Contract Management has 11 contract managers and 3 purchasers.
- 336 grants and 58 contracts, about 237 (60%) are in the DAAS program
- The annual amount is over \$320,000,000.

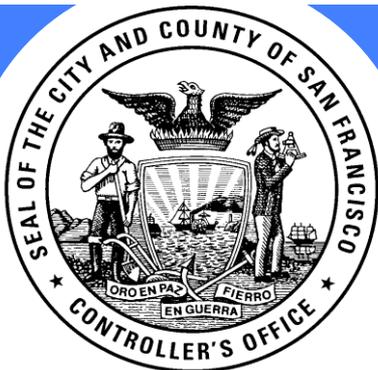

Trainings over the last 18 months

- SOGI reporting – requirement to provide data as part of demographic reporting
- Minimum Compensation Ordinance - initial information from OLSE on the MCO requirements
- First Source Hiring – reminder from OEWD on First Source Hiring requirements for non-profits.

Current actions

- In October, we obtained approval from the DHS and DAAS commissions to provide CODB adjustments to our grants. With the exception of OECE, letters have gone out on the other grants.
- Over the next month, we will similarly review and approve MCO increases. We received the initial calculations from the Controller's Office and will review what needs to be in place. Similar to CODB, we will obtain Commission approvals.

Department of Homelessness and Supportive Housing (HSH)

CITY & COUNTY OF SAN FRANCISCO

DEPARTMENT OF
HOMELESSNESS AND
SUPPORTIVE HOUSING

Contract & Budget Updates

Fall 2019

Equity Analysis

51

• HSH goals are to :

1. Ensure alignment of programmatic resources to achieve greater efficiency, equity, and impact; and
2. Enable HSH to make data-driven decisions about resources.

The results will provide HSH with a framework and holistic approach when making funding decisions.

Therefore, HSH will be holding all unapproved budget modifications and any new requests until the work concludes.

Cost of Doing Business (CODB) & Minimum Compensation Ordinance (MCO)

52

- Please follow up with your assigned Contract Manager to allocate CODB these funds.
 - Programs that have not yet allocated their .5% funds will see a “CODB placeholder” in CARBON as a reminder to submit the allocation to HSH.
- The Controller is planning to release MCO allocations on November 5.

Budget Revisions & Invoice Submissions

53

- As a reminder, the next deadline for budget revisions is December 31, 2019.
 - Please visit the Provider Updates section of the HSH website to review the policy and procedure.
- Please make sure to submit timely invoices, on a monthly basis.
 - Contract Managers are reaching out to providers with overdue invoices.

Expiring Procurements & Agreements

54

- Most agreements with expiring procurement authorities will be renewed using the Emergency Ordinance until a new procurement is released.
 - New procurements will begin in 2021, with the exception of ESG funded programs, which will be procured fall/winter 2019.
- HSH's goal is to continue executing amended agreements before expiration.
 - To ensure we continue to meet this goal, we ask that providers promptly respond to Contract and Program Manager requests.

HUD Continuum of Care (CoC) Funded Agreements

55

- We ask that CoC funded providers submit all final invoices and proper supporting documentation no later than 30 days after the end of the project period.
- Timely submittal of invoices and necessary documentation ensure that we are able to draw down and leverage HUD funding.

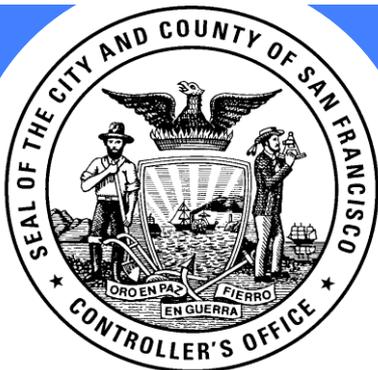

HSH Nonprofit Conference

56

- HSH is holding a nonprofit conference on December 9, 2019.
 - More details to follow soon!

Questions and Answers

CITY & COUNTY OF SAN FRANCISCO

Have a question?

Ask at the microphone or use an index card.

If we can't answer the question today, we'll provide a response following the meeting.

Thank you!

You can email Francisco.Alvarado@sfgov.org with questions.
