

## **AOSD User Flash #310: Citywide Accounting Policies & Procedures - August 2020 Update**

The August 2020 version of the Citywide Accounting Policies & Procedures ("P&P") has been uploaded to the [SF Employee Knowledge Center](#). It is also available on the [Controller's Office intranet page](#).

For your convenience, attached ([click here](#)) is a summary of updates from the previously uploaded version (August 2019). Note that the P&P remains labeled as a draft as we still have significant changes to incorporate in upcoming versions. More specifically, the newly added COVID-19 Section (under Emergency Procedures) remains a work in progress as we continue to respond to the effects of the pandemic. As always, we thank departments for the continual feedback and welcome any comments or suggestions. Your input is pivotal in providing timely updates, whether through P&P releases or User Flash alerts. Thank you.
